CHAPTER I.

TRAILING THE HAT TO THE HATTER.

HOLMES: "Watson! here comes a prospect who

WATSON: "I'm sure I can't say much. He looks

HOLMES: "Quite right, my dear Watson; but surely

deduct from his appearance?"

and a man of decision."

seems to be seeking our help. What do you

like a business man to me: probably a banker,

that isn't all. Observe his hat. There is much

to be learned from the hat a man wears. I in-

tend writing a monogram on the subject one of

these days. It is one to which I have given in-

tensive thought and study. Our man seems to be a free and easy sort of individual, accustom-

ed to take life as it comes; note the debonair

way the hat is tilted on his head. Precise and

accurate; see how nicely the dent is made, ex-

tending almost three-quarters the side, yet not

broken or irregular; certainly a neat person.

Critical and conservative, the shape he wears

is an established one, not freakish or extreme.

Good judgment, shown when he selected the

style that suits him admirably; see how finely the brim is curled, agreeing with the contour

of his face. A man of means and one who

chooses good clothes wisely; the hat is an ex-

pensive hat-a Bond Street product; note how

wonderfully preserved the colour, though worn

a long while, proven by the state of the inside

band when he saluted that lady, yet the outside

hasn't changed. Yes, that hat he wears is a

superiority. Let your judgment be as good.

250 qtls. green fish only. The catch throughout the coast I do not think has been so great as last year, and to the southward we hear they have done very poorly indeed. I am rather inclined to think that fish will not be Your business here is in a fair way of becoming more and more extensive. me of Mr. Garland's dealers are offering themselves. Hant's Harbor, I find, will not answer for vessels to go to so well as I expected when wrote No. 6, and perhaps we may find Catalina and Trinity afford sufficuent room for extension. In hopes the Alpha has not met with any unpleasant circumstances (if she called or Messrs. McMahon & Foster at Oporto) WM. KELSON.

Trinity, October 19th, 1814. Mr. Robert Slade, Sir,—This goes by the schr. Mary, Capt. Pattick, for St. John's with 680 qtls. merchantable fish and 100 bundles hoops, the former caught and collected at Catalina and which I should not have sent off for St. John's had the weather been favorible since the schooner's return here. It having been continually wet and the season fast advancing, I judged it best to dispatch her at once instead of waiting chantable fish and shipping Maderia in order to prevent as far as possible Messrs. Hart & Robinson for paynent of our long account with them, tled and the weather permits I shall a ful cargo of Madeira. I have the pleasure of advising you of the safe 15th inst., with 198 hhds. salt, which averages exclusive of freight, insurance, etc., 11/6 per hhd. I think I From Out the Storied Past.

Storied Past.
