MY ANTED-GOOD GENERAL SERVAVT

Consumers paying lawn rates are allowed to use water for lawn sprinkling from 6 to 8 o'clock p.m. on Saturday, 22nd inst., but not again until further notice. By order, O. ELLWOOD, Secretary.

MARK IT WELL

A Development Peculiar to the Present Generation Dangerous and Often Fatal.

As each generation comes and goes it is marked by changes, developments and discoveries unknown to its predecessors. From a physical standpoint, one of the most to be dreaded condi-tions, and peculiar for its rapid increase during the present generation, is when the mind labors under the delusion of persecution, continual restlessness, pain in the back and head, twitching of the muscles of the face and hands. furred tongue, breath foul and heavy, nausea and further indications of stomach trouble. There may be delirium, convulsions, or sinking spells. Medical authorities apply different names to the conditions that are unintelligible to the average reader. The actual facts are the demoralized and dangerous state of the system is due to the accumulation of "Body Poison" in the blood that should and would be thrown off by the Kidneys if in a healthy condition. In order to restore health, strike at the root of the disease with Chase's Kidney-Liver Pills, the only medicine known that will control the changes going on in the Kidneys, enabling them to furnish for the whole system blood free from disease-breeding polson, building up the shattered condition of the nerves and relieving mental depression.
