JAPAN AND FRANCE WILLING TO INVITE BELGIUM AND HOLLAND

Other Powers Are Expected To Give Their Assent Also.

WASHINGTON, Sept. 12.—Japan and France have formally given assent to the United States proposals that Belgium and Holland, because of their large interests in the Orient, be invited to the conference on limitation of armaments. Favorable responses from other powers are expected at the state department within the next few days, but no formal invitations will go forward to the Belgian and Dutch Governments until there is unanimous agreement on the subject. While these negotiations are proceeding state department officials are feeling out the attitude of the other participants on what subjects are to be considered at the conference. The British ambassador, Sir Auckland Geddes, conferred with Secretary Hughes today, and it is understood the problem of framing a conference program was discussed, although there was no indication that the embassy had received detailed instructions from London or that the secretary had formulated any definite proposal on the part of the United States Government.

Conferences of a similar nature have taken place between Mr. Hughes and other ambassadors, the intention being to keep the negotiations in an informal phase until the views of all the interested nations have been more or less clearly defined.

PARDEE WILL LIKELY RUN IN LAMBTON

SARNIA, Sept. 12.—Activity started today in the various political camps in the Imperial City, and chiefs of the Conservative, Liberal and United Farmer parties are now actively engaged in preparing for the general election. Leaders of the Conservative party announced that they would likely name their candidate during the latter part of the week.

It was stated by Liberal chiefs that they were naming their candidate, and Pardee, M.P., but as yet no official announcement has been made. It is rumored that Mr. Pardee may not seek reelection.

The United Farmers are busy grooming their candidate, and it is expected before the week-end the regular pre-war election campaign will be under way in both East and West Lambton.

WINDSOR COUNCIL DECIDES TO FIGHT SERVICE CHARGE

Will Test Right of Company To Collect Extra Dollar.

[Special To The Advertiser.] WINDSOR, Sept. 12.—Natural Gas Referee Henderson came in for another "punning" tonight, when the city council decided to storm the referee's office at Chatham on the 29th. Acting mayor and all members of the council with the city solicitor and city engineer will journey to Chatham in an attempt to induce the court to cancel the service charge of \$1 a month.

Ald. Mitchell, in answering the charges of Ald. Hooper, that the municipalities had not placed their case before the referee in a proper way, asserted that had the referee "been on the job" no such price would have been allowed the companies.

Not in Evidence. "The price was struck," Ald. Mitchell declared, "not on the evidence given, but on what the referee believed the public would stand." The council near midnight authorized City Clerk Miss Martha Dickinson to refuse the payment of the service charge of \$1 a month on all city bills. The council, by taking this action, means the province must work along indefinitely, because there seems to be no disposition on the part of the referee to "settle" as demanded by Mr. Raney.

SOCIALIST CANDIDATE CHOSEN. VICTORIA, B. C., Sept. 12.—W. A. Prichard of Vancouver, formerly secretary of the Socialist party of Canada, has been chosen as Socialist candidate to contest the forthcoming federal election in Nanaimo constituency in the interests of the Socialist movement. Fiance of Dead Actress Will Press Prosecution

Attorneys of Fatty Arbuckle Declare He Is Innocent of All Charges Made Against Him—Many Theatres Are Temporarily Withholding Plays.

NEW YORK, Sept. 12.—Henry Lehrman, motion picture director, who was engaged to marry Miss Virginia Rappe, the film actress for whose death Roscoe Arbuckle is held in jail in San Francisco, today said he would devote every moment he could spare from his business to pressing the comedian's prosecution.

Mr. Lehrman said he would supervise funeral arrangements after the inquest in San Francisco Thursday. Miss Rappe, he said, had no near relatives. Burial will be in Los Angeles.

DECLARE HIM INNOCENT. SAN FRANCISCO, Sept. 12.—Before an inquest into Miss Rappe's death began today, Arbuckle's attorneys issued a statement asking the public to withhold judgment until the court has rendered its verdict. The statement says in part:

"With a full knowledge of our position as attorneys we assert that Roscoe ('Fatty') Arbuckle is innocent of any and all charges made against him in connection with the death of Miss Virginia Rappe; and that the courts of California will sustain our confidence in his innocence.

"We appeal to the conscience and the heart of the American public to hold in abeyance any judgment until the courts have determined upon the guilt or innocence of our client. We, the attorneys, have complete knowledge of all facts, know that he is innocent.

"The patrons of the silent drama, having a knowledge of the smiles and the heart of 'Fatty' Arbuckle will not believe he is guilty of the charge made against him until proved in a court of justice."

The manager of the Hotel St. Francis, where Arbuckle had his suite, was ordered today to appear before the district federal prohibition enforcement officer to be questioned regarding the liquor said to have been consumed by the Arbuckle party.

FILM IS CANCELLED. LOS ANGELES, Cal., Sept. 12.—The latest film production featuring Roscoe ('Fatty') Arbuckle, held in jail in San Francisco in connection with the death of Miss Virginia Rappe, was cancelled last night at one of the largest local motion picture houses. The film had been showing all last week, and last night was to have been its final appearance.

The owner of the theatre declined to comment upon the cancellation. No Arbuckle pictures were advertised by any local theatres today. At the Famous Players-Lasky Corporation, Film Exchange, distributors of Arbuckle pictures, it was stated that the film had been cancelled.

RAIN AND SNOW GREATLY DELAYS GRAIN-CUTTING Grades May Be Lowered As Result of Western Storms.

WINNIPEG, Sept. 12.—(By Canadian Press).—Harvesting in Western Canada has been held up by rain and snow in most districts and it will be generally towards the end of this week before the harvesting is resumed. Prospects today are for fair and cool weather with a tendency towards moderating. Details of the situation in each province are given in the weekly report of the Canadian Pacific Railway.

Heavy rainfalls in Manitoba have caused delays of three days a week in thrashing, it is reported, and grades may be lowered.

Nearly Finished. In the central and southern districts about 75 per cent of the thrashing is done and in the north about 49 per cent.

Cutting is completed in Saskatchewan with the exception of 15 to 25 per cent of late coarse grains in the north. Thrashing has been suspended by rain and snow and temperatures two degrees to ten degrees below freezing have been reported. There has been no damage from frost, but the excessive moisture may cause reduction in some cases. The situation will improve with the arrival of further help from the east and with the release of workers in Manitoba, when the earlier harvest in the province is completed.

Threshing Stopped. Practically all grain in Alberta has been cut, but snow and rain and low temperatures have combined to stop thrashing, which will not be resumed for four or five days. Thrashing is 50 per cent done in the centre and south, and 20 per cent to 25 per cent in the north.

Unusually heavy rains have fallen along the Edmonton-Dunvegan and British Columbia line, and there has been some damage to uncut grain from frost, but most of the crop is too far advanced to suffer injury. Seventy-five per cent of all grain is cut.

DECLARE STATES CAN DO BETTER THAN CRITICIZE

Indian Lawyer Makes Eloquent Speech Before League of Nations.

GENEVA, Sept. 12.—The assembly of the League of Nations today heard a great deal about the United States and the proposed conference at Washington in November in connection with the league work on disarmament, and also with reference to criticism in the United States on the work of the league. It was the most picturesque session of the assembly.

Scores States. Srinavasa Sastri, a native Indian lawyer, wearing the Indian costume and speaking perfect English with an eloquence rarely surpassed by English lawyers, had the floor at the morning session. He suggested that the United States might do something more practical than merely criticize what the league was doing or had failed to do. He touched lightly on the race question in connection with mandates, hinting at a difference of views on this question between India and her sister dominions, South Africa, which is one of the mandatory powers.

Various Difficulties. Taking up the subject of disarmament, the Indian lawyer said: "India is suffering under difficulties of various kinds. We would gladly accept disarmament, but, as Mr. Balfour said, we are not in a peaceful world. We have as neighbors Russia, Afghanistan and Turkey. Conditions there indicate to us that Mr. Balfour was right. We must proceed cautiously with disarmament."

Hopes For Best. Mr. Sastri raised the race question in connection with the mandates. Referring to what he termed discrimination in the laws of some of the mandatory powers between people of the white and colored races, he demanded that these countries use the power conferred upon them with consideration for the mandated people.

Mr. Sastri said he hoped it would not be necessary for India or for Japan to take part in the future of the mandated territory. "You are worse off than you were under the German rule," he said. "You are worse off than you were under the British rule."

Count Gimcho, a Spanish delegate, pointed out that the league's work, Spanish, which was the first time this language had been used on the floor of the assembly. His speech later was translated into both English and French.

BISHOP HORNER PASSES. KINGSTON, Sept. 12.—A telegram announcing the sudden death of Ivanhoe, Hastings County, where he was taking part in a camp meeting of Bishop Horner, founder of the Holiness Movement and the present standard church, was received here this afternoon. The remains will be sent to Ottawa for interment.

CHICAGO, Sept. 12.—Leon Parks, named today by Harvey W. Church as an accomplice in the murders of Bernard Daugherty and Carl Amsinus, tonight confessed his implication in the crimes, according to the police.

Another man, whose identity was not disclosed, had also been named by "Church" as an accomplice. "Church" according to Chief Fitzmorris, named Parks as the man who helped him load the body of Daugherty into the automobile and later helped him throw the body into the Des Plaines River. Parks had stoutly denied any connection with the murders until late tonight, when the police brought Church and links face to face for questioning. Chief Fitzmorris would not state whether the third man in the case had been arrested.

BRANTFORD COUNCIL CONGRATULATES NEW LEUT.-GOVERNOR

Aldermen Believe Col. Cockshutt Will Fill Position Creditably.

[Special To The Advertiser.] BRANTFORD, Sept. 12.—The city council this evening, on motion of Ald. P. D. Reville, formerly editor of the Brantford Courier, Conservative, and Ald. A. M. Harly, a well-known Liberal, moved a hearty vote of congratulation to Col. Harry Cockshutt, a former member of the council and ex-mayor of Brantford, on his appointment to the post of lieutenant-governor of Ontario, a post they felt he would fill with honor to himself, his native city and county which had sent forth so many distinguished leaders of federal and provincial governments.

The council favored the removal of the old Harley store building, Nelson and King streets, bought by the city to round out the Bell memorial plan, and now in the way with paving operations on.

Meetings were arranged for all the wards to get behind the Murray street bridge and Parkdale trunk sewer by-laws to be submitted shortly to the ratepayers to provide for the unemployed during the winter months.

WILL CHARGE \$125 FEE. TORONTO, Sept. 12.—The finance committee of the board of education decided today to charge an annual fee of \$125 each to pupils from outside the city who attend the city high schools and colleges. There is a population of perhaps 50,000 in the three cities adjoining the city, who send hundreds of pupils to the city schools, and because of the overcrowding the board is endeavoring to discourage this patronage.

Take It In Time!

DO you know that by far the larger number of the common ailments of women are not surgical ones; that is they are not caused by any serious displacement, tumor, growth, or other marked change?

DO you know that these common ailments produce symptoms that are very much like those caused by the more serious surgical conditions?

DO you know that many women and young girls suffer needlessly from such ailments? More than that, they endanger their health by allowing their ailments to continue and develop into something serious.

If treated early, that is, within a reasonable time after the first warning symptoms appear, serious conditions may often be averted. Therefore, at the first appearance of such symptoms as periodic pains, irregularities, irritability and nervousness, Lydia E. Pinkham's Vegetable Compound should be taken. It is prepared with accuracy and cleanliness from medicinal plants. It contains no narcotics nor poisonous drugs, and can be taken with perfect safety.

The Vegetable Compound acts on the conditions which bring about these symptoms in a gentle and efficient manner. The persistent use of it shows itself in the disappearance, one after another, of the disagreeable symptoms. In a word, Lydia E. Pinkham's Vegetable Compound acts as a natural restorative, relieving the present distress and preventing more serious trouble.
