TENTH YEAR. FRIDAY MORNING JULY 5, 1889. PRICE ONE CENT.

HADJI H. GHOOLY KHAN.

GRIEVED BY OBNOXIOUS NEWSPAPER ARTICLES.

His Royal Master the Light of Persia Cuyed by Cockneys—The Unprecedented Gold Shipments to France—The Disaster at St. Etienne—General Cable News.

LONDON, July 4.—Whatever could be done by British officials to make the reception of the Shah in London memorable was done, and so far as the authorities are concerned the Shah has nothing to complain of. But if his treatment by the London populace was entirely satisfactory to him, he possesses the one virtue at least of being easily pleased. The progress of the Shah to Guildhall excited among the throngs which lined the streets along the route, no loftier emotion than risibility. There was no cheering, no words of welcome, no enthusiasm, nothing but broad grins, and the farther along His Imperial Highness proceeded the broader the grins became. Everything about the august monarch, his dress, his beard, his features and his suite was fair game for the sightseers, and every little peculiarity was seized upon for jocular comment.

So far as decorations are concerned along the line of march, there were very few indeed to be observed apart from those upon the public buildings. Upon these, it is true, no pains or expense were spared to deck them in gorgeous colors, but with the beautifying of the government and corporation buildings the attempt at display was stopped. So far as any popular sympathy with the Shah's reception goes it can be very well gauged by the loud complaints that rose from all quarters before the show began against the suspension of traffic in some of the principal streets which it would enforce. And so deep was the feeling among the business community that many of them are growling yet.

Deeply Grieved.

WASHINGTON, July 3.—The Persian minister, Hadji Hassein Ghooly Khan, leaves for London about July 12. There he will join the Shah. When a correspondent called at the legation last night and inquired why the minister proposed departing so suddenly, this was the reply he received: "The minister is grieved over the obnoxious articles which have recently appeared in English and American papers regarding the Shah. He is going to England to consult with His Majesty as to whether he ought not, under the circumstances, to be recalled. In London we can appeal to Lord Salisbury. Here the newspaper man is a Lord Salisbury. We beg of you not to let us leave with broken hearts." The attache said this very sorrowfully.

What Does It Mean?

LONDON, July 4.—The unprecedented gold shipments to France from New York is the enigma that puzzles the financial world, the amount from June 4 to June 21 aggregating $20,406,098, while to England the total amount in the same time was only $6,892,727. There is no trade or travel that tends to explain it. A close inquiry into all the reasons for the extraordinary flow of gold to France fails to disclose a satisfactory reason. There is, therefore, a disposition to believe that the true one is that France is fortifying itself against the possibility of an early war, and is making the United States a convenience for doing it.

The St. Etienne Disaster.

PARIS, July 4.—The coal pit at St. Etienne in which the explosion of fire-damp occured yesterday is still on fire. Many more bodies have been recovered, but the work is attended with great difficulty and danger. The scene at the pit is harrowing. President Carnot has ordered that measures be at once taken for the relief of the families of the dead miners.

Heated Deputies.

PARIS, July 4.—There was another heated discussion in the Chamber of Deputies yesterday. M. Andrieux was supported by the Right in reviving the charge of bribery against M. Rouvier, Minister of Finance, from which a committee of inquiry had exonerated him. M. Rouvier warmly denied any knowledge of the contract which it was sought to use as a weapon against him.

M. Thevenet, Minister of Justice, announced that the public prosecutor would institute an enquiry immediately from the double point of view of corruption and extortion. The Left applauded, and a motion expressing confidence in the Government was adopted.

Successful Artists.

LONDON, July 4.—The Art Committee of the Paris Exhibition have awarded first-class medals to Sir Frederick Leighton, Messrs. Burne-Jones, Herkomer, Hook, Orchardson, Whistler, Forbes, Leader, Reed and Shannon; to the American artists Messrs. Harrison, Vail, Weeks and Whitcomb, and to the German artist Herr Leibl.

THE GLORIOUS FOURTH.

A Sample of the Way In Which Our Neighbors Celebrated.

ALBANY, July 4.—Independence Day was generally celebrated here. The forenoon was rainy but the afternoon and evening were pleasant and cool. The public celebration consisted of a parade, exercises in the City Hall, a regatta on the Hudson and a display of fireworks in the park at night.

Buffalo's Program.

BUFFALO, July 4.—The Fourth was celebrated in Buffalo by a rowing regatta, baseball games, balloon ascension, fireworks, and special entertainments and games in various quarters of the city. Edward Walter was rowing on Park Lake with Mr. and Mrs. Whalen this afternoon when the boat was capsized. Whalen and his wife were rescued. Walter was drowned. There are the usual number of reports from various places of accidents due to the premature explosion of fireworks, bursting of guns, etc.

Drowned While Bathing.

CAMPBELLFORD, July 4.—This afternoon while bathing a lad named Samuel Stevenson, aged 14 years, was drowned. With two of three others he attempted to swim out to a boom, but he failed to reach it and the other boys could render no assistance. He was a son of James Stevenson of Hastings and was writing at the High School entrance examination here. The body has not yet been recovered.

Welshmen and friends hear the sermon, Shaftesbury Hall, to-morrow, 3 p.m.

Heavy Crops in Whitby.

OSHAWA, July 4.—The harvest of 1889 has already commenced in East Whitby. The rye crop is a heavy one, the straw being 8 feet long. Farmers are haying and never in many years has the yield been so heavy, some meadows turning out three tons to the acre. Both East and West Whitby can lightly boast of all crops except fruit, which will not be large owing to the frost of May 28.

To let—small offices suitable for commission agents, etc. Storage if required. Frederic Nicholls. Permanent Exhibition.

A Montreal Lawyer Retained.

MONTREAL, July 4.—J. N. Greenshields, the well-known lawyer, has been retained by State's Attorney Lougenecker of Chicago to represent the State of Illinois in the proceedings before Judge Bain at Winnipeg for the extradition of Martin Burke. Mr. Greenshields left for Winnipeg by to-night's express.

Drowned While Swimming.

ALBANY, July 4.—Joseph Harper, aged 22, was seized with a cramp while swimming in the river to-day a few miles below the city, and drowned.

Queen's Royal Hotel, Niagara-on-the-Lake.

This popular summer resort is a branch of the Queen's Hotel, Toronto, and situated at the mouth of the Niagara River, on the shore of Lake Ontario. Good in drag, bathing and boating. Reduced rates to families by the week, month or season.

THE STANDARD'S DEEP PLOT.

It Ruined the Fidelity Bank to Control the Cottonseed Oil Trust.

CINCINNATI, July 4.—The Harper wheat deal and the consequent collapse of the Fidelity Bank have been traced by detectives to the Standard Oil Company, which merely made dupes of Harper and Hopkins. The investigation has been conducted under the supervision of a committee of the creditors of C. J. Kershaw & Co. of Chicago, Harper's brokers, the creditors of Kershaw & Co. having, in making a settlement, reserved the right to proceed against Kershaw's principals. They have been hunting down these principals and have found them in the Standard Oil Company.

The Standard had tried vainly to secure control of the American Cottonseed Oil Trust, a rival which was rapidly encroaching on its field. It therefore sought to smash it by ruining its president, John V. Lewis of this city, who was a heavy speculator and a friend of Harper. The Standard chiefs met Harper, Lewis and others at dinner at the Queen City Club and arranged that the Fidelity Bank should bull the wheat market and call on them when money was needed. When Harper had bulled wheat to about 90, the Standard men secretly sold out through other brokers, broke the corner and reaped vast profits from doing so. They also started the report that the Fidelity Bank was shaky, and inspired the circular of June 11, 1887, in regard to its affairs. Thus they broke the bank, ruined Harper and Lewis and gained control of the Cottonseed Oil Trust as a consequence. Lewis is now a broken-down hotelkeeper in Boston. Harper and Hopkins, knowing that they had ruined the bank, were not in a position to squeal and thus the real principals escaped.

The committee which obtained this information reported at a meeting of creditors at Chicago yesterday and was authorized to commence suits against the real principals, among whom will doubtless be H. M. Flagler and J. D. Rockefeller of the Standard Oil Company. An assessment of 1 per cent. on $1,100,000, the amount due the creditors, has been ordered.

IT WAS R. J. CRANS.

The Suicide at Clappison's Corners—Cruelty at a Hamilton Baby Farm.

HAMILTON, July 4.—Who is, or rather was, R. J. Crans? That is evidently the name of the man who suicided at Clappison's Corners on Dominion Day. The name has been discovered on his clothing as well as on his umbrella.

At the Police Court to-day Louisa Park, the keeper of a baby farm, was charged with shamefully neglecting and ill-treating an infant which Sarah Johnston had left in her charge. The evidence showed that the baby, which is scarcely a year old, had been half-starved and half-clothed, whipped, scrubbed with a broom, soused in a tub of water and otherwise cruelly treated by the prisoner, who takes in such babies at the rate of $5 per week. The child may die, in which case the charge would be murder, and the woman was remanded for a week.

Seven lads ranging from 8 to 13 years of age faced the Police Magistrate this morning on charges of larceny. They all pleaded guilty, some of them having stolen firewood, some fruits, nuts, etc. Five of the boys were very respectable looking. The Chief of Police said that most of them had been convicted before of larceny and allowed to go under deferred sentence. He also pointed out that during this year between 50 and 75 boys had been convicted of burglary, shop-breaking and larceny and had been allowed to go under deferred sentence. The magistrate lectured the boys and let them go.

BROKE UP IN DISORDER.

Father Drummond Prevented from Lecturing on the Jesuits at Plum Creek.

WINNIPEG, July 4.—Father Drummond was prevented from delivering his lecture on the Jesuits last night at Plum Creek by the interruption of the crowd which pushed past the doorkeeper and demanded the appointment of a chairman. It was explained that a chairman had already been appointed who was a Protestant and the crew of the municipality. It was then stated that the crowd would listen to the lecture if Father Drummond kept within bounds. As the altercation progressed the ladies present took a hand in and in the disorder the lecturer disappeared. The meeting ended in confusion.

The steamer on which the American residents were celebrating to-day ran on the rocks four miles up Red River and the excursionists returned home in carriages.

A Winnipeg alderman attacked a city official, a brother alderman and a reporter yesterday while under the influence of liquor and will be reported to the council.

The Reform convention at Crystal City voted confidence in the Greenway Government.

Young Clegg, from Blyth, Ont., was perhaps fatally dragged by a horse at Calgary yesterday.

A Nova Scotia Elopement.

HALIFAX, July 4.—A runaway pair from St. Margaret's Bay arrived in the city this morning in time to take the steamer Halifax for Boston. The man's name is David Johnston and he is married, while the girl's name is Sadie Boutiller, about 17 years of age. As near as can be learned the elopement was planned about a week ago. The couple had been frequently seen walking along the roads in the evenings at the bay. Johnston had been reprimanded by his wife, but all to no purpose. The sloperi drove into town early this morning and registered on the passenger list under assumed names. The deserted wife is the mother of two children. Mrs. Johnston's father arrived in town just in time to see the steamer sail down the harbor.

Key Men and Equalization.

PITTSBURG, July 4.—The telegraphers are recovering from the defeat of 1883. It was stated last night by a telegrapher of reliable authority that they are organizing into what is known as the Commercial Telegraphers' Brotherhood, with an object to secure an equalization in wages. Railroad telegraphers are not admissible to membership. The telegrapher said that to-day there are $50 per month men working keys beside $100 per month men, and that the favorites of the managers are given big wages while others equally as expert are kept down. The brotherhood desires to obviate this discrepency by bringing all capable men up to the highest standard.

A Londoner Killed at Detroit.

DETROIT, July 4.—William Anderson, aged 50 years, a resident of London, Ont., while trying to cross the railroad track at the foot of Hastings-street, about 9 o'clock last night, was struck by a freight train and knocked under the wheels. Both legs were run over. He was taken to the Emergency Hospital, where he died shortly after 10 o'clock. An inquest will take place on Saturday morning.

C. P. R. Earnings.

The traffic earnings of the Canadian Pacific Railway from June 21 to June 30, not including earnings on the Southeastern Railway, were:

1889	$369,000
1888	334,000
Increase for 1889	$ 35,000

The Inquest Adjourned.

Coroner Johns on commenced an inquest on the body of Albert Edward Sanderson yesterday afternoon at St. Andrew's Hall. After examining several eye-witnesses, an adjournment was made until next Monday afternoon, in order to give the police time to procure other witnesses. So far the evidence has been favorable to Ed. McNaughton, the driver who ran into the lad, and he was released on bail.

All the liberal features connected with accident policies are incorporated in the policies of the Manufacturers' Accident Insurance Company, 83 King west, Toronto.

HONORS EVENLY DIVIDED.

TORONTO WINS IN THE MORNING—ROCHESTER IN THE AFTERNOON.

Other Battles on the Diamond Yesterday—Racing at Montreal, Monmouth Park, Brighton Beach and Chicago—Queer Racing Rules—Spoils of Sport.

ROCHESTER, July 4.—Tom Calihan and McKeough lost this morning's game for Rochester, much to the disgust of over 2000 spectators. Each player seemed to vie with the other in error making. All the other members of the team played faultlessly. Toole pitched a good game and the defeat was in no wise due to him, six of the visitors' eight runs being aided by Calihan's and McKeough's errors. McKeough could not hold the base runners down and they stole bases at will. The Torontos put up a stiff game. Quest's umpiring was unsatisfactory and caused continued hissing. Score:

The St. Paul Cricketers Again Successful.

NAPANEE, July 4.—The cricket match here to-day between Napanee and the St. Paul's School, Concord, N.H., resulted in an easy victory for the latter. St. Paul's School went to bat first and made 78 runs and in the second innings 98. Napanee in the first made 27 runs and in the second 15 for 4 wickets when time was called.

KILRAIN EN ROUTE.

He Receives a Good Reception in Cincinnati—Confident of Victory.

CINCINNATI, O., July 4.—Jake Kilrain arrived by the Cincinnati, Washington and Baltimore train at the Central Passenger Station at 9.45 this morning. The train was more than an hour late. There was a large crowd at the depot and Kilrain's friends greeted him with a hearty cheer. There was some delay in his getting off the car, owing to the crowd which pressed about the door. Just as Kilrain put his foot outside on the platform some men placed two big cakes of ice at the top of the steps, which impeded his progress. A man on the platform remarked: "Jake, that's rather a cold reception, but you are all right." This was followed by a hearty cheer. Kilrain and his party left the depot and took carriages for the St. Nicholas Hotel, where they are quartered. They will remain until 6 o'clock this afternoon, when they will take the Queen & Crescent road for New Orleans. They will have an all-night ride to Chattanooga and reach New Orleans twelve hours behind the time fixed. When asked how he felt Kilrain said: "I am firstrate and could not be in better fix." "Do you feel that you can win?" "I am sure of it. I am all right in every way." His manner, however, was not gay. He sat quietly and had less to say than any of the party. "Will the fight certainly come off?" was asked. "Oh yes, certainly. All the arrangements have been made. Ask Charley Mitchell, he will satisfy you on that head. Our train was late, and I was afraid that we should miss connection here."

The Fight Will Come Off.

CHICAGO, July 4.—The News special from New Orleans says: The Governor of Alabama has replied to Governor Lowrey's dispatch granting him permission to pass troops through Alabama in order to head off and capture the pugilists if they attempt to fight in Mississippi. It is thought that Gov. Nichols will do likewise. The Renaud party that went out to look for a location for the fight returned last night. They had inspected a number of places that had been suggested for the fight, in view of the probable interference of the authorities and very determined action of the Governor of Mississippi. A telegram was received by Renaud upon his return, stating that some location and guarantseeing absolute freedom from interference. The proposition is under consideration. Though the difficulties of the managers increase with the activity of the authorities, they express the utmost confidence that the fight will come off. Efforts to provide against all contigencies they agreed yesterday to extend the time and the 200 miles limit if it should be necessary.

THE WHEEL.

The Toronto Bicycle Club's Success at St. Catharines on Dominion Day.

Toronto may well feel proud of the bicycle club bearing its name. At the annual meet of the Canadian Wheelmen's Association at St. Catharines on Dominion Day the success of the "Torontos" was very gratifying. In the parade they had 75 riders in uniform, which is the largest turnout on record with one exception, that being when this club had 84 men in line at the C.W.A. meet in 1884 in Toronto, thus winning the first prize for largest and best club representation. The second prize was awarded to Hamilton and the third to Ottawa. On account of their principal racer being in the Lower Provinces they were not able to make as good a showing as usual on the track, but Messrs. Carman, Lowes and Lingham—the latter of whom has just become a member of the club—secured places. They also took position in the association, having a membership paid up of 135, the highest number previously attained by any club being 101.

Mr. H. Ryrie of the Torontos holds the position of president of the association. The club is now looking forward to its seventh annual tournament, which will occur on Civic Holiday at Rosedale and is confident of making it as usual a big success.

Rowing on the Schuylkill.

PHILADELPHIA, July 4.—The great event of Philadelphia's celebration of Independence Day was the Cup and the People's regatta. The races were rowed over the national course on the Schuylkill River, 1¼ miles straight away. The water was high and swift and the best time on record was beaten in every one of the seven events. The first race was started in heavy rain, which drove the spectators from the river banks.

The last and most important event was the eight-oared shell race for the Sharpless Cup, held by the University of Pennsylvania eight. Some difficulty was experienced in getting a start because of the swift current. In one of the attempts the Crescent and University of Pennsylvania shells collided a few yards from the stake boat, one of the University men broke an oar and the rudder of the latter crew's shell was snapped off. It was agreed to allow the university crew to go down the stream and borrow a shell. After an hour word was received that the crew was unable to row back against the current and requested a postponement. The remaining contestants decided to go ahead and at 8 p.m. the race was started, The Cornell University boat club won easily in 7.03, Crescent boat club of Philadelphia second in 7.17, Fairmount Boat Club of Philadelphia third in 7.21.

This afternoon's final heats resulted as follows:

Junior singles—W. E. Cody, Nonpareil Boat Club, New York, first in 8.58½.

Senior singles—W. J. Carney, Institute Boat Club, Newark, first in 8.46.

Pair oared shells—George Phillips and J. Hard of New York Athletic Club, New York, first in 46.

In the four-oared shell race for the Downing Cup the New York Athletic Club crew won in 8.01; Passaic Boat Club, Newark, 2d; Varuna Boat Club, Brooklyn, 3d.

About fifty yards from the finish the Ariels through wild steering ran into the New Yorks, knocking a hole in the former's bow. The shell rapidly filled with water and sank, the crew swimming to the judges' boat.

Proctor Knott Beats Spokane.

CHICAGO, July 4.—There was a regular "holiday crowd" at Washington Park to-day. The weather was threatening and track heavy. The feature of the "card" was The Sheridan Stakes, in which Proctor Knott and Spokane met for the fourth time, but was the first occasion on which the Kentucky colt finished in front, and this he did to-day amid great excitement, Spokane being an overwhelming favorite. It was also Proctor Knott's first win this year, he having been defeated in the Two Thousand at Nashville, Kentucky Derby and Clark Stakes at Louisville and the American Derby here. Results:

First race—4 mile. Prodigal Son won, Mary Malloy 2, Mount Lebanon 3. Time 1.05.

Second race—1¼ miles. Caliente won, Cometo-Taw 2, Arundal 3. Time 1.59 3-5.

Third race—1 mile. Probus won, Governor 2, Alphonso 3. Time 1.43 1-5.

Fourth race—1 mile. Ramble won, Madoline 2 Germain 3. Time 1.43 3-5.

Fifth race—The Sheridan Stakes for 3-year-olds; 1½ miles.

Queer Racing Rules.

In the mile heat race, best 2 in 3 at Port Hope on Monday the local crack Wild Deer, who won the first heat, was distanced in the second by Chandos, who is now owned by Mr. Trowen of Cobourg. Notwithstanding his being "shutout," the judges allowed that a third heat should be run between Chandos and Wild Deer, on the ground that the local horse had been "interfered with" in the second heat by Chandos, though the officials awarded that heat to Chandos. In the third heat Chandos appeared to be winning easily, but Timothy Blang, who was riding him, raised his whip and Chandos swerved into the grass, there being no fence on the inner side of the track, and was beaten.

If Chandos was entitled to the second heat he was certainly entitled to the race for distancing Wild Deer. But the judges seemed to know nothing whatever about racing rules and ignored the American Jockey Club rules, which the Association professed to run under, and took it for granted that because Farmer Dickenson, the owner of Wild Deer, who knew less, claimed that his horse had been fouled, though the judges saw no interference, had a right to start again. Certainly very funny racing rules, and must have been drafted in Port Hope especially for the Farmer. It is very rough on Mr. Trowen, whose horse should have been awarded the race without running a third heat.

To Horsemen.

EDITOR WORLD: The sad accident the other day at Port Hope to Timothy Blong, one of the best jockeys in the Dominion, disgusted me when pretending to be admirers of that noble animal the horse when they will persist in running races on a half-mile track, where everyone must know the danger attending the short turn. Few horses are able to keep their feet on such turns. For the safety of human life, as well as for the humane, I hope the sport will not attempt this in the future. Other wise a law may be passed for the protection of life in this direction which will put a stop to this dangerous mode of racing.

THE ISLAND AQUATIC FOLKS.

A Pleasant "At Home" Last Evening—The Carnival Next August.

The object of the Island Amateur Aquatic Association is to bring the campers together and the first essay for the season in that direction, an "At Home" in the Island schoolroom last night, was a decided success. This program speaks for itself:

Piano solo	Mrs. Jarvis
Song	Mrs. G. Ridout
Recitation	Mr. Paul Jones
Solo and duet	Mr. and Mrs. J. F. Thomson

After the concert a pleasant hour was spent in dancing. The gay revellers were attired in pretty and unique island costumes. Among those on the floor were Mr. and Mrs. George Gooderham, Mr. and Mrs. J. F. Pearson, Mr. and Mrs. W. Hemming, Miss McLennan, the Misses Parsons, Harry Davies, Mrs. Rice, Mr. and Mrs. Guy Warwick, Miss Muttlebury, Mrs. and Miss Francis, W. Rose Wilson, E. Pearson, C. E. Madison, E. Chadwick, C. E. B. Reid, W. Wade, Mr. and Mrs. George Bartlett, Mr. and Mrs. R. Marshal, G. W. King, Mrs. Alex. Robertson, M. E. Jarvis, J. Small, Mr. and Mrs. S. Andrews, J. Fell, Mr. and Mrs. C. E. Brush, J. Johnston, J. W. Drynan, Mr. and Mrs. J. Davidson, James Murray.

The membership of the association has trebled since last year, and it is expected that many more members will be added before the close of the season.

The association has arranged for a water carnival, to take place Saturday, August 3, when this program will be carried out:

Boys' swimming race, 30 yards.
Double canoe race, ¼ mile and return.
Gunwale canoe race, 100 yards and return.
Lady and gent's canoe race.
Single canoe race, ½ mile and return.
Swimming race, 1000 yards.
Fancy swimming.
Water polo.
Tub race for children.
Fancy and long diving.
Polo tournament.
Open tandem paddle race.
Swimming race—1000 yards, for the championship of Canada.
Hurry-scurry canoe race.
Tug-of-war—3 canoes on each side and 3 in each boat.
