QUEBEC WILL PROHIBIT EXPORT OF PULP WOOD.

Special to Evening Telegram. WASHINGTON, D.C., April 13. The announcement that the Province of Quebec by an Order in Council would almost immediately prohibit the exportation of pulp wood from that Province to the United States, was received here with surprise and regret. At the State Department it was said that the prospect of closer commercial relations and of a Trade Treaty with the Dominion was thought to be sufficiently encouraging to deter any of the Provinces from imposing restrictions now. The result of such summary action as proposed would interfere seriously, it is felt, with the realization of the suggested Trade Treaty and might in a measure nullify the good that was accomplished by the closer friendly relations into which the Governments of the United States and Canada have recently been brought. The proposed increase of stumpage dues and license fees for the sake of insuring increased revenue is not questioned, but the intention to prohibit the exportation of pulp wood is regarded in some quarters as closely approaching an unfriendly act. During the Tariff negotiations at Ottawa, and subsequently at Albany and Washington there was some discussion of the pulp wood question, but that matter is understood to have been left for further discussion when the proposed reciprocity between this country and the Dominion, the initial steps of which it was believed would be taken during the coming month. The question of applying the maximum or minimum rates of the United States Tariff growing out of the Franco-Canadian Treaty, it is said, was settled satisfactorily, and at that time it was understood that the Dominion Govern-

ment had no intention of enacting any regulations which would interfere with the exportation of pulp wood, and it was hoped that the same friendly disposition would be shown by the Provinces. That the decision of the Quebec authorities is designed to benefit Canadian labor is the general belief of the Washington officials. Ultimately they think it will result in the establishment of pulp factories in the Provinces thus reducing by so much the manufacture of pulp at American works. However, the amount of pulp wood from the Quebec Crown Lands is not very considerable. Last year the total importation of the United States from Quebec was one million cords of which one hundred and thirty thousand cords were cut from Crown Lands. The Order in Council soon to be issued will not affect the exportation of timber from private lands. There are six thousand square miles of Crown Lands in the Province of Quebec of which American interests lease or rent more than half. An adjudication of the rights under the new order of things will be a question for the State Department to take up.

LABOR PARTY WINS.

Special Evening Telegram. SYDNEY, N. S. W., April 13. Elections for members of Parliament were held throughout Australia to-day. Returns already received assure a working majority for the Labor Party in both houses. The voting was heavy. Intense interest was taken because for the first time a coalition party opposed the Labor Party.

Special to Evening Telegram. MELBOURNE, April 13. The General Commonwealth elections to-day resulted in the complete defeat of Alfred Deakin's fusionist Government by the Labor Party which gained 15 seats.

PASTY FOOD

Too Commonly Used.

The use of pasty cereals is not advisable. A physician says: "Pasty cereals are very indigestible, causing a depressed feeling and quite a train of disorders, particularly of the intestines and nerves."

Cereals, such as wheat and oats, can be cooked long enough and well enough to fit them for human use but the ordinary way of cooking leaves them in a pasty condition.

A gentleman from Evansville, Ind., says:

"My physician prohibited the use of oats and wheat for I was in a bad condition physically, with pronounced dyspepsia."

"He said the heavy paste was indigestible but that Grape-Nuts, being a thoroughly cooked food and cooked in such a manner as to change the starch into a peculiar sugar, could be easily digested."

"I have become very fond indeed of Grape-Nuts and all the uncomfortable feelings have disappeared. I have gained nearly twelve pounds in weight and have none of the distressed, full feeling after my meals that I had formerly. Grape-Nuts food has done the work."

Read the little book "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

AMERICANS STRUCK OFF

Special to Evening Telegram. ROME, April 13. It is announced that the Pope has struck off from the list of candidates for Cardinals all Americans including the Archbishops of New York, St. Paul, Chicago and New Orleans. The Chancellor of the Vatican confirms this, without volunteering an explanation.

ANARCHIST OUTRAGE.

Special to Evening Telegram. PARIS, April 13. A sensation was caused in the Palace of Justice to-day when an anarchist in revenge fired four shots at M. Flory, the President of the Court which found the man guilty a year ago. Flory was not hit and the anarchist was arrested.

CAPE REPORT.

CAPE RACE, To-Day. Wind S. S. W., strong, weather dull. The S. S. Prospero passed west at midnight followed by the S. S. Fiona at 7.30 a.m. to-day. Bar. 29.55; Ther. 50.

FISH TO BE CURED. At the Southern Shore there is still a considerable quantity of fish waiting the proper weather for curing. This is late caught fish, taken last fall and nothing can be done as regards getting it ready for shipment to the city.

Aerial Advertising.

The great attraction for the habitues of Water Street to-day was the appearance in the sky above that thoroughfare of a kite from which was suspended a square of white material bearing the legend:—"The Highest and Best Union Blend Tea." The spectacle was an interesting one and certainly was an original way of advertising his goods on the part of Mr. F. V. Chesman, the agent for the tea here. The ad. was suspended fully 200 feet in the air and was attached to a line running from the roof of the Garland Building.

IS DANGEROUSLY ILL. Master Gus Kelly, son of Mr. W. A. O'D. Kelly, accountant with Mr. W. J. Ellis, is dangerously ill of peritonitis and this afternoon a consultation of doctors will be held as regards his case. He is a bright boy, a pupil of St. Bon's College, and his parents are very anxious as to the outcome of his illness.

REPRESENTS I. C. R. SCHOOLS. We learn that Mr. R. C. Power, of the Sun Life Assurance Co., has been appointed agent in this city for the I. C. R. Schools of Scranton, Pa., in place of Mr. Wallace, promoted to Superintendent at New Brunswick. Mr. Power is eminently qualified for the position and we bespeak for him a successful career.

Optimism of Mr.

Rufus Isaac.

Sir Rufus Isaacs, K. C., the new Solicitor-General, ran away to sea as a boy, and worked on a three-masted sailing-vessel. Experience showed, however, that a nautical life was not quite so pleasant as the story-writers depict it, and young Rufus resigned his position after many tribulations. Eventually, he gravitated to the Stock Exchange, then to the Middle Temple, and quickly came to the front in the legal world.

He tells the story of how, when a member of the junior Bar, he had occasion to visit St. Stephen's and marched boldly through the Palace Yard.

He succeeded in getting past the policeman on duty, who, however, detected him a second or two later, and, overtaking him, confronted him with the question:

"Excuse me, sir, but are you a member?"

"Not yet," was the reply, "but I am going to be soon."

"I hope you will, sir," said the policeman, "but meanwhile, would you mind going round the other way?"

"That 'meanwhile,'" says Mr. Isaacs, "lasted twelve years."

MARSHALL BROS.

M. C. L. I. Dinner.

The annual dinner of the M. C. L. I. was held at Wood's West End Restaurant last night and proved to be a very enjoyable affair. Quite a number of the members of the Institute were present, and amongst the guests were Revs. M. Fenwick, W. T. D. Dunn, F. R. Matthews, C. Hackett, Dr. Curtis and G. Foreshaw; Judge Knight, Messrs. J. J. McKay, F. J. Cross, W. J. Higgins, C. E. Hunt and Mr. Smith of Toronto. The tables were neatly decorated and Mr. R. A. Squires, M. H. A., the retiring President of the Institute, presided. President-elect S. Whiteway and Vice-President-elect Wylie occupied positions of honor at the festive board. The menu was excellent, and after the good things had received attention a comprehensive and interesting toast list was discussed, eliciting fluent and witty speeches. Rev. Chas. Hackett made the effort of the evening in proposing the toast of the M. C. L. I. Mr. S. Whiteway responded in a very eloquent speech. The toast list was as follows:—

"The King"—God Save the King.
"The M.C.L.I."—Prop. Rev. C. Hackett; resp. Mr. S. P. Whiteway.
"The College and Education"—Prop. Mr. I. C. Morris; resp. Rev. M. Fenwick.
"Our Clerical Friends"—Prop. Mr. A. Sojper; resp. Revs. Levi Curtis, D.D.; F. R. Matthews, B.A., and G. Foreshaw.

Recitation—Mr. E. V. Wylie.
"The Land We Live In"—Prop. Mr. Jordan Milley; resp. Capt. A. Keane.
"The Legislature"—Prop. Mr. H. E. Cowan; resp. Mr. R. A. Squires, M.H.A.

Song—Mr. H. Courtney.
"St. Andrew's Literary Institute"—Prop. Mr. Geo. Peters; resp. Mr. J. McKay.
"Our Quests"—Mr. R. S. LeDrew; resp. Mr. W. J. Higgins.

"The Chairman"—Prop. Mr. F. J. Cross; resp. Mr. R. A. Squires.

INSTALLED TELEPHONES.—The City Funeral Director, Mr. M. W. Myrick, has installed the telephone system at his residence, Military Road, also at his factory, Knight Street.

Do You Know Your Ailment

Or is it a complication which can be reached only by DR. CHASE'S KIDNEY-LIVER PILLS.

There is only one medicine that can prove thoroughly satisfactory in complicated ailments of the liver and kidneys, and that is Dr. Chase's Kidney-Liver Pills.

They begin by regulating the bowels and awakening the action of the liver, thereby effecting a thorough cleansing of the excretory system. By thus removing the poisons from the system they lighten the work of the kidneys and gradually restore them to health.

Nobody who once learns of the definite and certain action of Dr. Chase's Kidney-Liver Pills in regulating and invigorating the kidneys, liver and bowels, is willing to take chances by experimenting with other medicines.

Such ailments as biliousness, constipation, chronic indigestion, liver complaint and kidney disease yield readily to this treatment.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cts. a box, at all dealers, or Edinsson, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipes.

The Drink Bill.

There was a time not so very long ago when our Colony had an unenviable reputation for hard drinking. We used in these bad old days to consume about forty dollars a head of liquor, now we are come down to the best record probably of any country is 2-5 of a gallon, only forty cents per head as consumers of intoxicating liquors. In giving those figures I make an allowance for smuggling. This complete reformation is due to the work of the churches, the Salvation Army and the enthusiastic active energy of our various Temperance workers. The drink bill as given below is something awful.

Germany's Drink Bill.

A writer in the current number of the Reichsarbeitsblatt estimates the annual cost to Germany of the alcoholic liquor consumed by her people at nearly £150,000,000.

The entire annual cost of the alcoholic liquors consumed in Germany thus amounts to something like 3,000,000 marks, or, as the writer points out, more than twice the combined cost of the army and navy, more than four times the cost of workmen's insurance, and about five times as much as the total outlay for public elementary education.

NATIONAL DRINK BILLS COMPARED.—"The national drink bills of Great Britain and Germany may be compared—working on the above figures for the German consumption—as follows," says the Mail:—

Britain.	Germany.
1907.	Average 1904-8
Total cost, £167,016,200	£142,976,900
Cost per head . . . £3 15 9	£2 4 8
Consumption (in thousands of gallons).	
Spirits 40,037	54,320
Beer 33,786	1,642,460
Wine 12,341	81,928

"The expenditure in Great Britain, however, fell by nearly £6,000,000 in 1908."

Only One "BROMO QUININE" that is **Laxative Bromo Quinine** Cures a Cold in One Day, Crip in 2 Days

St. Bon's L. A.

At the regular quarterly meeting of the St. Bon's Ladies' Association, held at the Aula Maxima of the College last evening, the reports of the Secretary and Treasurer that were presented showed that the finances of the Association were in a prosperous condition. Lady Morris, who presided, announced that a Fancy Fair in aid of the College would be held on April 27th. Votes of thanks were passed to the ladies who so successfully conducted the Easter dance, also to President Goodland and other officers of the N. B. S. for acts of kindness. A vote of sympathy was passed to Mrs. Keegan and Mrs. Edens on account of the death of their father, the late W. P. Walsh, Esq. A special effort will be made to increase the membership and if possible to enroll every eligible woman in Newfoundland. During the evening tea was served by Lady Morris.

Parnellism and Crime.

Nationalists Press for Inquiry Into Anderson's Conduct.

Special to Evening Telegram. LONDON, April 13. The Parliamentary debate on Premier Asquith's veto resolutions which will close to-morrow has been somewhat overshadowed by the interest excited by the revelation of Sir Robert Anderson's share in the political events of 1887, and the determined efforts the Irish members are making in the House of Commons to secure a Government investigation of the affair with a view of depriving Sir Robert of his pension of £4,500 yearly on the ground that his action was a breach of official confidence. Sir Robert has admitted the authorship of the famous "Parnellism and Crime" series of articles which appeared in the Times in 1887, and which culminated in the publication of the Piggott forgery.

The Guy Monument.

By last night's train we learn that the work of laying the foundation for the Guy Monument at Cupids is now in progress. Quite a number of men are engaged at the concreting and their task is being done thoroughly. A flag pole 100 feet high in two sections has been erected, and from this a mammoth Union Jack presented by the Terra Novians of Toronto will be flown. The people are going into the celebration with ardour and enthusiasm.

An Eye Sore.

Editor Evening Telegram. Dear Sir,—I would call the attention of the Municipal Council to the old wooden steps on the Mall, near the entrance to Government House. These old steps have done duty for many years and are now in a disgraceful condition and should be replaced by concrete with a handsome railing, as they are in the vicinity of the churches and State buildings and should be made worthy of the surroundings of the place. Further comment is unnecessary.
