This is specially addressed to the young men who are following the trend of style especially as regards trousers. If you want the bell bottom trousers, with or without cuff, here is the place to get them; we are making and have made recently some splendid examples of this style. ## Papers Worth Filing are Worth SAFE-FILE

You cannot go to your files and say with certainty "This record is going to be valuable," or "That record is going to be worth a lot of money." Yet, you keep those papers—all of them.

And the days after the fire are the days when you will need them most.

The SAFE-FILE is not "just a file." It is a new product—distinctive and different from anything now made. As its name implies, it is both file and safe—a file in its convenience and economy—a safe in supplying much needed protection.

While new as a product, its principles of construction are those of the SAFE-CABINET, proven by fires and research of many years.

There is no record worth keeping which you cannot now protect, properly, efficiently, and economically.

The price of the SAFE-FILE is surprisingly low—very little more than you are now paying for ordinary files.

Get more SAFE-FILE information today. Write to THE SAFE CABINET COMPANY, Marietta, Ohio or phone

Such a sudden change is dangerous to people subject to throat troubles. Children especially, are liable to contract serious throat affections now. ## Why, of Course

If you want GOOD Clothes go to a GOOD Tailor. There is where you get good material, good fit and Clothes that look as if they were made for YOU, and not for the other fellow.  
The Ready-to-Wear! Yes, of course. They were made for the one who buys them, very seldom for the one who fits them.  
But be careful and go to a good tailor. It's cheaper and better.  
SPURRELL'S are good, reliable tailors, and you make no mistake in going there.
