BY THE CASE OF MRS. HARRISON,

SHE WAS COMPLETELY RUN DOWN-RACKED WITH PAINS IN THE BACK HEAD AND LIMBS - AGAIN REJOIC ING IN GOOD HEALTH.

From the Sun, Orangeville, Ont.

Many cases are constantly being brought to light of persons being cured by that wonderful remedy-Dr. Williams' Pink Pills-after doctors have failed to be of benefit. Among them may be noted the case of Mrs. Benjamin Harrison, a well known lady who resides in the near vicinity of Orangeville, Out. A reporter of the Sun hearing of Mrs. Harrison's wonderful cure called at her home to inquire into the facts of the case. Mrs. Harrison said she was pleased to be able to testify to the great curative powers of these pills. She said : "For some years I have been a constant sufferer. Just what to call my disease I do not know; even the doctors were unable to diagnose it. I was completely run down. I had racking pains in my head, back and limbs. I was unable to secure sound sleep, and on arising in the morning would feel as tired as before going to bed. My stomach was in a bad condition and the least movement caus ed my heart to palpitate violently Doctors treatment failed to be of benefit to me and I was in a very discouraged state when a friend advised me to try Dr. Williams' Pink Pills. Thinking that they might relieve me a little I procured a supply and began taking them according to directions. From the first I could see that they were helping me, and by the time I had taken half a dozen boxes I was free from the ailments that had made my life miserable. It is now several years since I took the pills and not the least sign of my old treuble has since shown itself. I would strongly urge the use of Dr. Williams' Pink Pills for any person who has a weak or run down system and I am sure they will not fail to be beneficial."

To those who are weak, easily tired, nervous, or whose blood is out of condition, Dr. Williams' Pink Pills come as a blessing, curing when all other medicines fail and restoring those who give them a fair trial to a full measure of health and strength. Sold by all dealers in medicine or sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

STORM KING ON THE RAMPAGE

Houses and Barns Levelled to the Ground in Its Fury.

Around Dumbo the Sight Was a Remarkable Sight, Surpassing Anything Known to the Oldest Inhabitants-From Toronto to Penatanguishene and Wiarton Felt the Dire Effects-Narrew Escape of Several Children.

Dumbo, Ont., June 24.-A cyclone passed immediately north of this place Saturday night at 6.48 o'clock, taking everything in its path. It was a remarkable sight. None of the oldest inhabitants have seen anything like it. Fences and trees were thrown into the air sky-high. The residence of James Gatten, lot 14, 7th concession. Blacksim 19. residence of James Gatten, lot 14, 7th concession, Blenheim, was wiped entirely from the ground. Mrs. Gatten escaped by running away, and Mr. Gatten jumped into the cellar. The next residence was Mr. Foe's, lot 12, same concession. The entire upstairs of his brick residence and barns were wrecked, but no one was hurt. Several fine barns and residences had narrow escapes. Farther dences had narrow escapes. Farther ences had narrow escapes. Farther on another barn went into the on another barn went into the air, which is supposed to belong to Jas. Cowan. There is great damage to fences, orchards and crops. The people of Dumbo village are devoutly thankful for their narrow escape.

A meeting was held at 10 o'clock Saturday night and special arrangements made for immediate aid to the sufferers.

Children Narrowly Escaped.

Penetanguishene, Ont., June 24 .-One of the most severe storms in years of wind, thunder and light-ning, with hail and rain, passed over years of wind, thunder and light-ning, with hail and rain, passed over this place Saturday afternoon. Four children in James Wright's house on the Ordinance Reserve were struck. One had her shoe torn off her foot. Two were C. A. Nettleton's children and two of Mrs. Wright's. A dog, which was lying between them, was instantly killed, and the chair on which one of the Nettleton children sat was smashed to atoms. The house took fire, but the fire was extinguished before much damage was done to it before much damage was he Ordinance Reserve were

Both Ends Are Still Winning, According to Reports.

As Soon as One Side Says One Thing the Other Side Follows With Its Opposite -President Wilson Admonishes the Men to Stand Firm and Assures Them They Will Win-Mr. Timmerman Says Track Is Properly Patrolled.

Toronto, June 25 .- Yesterday saw Toronto. June 25.—Yesterday saw no change in the situation of the Canadian Pacific Railway trackmen's strike. The men in Toronto are still out, and look forward to winning the fight. The officials say that many of the trackmen have gone back to work, and that the entire system has not as yet been affected by the men going out.

The reports given out by the strikers and the officials yesterday were as conflicting as ever. As soon as one

is conflicting as ever. As soon as side heralds a sign of victory, it is epudiated by the other, and so it has been since the strike started. The strikers claim that from Foronto to Montreal no men are working.

Chairman Wilkinson of the local
Strike Committee received a letter
from President Wilson, stating that prospects for winning were neve orighter, and urging the men to until there was a se heir favor. President main out until there was a settle-ment in their favor. President Wil-son expressed himself as being proud of the attitude of the strikers in this

Mr. Timmerman's Assurances.

The story of the men that the track was not properly patrolled was denied by General Superintendent Timmerman. He declared that re-ports received by him were to the effect that the tracks were being effect that the tracks were being properly looked after, and that ever day strikers were returning to their duties. Mr. Timmerman also denied the statement of President Wilson that the bridgemen had joined hands with the strikers.

No Change at Winnipeg.

Winnipeg, June 25.-The C. P. R. rike situation had no new featur. struction had no new features yesterday. The men say that there has been no word from Montreal regarding any move in the matter, and that they will not return to work until such order comes. The company, on the other hand, state that they have enough men to keep the track in good order. In fact, Mr. Leonard states that on Superintendent Ame's ivision there are more men than he knows what to do with knows what to do with. A report was received from Revelstoke yesterday morning that the men on that section had all quit work, and that there was not a man to be had by the company. It is on this section and through the mountains that the company have most to fear from the track not keeping in good condition.

The railway authorities here. being informed of the report that the Imperial Limited west-bound is be-ing held at Calgary, say that there is no truth in the statement, and at trains are running through, and lelays west of Calgary have been only temporary. The track, affected oy a small washout due to the rain of Sunday, will be repaired in a few

On its Last Legs.

Portland, Me., June 25.—The strike of trackmen on the Maine Central is reported to be on its last legs, and Wilson, the organizer from St. Louis, Mo., has been called by the trackmen committee to Port-land, to see if he can get any con-cessions. He is expected here Thurs-

The Last Rail Laid

St. Thomas, June 25.—The laying of the track on the extension of the L. E. and D. R. R. from Ridgetown to St. Thomas was completed, and the last coupling made on Saturday at 6.20 p.m., about a mile west of the Kettle Creek Ravine. This gives a new steel band between the city and Walkerville on the Detroit Riv-er, and also through the Erie Huron branch, with Sarnia. The whole will be in operation in a few days. A mile and three quarters track was laid on Saturday.

The Deputies Had to Flee. Huntington, W. Va., June 25.— Yesterday a posse of Deputy United States Marshals, headed by A. C. Hufford of Bluefield, were fired on by the strikers, and forced to flee from the coal fields at Mateawan. A lot of strikers, almost a thousand of strikers, almost a thousand strong, have crossed over to Kentucky, and are occupyinh strong

THE WIRE NAIL INDUSTRY.

German Catholic Priest Founded

It was in Covington, Ky., that the first wire nails were made in America. In 1875 Father Goebel was pastor in charge of St. Augustine's Catholic church in

Before he came to this country from Germany he had seen Frenchmen and Germans hammering nails cut of wire. When he had established himself in the ministry at Covington, he opened a forge in an old outbuilding standing in a brickyard. He started the making of wire nails, first by hand, and gradually one improvement after another came to his mind and was carried out until the nails mind and was carried out until the nails made were more useful and could be made more cheaply. Soon after he began he improved upon the old nail by cutting barbs in its sides, and by this they were made to hold more firmly. Then to accelerate his work he made a die, into which he slipped the wire, that had been cut to proper lengths, and while resting cut to proper lengths. which he shipped the water that resting on these dies the head was pounded on the nail. On an anvil he hammered on the point, and the barbs were cut in the sides by hand. It was the nail that is made today, but the production was so expensive that it was impracticable for ordinary use.

It was about this time that the French introduced a machine the

introduced a machine that would do what Goebel was doing by hand, and as soon as the latter heard of it he imported one of these machines. The introduction of this machine was the real beginning of the wire nail industry in this country on a large scale. It was a second to the second that the second t the wire nail industry in this country on a large scale. It was a queer machine when it was received, but the principle was right, and the great machines that today turn out hundreds of thousands of nails a day are constructed on identically the same plan. It was operated by hand, and the speed was 60 nails a minute. Goebel attached a flywheel, geared it to steam and by other improvements increased the machine's speed to double this capacity, which was as many as 20 or 30 men working by hand could produce. This was the "single header" machine, making one nail at each stroke, and this machine produces with its present improvements as high as 415 nails a minute, while the double headers, producing two nails at a stroke, turn out from 550 to 600 a m'guite or a text of 2000 ing two nails at a stroke, turn out from 550 to 600 a minute, or a total of 30,000 an hour.
