

ISLANDS FAIR GREAT SUCCESS

Number and Quality of Exhibits
Much in Advance of
Predecessors

GANGES HARBOR, Sept. 20.—Wednesday was a gala day for Salt Spring, the occasion being the annual fair which is held on the island. In the opinion of all it was far as the exhibits were concerned, the largest and best show ever held on the island.

The weather was beautiful, which greatly added to the success of the exhibition. There was a large number of entries, especially in cattle and vegetables, the latter named have more countries than has ever been known in the history of the association.

In the hall, the fruit occupied a conspicuous position, and was greatly praised for its quantity and quality. Mr. Savory of Victoria, handled the vegetables, and expressed himself as being very pleased with the exhibits. The exhibit of Messrs. Simpson and Cundy, of Portland, is well worthy of praise, they taking a lot of the prizes.

Mr. J. R. Anderson judged the orchard produce, and had his hands full for some little time. He was ably assisted by Mr. B. Cartwright. The apples and pears were exceptionally good, and caused much favorable comment.

The horses were judged by Mr. Elliot of Ontario, and Mr. G. H. Mack with the prominent horseman of Duncan. The horses were of very rare quality, and excited a great deal of admiration. The competition in the cattle classes was very keen. The exhibits in sheep and swine were not very large, although Mr. Max Enke brought over some very commendable entries in the former from Pender Island.

Salt Spring lived up to its reputation in the poultry line, the exhibits far exceeding all expectations. Mrs. R. P. Edwards brought over a large number of birds, which were highly praised by the judge, Mr. J. T. Pargeter, of Nanaimo.

The sports were carried out very successfully, Mr. Borrida and Mr. Savard having charge. The football match was very exciting, the North Salt Spring team winning with the score of one to nil. There was general regret that the Victoria team was unable to come, as the local club had preparations made to give them a good reception.

Alberta Grain Held
CALGARY, Sept. 22.—Southern Alberta farmers evince no desire to rush this year's crop upon the market. Despite the fact that high prices are being paid, the major portion of the grain is being threshed and is being stored in granaries or being held in line elevators by farmers. The price being paid for oats is five cents in advance of the price offered at this time last year, but agriculturists, realizing that they control the market, in many cases refuse to sell even at this advance.
