DELEGATES.

MONTREAL, April 17. (Special Ottawa despatch to the Evening Star.)—The Soviet delegates, which came recently to Ottawa to secure Government approval of its mission for development of trade between Canada and Russia, was back here yesterday afternoon on a somewhat different errand. Its members were asked to do this explaining and the process is in progress. It appears the authorities going through cases which addressed to the delegation were to be private libraries, discovered by large proportion of Bolshevik propaganda literature. Some in an attempt to Christ and the Christian another part is in derision of Government. Those who seem the samples declare them peculiarly lurid "Red."

A BELLICOSE ATTITUDE.

TOKIO, April 17. The Terom Choho, an afternoon paper representing the Jingoes, came editorially today that the Japanese exclusion legislation was a challenge to Japan. It said the nation must prepare for war, even war. The demands immediate resignation of the Ministry.

FEELING OPENLY EXPRESSED.

TOKIO, April 17. The Japanese Exclusion Bill is law by the United States, we feel that the Americans are in our faces. Saito, Japanese Ambassador here, declared today that he was a member of the Pan-Pacific Club. An American speaker, Viscount Shidzuwara, declared that he was a member of the United States Congress. He has tempted him to revert to "Americanosopia" of his youth. He recalled the wave of anti-American feeling which swept over the country on the occasion of Commodore Perry's visit. Viscount Shidzuwara, then fourteen years of age, was then fourteen years of age and became an ardent supporter of the Japanese-American friendship, "now seventy years later," he declared, "I am tempted to that temptation, I am still a member."

RELATIONS THREATENED.

TOKIO, April 17. Beginning on April 26th, nearly the whole of Russia will go on a full week's holiday after a lengthy dispute over the calendar. The Russian

Orthodox Church and Holy Synod civil authorities have fixed the date of Russian Easter as April 26th to April 28th. As the first and second of May are also holidays and the fourth is a Sunday, trade unions have decided to permit workmen to abstain from work for eight days. No public anti-religious demonstrations will be held this Easter by the young communists, who have resolved to confine their campaign to shows, lectures and theatres for a fortnight, in the effort to keep the younger generation from church.

BLOODLESS OPERATION IN CANCER CASES.

CHICAGO, April 17. A radio knife, which may render virtually bloodless operations for cancerous growths, was demonstrated here yesterday by Dr. L. E. Schmidt, who performed two operations with it. A low power radio transmitter is used to generate the current. A knife which resembles a knitting needle, forms one terminal and a sheet of tinfoil, on which the patient lies, forms the other terminal. The human tissue, offering resistance to the current when the knife is applied, causes generation of heat. The knife burns itself through skin and muscles quickly and without pressure. Very delicate operations are possible with the instrument, Dr. Schmidt declared.

FIRST ARRIVAL AT QUEBEC.

QUEBEC, April 17. The first steamer of the season to dock at Quebec, was the collier Alfrdale, from Sydney, N.S., which arrived here this afternoon at four o'clock with a cargo of coal destined for the Dominion Coal Company.

WINNIPEG'S BIG STORM.

WINNIPEG, April 17. With a blizzard of midwinter proportions raging in Winnipeg and district, the storm, which began last Tuesday with mild drizzling rain, sleet and snow, reached its height today. It is the first severe storm of the whole winter season and incidentally the heaviest April snowfall in the history of the city. "Black north winds swept the district for the past thirty-six hours piling snow drifts, and for the first time, this season, the electric car company have been forced to use snow plows.

BANDITS IN ST. PAUL.

ST. PAUL, Minn., April 17. Three bandits held up a postal clerk and a messenger at the Chicago Great Western Depot at South St. Paul today, and escaped with five pouches of mail containing \$35,000 in currency and other registered mail. The robbery occurred at the Chicago Great Western Station, just after the train had unloaded the five pouches, one of which contained at \$50,000 payroll for the Armour & Co. South St. Paul plant. As the pouches were loaded into a truck, the bandits drew up in an automobile, two sprang out with drawn revolvers, forcing the two postal employees to surrender the bags.

ONTARIO INVESTIGATIONS.

TORONTO, Ont., April 17. Although the Public Accounts Committee of the Legislature finished its sessions today, Premier Ferguson announced that the House would carry an investigation into all Government Departments. If criminal actions were necessary, he said, the Government would not hesitate to indict them. The Committee reported to the House evidence taken before it during its eighteen sittings, and made several suggestions and recommendations.

SUSPECTED MURDERERS COMMITTED FOR TRIAL.

MONTREAL, April 17. Serafini and Niero, the two suspects arrested after the Bank messenger robbery and killing of two men, a few weeks ago, were today committed for trial on a charge of murder.

the fishery the coming season. I notice one item in the list you quoted on the 12th inst. I refer to Hard Bread. I understand that one bag of Bread of 112 lbs. including Sales Tax costs about \$8.45, and one barrel of flour on the barrel of four, Labrador fish-

ing schooners, I understand, will take on an average about four bags of bread for the season and about seven barrels of flour. So that the bag of bread is costing the consumer much more than the barrel of flour which is equivalent to one and a half bags of bread. Is it not time for the baker to reduce the price of Hard Bread?
Yours truly,
RIGHT.
