CRITICAL STAGE IN WAR ON WESTERN FRONT

British Have Been Forced to Evacuate Ground But Are Holding Firm—Today's Reports a Little More Encouraging.

(THURSDAY'S BULLETIN)

Thursday, April 18, a.m.—Gen. Haig's reports late last night say intense bombardment opened by enemy yesterday on practically whole Lyons battle front and from forest of Nieppe to Wytsaele and was followed by infantry attacks. These attacks failed with considerable losses to enemy. The French troops are co-operating with British on this front. British headquarters reports indicate another attack impending between Baillieu and Wytsaele. British maintain their positions at Boyelles. German war office announced Langemarck, Poelcapelle and Pashendaale evacuated by British.

When gassed Lieutenant Lawler was ordered to the hospital, but refused to go, as he wanted to get back to action as soon as possible. When a call came for men for the front trenches again Lieutenant Lawler went forward with the first, but became exhausted from the effects of the gas previously received.

R. railway station for Moncton until 1896.

Nothing helped until I tried buckhorn bark, glycerine, etc., as mixed in Adler-Like ONE SPOONFUL helped me INSTANTLY." Because Adler-Like finished the entire alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. (A. Mc G. FREDERICTON, SACKVILLE AND SUSSEX CO-OPERATE.

In Raising a Fund to Supply Men in The Trenches With Free Coffee, Tea, Cocoa.

The Nova Scotia and New Brunswick W. C. T. U.'s are planning to help the W. C. T. U. of Ontario to raise a fund of \$25,000 for free tea, coffee, cocoa and lemonade for the men in the front line trenches. The National Y. M. C. A. whom the W. C. T. U. is aiding will need \$50,000 to cover their free drinkables.

In addition to the hot drinks the W. C. T. U. has become responsible to the Y. M. C. A. for the cost of printing a weekly leaflet of cheer, a spiritual help which is being sent through the mails to all the soldiers in the forward trenches who express a desire to get it. These are called pay book leaflets and are appreciated by the men for this bit of comfort can be judged by the fact that in one division alone and in one month 15,000 soldiers asked that their names be entered on the pay-book leaflet list.

To aid in raising the \$25,000 for these objects the W. C. T. U. is asking every person to look through their possessions for broken, useless, unwanted bits of gold and silver trinkets; discarded jewelry or table silver. Any of the following articles will be thankfully received and the proceeds for the sale used for the above purposes. Old gold or silver thimbles, brooches, chains, scarf rings, gold or silver tops of canes, or umbrellas, bracelets, rings, earrings silver match boxes, odd cuff links, watch charms, broken table ware or toilet articles in silver, coins which have been monogrammed or punched.

The Campbellton W. C. T. U. at their last regular meeting decided to take up this work.

Mrs. Lingley will receive any contributions that may be made along these lines. This work is for the welfare of the men on the firing line.

MORE DRASTIC CENSORSHIP REGULATIONS.

Ottawa, April 17.—New and drastic amendments to the censorship regulations prohibiting the publication of any statement tending to prevent or to incite or inflame public opinion in any way detrimental to Canada's war effort were announced tonight.

The new regulations are based, as the order-in-council says, upon the fact that the people of Canada have long since settled that the cause of the Allies is a just cause and that the war must be prosecuted to a conclusion without faltering, with united action and without diverting public attention from the one great object on which it should be centered.

SPECIAL MEETING.

A special meeting of the Restigouche Municipal Council has been called for next Tuesday.

CHAS. ALEXANDER ELECTED FOR

Majority of Ballots in Favor of Former Councillor—A Keen Contest.

The election for Mayor, and Councillors for Ward III on Tuesday created considerable interest, the main fight being for the office of Mayor, there being three contestants, Coun. Chas. A. Alexander, W. H. Wallace, and M. A. Kelly.

Coun. Alexander and W. H. Wallace worked long and hard, canvassing the entire town and each issued an election sheet setting forth their views on civic questions, thus creating much interest.

The vote, although slightly larger than that polled last year was only fifty per cent of the names on the lists, and of those who failed to vote about three hundred had not paid their taxes and the other two hundred were indifferent or had reasons for absenting themselves. Nearly fifty electors paid their taxes on polling day, but the cash receipts were not as great as last year. The non-arrival of the C. G. R. pay checks was no doubt partly responsible for this.

Altogether the election was a pleasant one, the best of good feeling prevailed throughout.

The returns were as follows:

WARD I.	WARD II.	WARD III.
Alexander 39 Wallace 34 Kelly 13	Alexander 140 Wallace 65 Kelly 31	Alexander 98 Wallace 75 Kelly 5

After the declaration proceedings the candidates who were present made brief remarks thanking their friends for support.

The new council will be made up as follows:

Councillors J. Harquail and Henry J. Currie.

WARD II.

CONSCRIPTION OF ALL NOW FOR CANADA

All Males Between Nineteen and Twenty-four Will Be Called Out.

Ottawa, April 16.—From information that has filtered through the closed doors of the Cabinet this morning, it is gathered that the securing of men for the front was the sole topic under discussion. There was no vital war information given out and no secret message from the Imperial authorities was read.

However, the Government did submit its proposals concerning the raising of men. They are said to be radical, if not drastic. In short, it is alleged that there is strong evidence that the alteration is true, that the proposal is to practically replace the Military Service Act with the conscription of all men between the ages of nineteen and twenty-four, the only exemption to be physical disability.

That this proposal did not meet with the unqualified approval of Unionists, was evidenced by the trouble faces that left the caucus.

Some of the Ontario and Western members are said to have pointed out that it makes no provision for making Quebec make up its full quota. Others are said to have put it more broadly, and declared that other provinces have been milked dry in the respects in which Quebec has been practically untouched.

The new conscription law, if it lives through the secret session of Parliament, is to be put in force by order-in-council with the consent of both Houses of Parliament.

"HER UNBORN CHILD" NEXT MONDAY.

At Opera House Here—Endorsed by Pulpit and Press—a Fine Production.

"Her Unborn Child," a big drama dealing with the question of the birth control, which comes to us with the endorsement of medical societies, non-sectarian clubs, and thinking men and women everywhere, will be the attraction at the Opera House for one night, Monday, April 22nd.

Here is a drama of discussion written by a brilliant young American Howard McKent Barnes, which is bound to find an honored place among purposeful plays like "The Blindness of Virtue."

The latter play, the work of an English author, has done more to advance the theatre as an education in situation than any other drama ever produced.

With a theme just as potent as the theme of "Blindness of Virtue," the author of "Her Unborn Child" has sought to solve a big modern problem. With the new papers, full of the discussion of birth control, plays like "Her Unborn Child" are timely. It is said that Mr. Barnes has handled the very delicate subject in a manner that does not give offence.
