In the Senate the bill for the protection of rights of American citizens abroad, with amendment that in case of imprisonment by any foreign Government, and refusal of surrender, the President is to use any means, not amounting to actual war, to effect their release. Passed 29 to 5.

New York, July 26.—The news from Aspinwall is unimportant. A Provisional Government continues in possession of Panama. There has been no fighting. It is expected Diaz will be banished to San Francisco by next steamer.

Civil war continued to rage with great violence. Troops of the Mikado were in possession of all ports opened by treaty to foreigners. Stotsbashi, brother of the Tycoon, is at the head of the revolt against the spiritual Emperor. He had a large army and was gradually advancing on Yeddo, where the party of the Tycoon is very strong. There has been some fighting in Yeddo, but with no decisive results. It is thought war between the two parties, whose respective strength and resources appeared to be so evenly balanced, would result in separating the country into two Empires, governed by the Mikado and Tycoon. Political disturbances are reported again in Belgravia.

LONDON, July 27.—A report is received here that a British gunboat has landed men at one of the Portuguese stations on the Coast of Guinea, disarmed the guard and had taken possession by force of arms. The Portuguese Government has despatched two war vessels to the scene of outrage.

In the House of Lords, Napier took the customary oath and his seat.

The bribery bill was read. In reply to a question, Lord Stanley said that Mexico broke off diplomatic relations with England, in consequence of the recognition of the Empire of Maximilian. Should Mexico make overtures for their resumption there would be no difficulty about it, but dignity and self-respect forbid that England should seek the renewal of official intercourse.

ST. PETERSBURG, July 27.—The Invalides Gazette says, private advices are received to the effect that peace has been effected with the Emir of Bokhara.

NEW YORK, July 17.—Western Union Telegraph stock, 35 1/2.

GALVESTON, July 17.—A serious riot commenced on the evening of the 15th, at Millican. It appears that a mob of about twenty-five negroes, led by a white school teacher and a negro, attempted to hang a man named Wm. H. Widay. White citizens interfered to prevent the execution, and the result was the death of 10 or 12 negroes. Next day the numbers were increased on both sides and there was skirmishing during the day, the estimated casualties being 25. A small detachment of troops arrived there last night and dispersed the rioters, after killing three of the latter number. From 300 to 500 had fortified themselves near Millican. The entire loss is between 50 and 60 persons.

Mrs. Gen. Hooker died at Watertown, near New York, on Wednesday.

NEW ORLEANS, July 19.—A mass Democratic ratification meeting—probably the largest ever held in Louisiana—was held in Lafayette Square last night. Several Catholic clergymen, two colored Representatives and the colored Democratic Clubs were on the stand. A large number of negroes were in procession. Resolutions were adopted endorsing the nominations and platform of

the New York Convention, pledging the cordial support of the Louisiana Democracy, declaring slavery dead beyond the power of any man to renege it, condemning the present constitution of the State, expressing alarm at the course of the Legislature now in session, returning thanks to President Johnson, and also expressing feelings of kindness toward the negro population of the State and city, and referring to the recent election in Mississippi as instances of what can be done by a proper course towards the negro people. The resolutions condemn the course pursued by the United States officers and soldiers towards the citizens during the late administration of military authorities.

Later accounts from Miliken represent that the riot is not yet ended. The negroes sent a defiant reply to the order to disperse. There is but a small force of soldiers there.

A fatal case of cholera was reported yesterday.

It has just transpired that the safe of the Importers and Traders' Bank was robbed about the 4th of July of \$80,000 in cash and bonds. There is, so far, no clue to the robbers.

CHARLESTON, July 20.—A fatal distemper or dog murrain is prevailing among the cattle throughout Georgia. Numbers of fine milk cows have died of the disease.

WASHINGTON, July 20.—Emanuel Lutzer, the celebrated painter, died yesterday of apoplexy, superinduced by heat.

The President to-day sent to the Senate the following nominations: Geo. S. Dawson, of Pennsylvania, Minister to Russia; Wm. S. Rosecrans, Minister to Spain; John M. McClelland, of Illinois, Minister to Mexico; H. M. Watt, of Pennsylvania, Minister to Austria; Wm. S. Wells, Assistant Secretary of the Treasury; C. C. Cox, of Maryland, Commissioner of Patents; E. D. Cooper, Temporary Collector of Internal Revenue.

The bill relating to the rights of American citizens abroad was taken up. The question was on striking out of the clause authorizing the President to make reprisals by suspending commercial relations. A debate at some length ensued, when the bill was laid aside without action. The President's veto message was received during the debate. The bill was passed over the veto, 35 to 8.

WASHINGTON, July 21.—Senate sat until after midnight last night, discussing Wilson's substitute for the House bill reducing the army to the ordinary peace establishment. The principal discussion was on the clause of the bill providing for the issue of arms to State authorities in Southern States. Mr Vickers moved an amendment that the arms shall not be distributed until January 1st; nor until the President shall deem it necessary for the preventing of disturbances in Southern States. Rejected.

Several other amendments were rejected and bill passed by a strict party vote.

WASHINGTON, July 20.—A number of bills were introduced for reference. A resolution was offered appointing a Commission to examine the claims of Montana for furnishing volunteers during the late Indian war.

A resolution of sympathy with the Cretans, and an expression of hope that they would secure their independence, was adopted.

NEW YORK, July 20.—Reports from Fort Larned, Arkansas River, say 12,000 or 15,000 Indians are congregated there to receive their annuities. Col. Wynkoop withheld the arms and ammunition on account of the recent depredations of the Cheyennes. The Indians became enraged and declared they would fight and were ready for war again. The meeting broke up in great confusion. The same evening the Kiowas attacked a train and robbed it of supplies and provisions. General Tilley arrived at Fort Harnay with 6,000 cavalry, and told the Indians he preferred peace but was ready for war. This quieted them somewhat, but they are still sullen and discontented. Wynkoop deprecates the course pursued by the Government. He says the Indians of this vicinity are peaceably inclined, but hostilities are likely to break out at any time.

The recent robbery of the Importers and Traders Bank is a very mysterious affair. The money was secured in a burglar proof safe with a combination lock requiring five persons to open it, each knowing only parts of the secret operations to open it. Over \$50,000 in gold was taken. The lock was apparently not tampered with.

In the House, Wilson from the Judiciary committee, reported a resolution, which was adopted, allowing the Representatives from the late rebel States pay from the date of their selection.

CHICAGO, July 21.—Three men were arrested for the attempted Express robbery near Seymour, Indiana, by running off with the engine and a portion of the train. They were being conveyed from Cincinnati to Brownsville, Indiana, last night under a strong guard to be placed in jail. When the train reached a place two miles from Seymour, it was stopped by a mob of twenty men who overpowered the guard, seized the three persons and hung them. This vicinity has long been invested by a desperate gang of robbers and murderers and the citizens are exterminating them.

NEW ORLEANS, July 22.—Later advices from Miliken confirm the reports of serious disturbances. It is not known whether they have been quelled. Telegraphic communication is interrupted and no advices have been received since the 18th inst.

ST. LOUIS, July 22.—The difficulty with engineers on the Pacific railroad is not yet adjusted. Considerable excitement resulted last night. A freight train was thrown from the track by displacement of a switch and badly damaged the engineers and two stock cars. It is supposed the switch was opened by disaffected men, but the engineers positively deny this and attribute the accident to incompetency or ignorance of the new men employed. A good deal of apprehension is felt by the travelling community.

CHICAGO, July 22.—Republican's special says the Indian Appropriation bill places disbursements of all the principal sums in the hands of Gen Sherman, which is a heavy blow at the speculator's ring.

NEW YORK, July 22nd.—The Arizona from Aspinwall has arrived. The latest news from Syria states that the Adams colony at Jaffa had dwindled to less than 20 persons. Adams and his wife had gone to England to secure recruits.

A memorial from Franklin Parish, states that at least fifty murders had occurred in that vicinity lately.

MEXICO. Additional Mexican advices state that Consul Salanier has left Vera Cruz for Washington. A chapel in the City of Mexico has been demolished. It was one in which the ostentatious ceremonies were performed on anniversaries of Maximilian's death. It was destroyed by order of Juarez. Ortega has been put in a common jail in Monterey. The insurgents were preparing for a desperate campaign against Juarez's troops in the State of Puebla. Gen. Alatorre had failed to make any peaceable arrangements with their leaders.

The attempted revolution in all parts of Mexico, of late appears to have been attended with no permanent success. President Juarez, writing from the City of Mexico, under date of June 26th says the pronouncement of the State of Querretaro is not of a formidable character, and Gen Escobedo, who has gone there, will soon restore order. That of Yucatan in the state of Puebla, is of a similar character. Alatorre has gone to put it down. That of Aureliano Rivera, near the capital has already been quelled.

California.

SAN FRANCISCO, July 19.—The Coroner's jury in the Oakland Fourth of July calamity yesterday rendered a second verdict, which highly censures the Chief Engineer in charge of the construction of the new wharf now used by the company, and also superintendent Cohen for accepting the same.

The verdict may be considered an impartial one, from the fact that Mr Cohen was present during the examination of witnesses, and all the testimony he desired to introduce, was heard.

Last evening at Congress Hall one of the largest Grant and Colfax meetings of the campaign was held. Speeches were made by Judges Batohley and Tyler.

The British ship Cormorant arrived from Liverpool last night. Thomas Waterfield, a passenger, was missed June 15th and it was supposed he had fallen overboard.

Yesterday afternoon, Wm. Coop, proprietor of the Ocean House bar, attempted to kill himself by discharging the contents of a revolver into his breast. Cause, pecuniary embarrassment.

SAN FRANCISCO, July 17.—James H. Sills was indicted some months ago in connection with one Dougherty, charged with receiving bars of gold at the mint from Dougherty, where he (Sills) was a clerk, and giving receipts for the same to a greater amount than the fineness of the metal demanded. Sills then escaped, but returning to this city, was yesterday recaptured. The amount of the defalcation was about \$12,000. Sills' bail has been fixed at \$10,000.

The Metropolitan Boot and Shoe Maker's Union has filed a certificate of incorporation—capital stock, \$50,000; place of business, San Francisco.

A large and very enthusiastic meeting of Union men was held last evening in the Second precinct of the 12th Ward.

Much excitement has been produced in theatre and musical circles by the closing of the Metropolitan theatre. The theatre is the property of Mr Lyons who had leased it to Harry Edwards, who, in turn, sub-let it to Tom Maguire for the purpose of playing the Parepa Rosa opera troupe there. Lyons and Maguire are sworn enemies, and as soon as the former ascertained the condition of affairs he broke Edwards' lease and closed the theatre. The matter will probably be settled in court. There is no other theatre in the city of sufficient capacity, and to make matters still worse, Madame Parepa expresses fears that her voice will be injured by remaining longer in this climate and thence of returning to New York almost immediately.

It is reported that the Pacific Mail Steamship Co, recently sold twelve 500 vara lots adjoining the dock for the sum of \$250,000.
