#### COUNTY SCOTT ACT CASES.

To the Editor of the Farmer : MR. EDITOR,-In the Gleaner of the let inst., there are some errors in the article headed "County Scott Ast Cases," which I wish to correct. It is there stated that those tunate accident which occurred on North fortunate accident which occurred on North Lake last autumn, left my "rum shop in an intoxicated state," and that two of them were sone of a lady living heroes the lake. I wish Mr. Editor, to positively state that such was not the case. They were in a perfectly sober condition when I last saw them, and the statements of the Glomer are a vile slander. Further Mr. Editor, for the information of Further Mr. Editor, for the information of the Gleaner, I wish to state that only one of the unfortunates was a son of the lady referred to make my scape while under arrest. That is not true. But I schnowledge that I was treated more like an estandard convict than an invalid. As the last casual observer would know I am a sicil man, and when in the night in jall, His Honer, the Judge, curtly replied, "it is no matter, you have violated the Canada Temperance Act." Had it not been for the timely appearance of Mr. Doutney, the reformed liquor dealer, has been giving a series of addresses in the Baptist church and City Hall, accompanied more than the property of the timely appearance of Mr. Doutney, the reformed liquor dealer, has been giving a series of addresses in the Baptist church and City Hall, accompanied

Mr. Editor of the Parmer:

Rector Roberts; Vice Presidents, His Honor the Lieut. Governor, Chief Justice Allen, Geo. R. Parkin, Mayor Fenety and Dr. Geo. R. Parkin, May spoken words, or whether, as I suspect, the Glomer wished to make the respected head of the Church of England in Canada, appear ridiculous, those who were present on the ridiculous, those who were present on the rediction of the selves. His Lordship did use any that "men should not have to pledge themselves to abstain from intoxicating liquam." He did not say that "Be knew of dumns of men in this town who had taken the pledge of total abstinede, and growly violated it on more than one occasion." His Lordship (mark the elegant property of the extraction of this extract) did not say the extraction of this extract. The people on the eutekirts of the towns fear a massacre of the whites will result if the trouble is not adjusted within a few days. The Seminoles can muster 500 fighters. Hyacinthe Loyer, a basket maker living near Ottawa has received intimation that he had fallen heir to \$300,000 through the death of an uncle in France. Loyer, who is the extraction of this Annual, which has now reached its eighth year,—the great variety of the illustration of the extraction of this Annual to the extraction of this Annual to the extraction of the extraction of the extraction of this Annual to the extraction of the gent distion of this extract? did not "ask where such pledges had been taken and violated again and again, and adved as a cloak for conceptioner, they should show a regard for those who differed in opinionifrom them. His Lordahip did not say, "In Maine, where liquor was taken from them, they took to sating opium." But I will not warry you with other abund fattered of the kind. As a temperance organ the Gleener is certainly a complete, success, if wholesale falsehood and instituted views, mean success. tical views, mean success.
