Absolution for Babe Ruth.

PRODIGAL TAKES UP THE CLUB AGAIN.

New York, May 19. (Associated Press)—His penance all performed, Babe Ruth the prodigal son of sweet takes up his bludgeon again tomorrow, weather permitting, as the New York Yankees open a long home series at the Polo Grounds with Kenneth Williams, the Ruthless Lochmivar from out of the west, trying to make his 1920 Metropolitan debut the beginning of a fade-out for George Herman. Since he has heard of the ball-slumping prowess of Williams, since he has been shown, that the Yankees are more than a "one-man" club, since he has found that Commissioner Kenesaw M. Landis means to enforce the rules and since he has discovered what it means to be allowed to play, it is reported that Ruth's uniform, including his cap, fits better. But regardless of the intrepidity of Mr. Williams, who seems intent upon galloping past the Babe's high-water mark of 59 home runs for last season; regardless of the fact that Ruth has a "record" as a baseball slapper, if one there was, would term it, the Crowned King of Klonters is still the pride of the Harlem and the biggest baseball drawing card the world has ever known.

WILL PLAY THE GAME.

In the view of many fans the attitude that Ruth has displayed since receiving his "sentence" from Commissioner Landis, the quiet manner in which he has conducted himself, his willingness to "play the game" and his apparent determination to make up for lost time—all of this will bring as many people to the ball yards to see him this year as did last. According to those who have the Babe's confidence he has been elevated over the first pace over the Yankees have set without him in the line-up and now that he knows that he is still a trifle more valuable as a magnet to the box-office than as a counter in the total scoring he will attempt more than ever to be more of a first-class baseball player and a more diligent purveyor of satisfaction to fandom in general. Ruth's appearance in the line-up tomorrow, will mark his first appearance in a league game this year, 38 days after the opening of the season, and with one-fourth of the season gone, necessitates Ruth slugging out at least one homerun at least every other day and three on one day to surpass his record of last year.

BANISHED LAST FALL.

The Babe was banished last fall by Commissioner Landis together with Bob Meusel, another Yank whose achievement of getting 24 homeruns last year is seldom thought of, for playing an exhibition game with the Buffalo International League team after the World Series had ended, in violation of the rule that prohibits World Series players from indulging in such exhibitions. Not only did Ruth and Meusel violate the rule but they did it after Commissioner Landis had personally talked with Ruth and told him what would happen in case the rule was violated. After the conversation Ruth expressed his determination to flout the Commissioner, and Landis, meeting the most severe test of his baseball career, foreshadowed what his decision would be by saying: "It will be a personal issue between Ruth and me to determine which man is bigger in baseball." With the 38 days suspension over it looks to baseball fandom as if Landis is convinced that Landis is the bigger and that Ruth also is convinced. As soon as he had flouted Landis he was sorry, but he "had gone and done it." Full of remorse and forebodings, Ruth hopped back to New York, swore repentance and took a rest. Soon the Landis decision came along and Babe became quiet. Until Colonel Huston, part of the Yankees, found him at Hot Springs, and got the Babe to sign a five-year contract calling for between \$75,000 and \$100,000 a year, \$25,000.

THE GREATEST HITTER OF ALL TIMES.

Babe went to the training camp with the club and played in the exhibition games enroute home and at home, but when the Club opened in Washington Ruth sat on the grandstand, like President Harding. Since then he has practiced off and on, read the papers, travelled a bit, played golf, undergone a minor operation, and become glum and downcast, anticipatory and happy. He dons his uniform again tomorrow, "better ballanced" as Commissioner Landis, who is now his very good friend, would say. Ruth, unquestionably the greatest hitter of all time, has batted out 75 homeruns in the last six years. He scored four in 1915, three in 1916, two in 1917, 11 in 1918, 29 in 1919—breaking the then world's record, 54 in 1920, and 59 last year—a total of 133. His homerun hitting has become so prolific that it was suggested last season that he be handicapped by being allowed only two strikes or to bat only with one hand. Few expect that he will come near equalling last year's mark, let alone establish a new record, considering that one-fourth of his playing time for the year is gone, although on May 20 last year, Ruth had collected only 12 circuits.

J. BERTRAM SIMON, well-known photographer, of Tacoma, Wash., who says that since taking Tanlac with such good results he now knows why everybody is praising this wonderful medicine.

"When they told me about Tanlac it seemed almost too good to be true, but since taking the medicine I know for myself that all they said about it was so," said J. Bertram Simon, 1031 E. 46th St., Tacoma, Wash., a well-known photographer.

"I suffered from rheumatism in my shoulders for ten years and at one time had to go to the hospital. I was down in bed for three months and hardly able to turn from side to side. I couldn't sleep and I don't believe I had a day free from pain. My appetite failed and I couldn't digest a thing properly. Gas made me have heartburn for hours after meals.

"In a very short time after I started taking Tanlac I actually felt like a new man. I am now entirely rid of rheumatism and my stomach is in first class condition, while I have gained ten pounds and never felt better. I have recommended Tanlac to a number of people and I am always glad to say a good word for this remarkable medicine."

Tanlac is sold by all good druggists.

smashes, approximately one-fifth of his total in one-fourth of his time. His attempt, however, will supply interest for the lagging period of dog days.
