evidence back of them; and if half are true he is morally ruined beyond recovery. But there is no reason to believe that they are any of them true. The busiest tattlers have been one or two other clergymen who have long been jealous of the erratic parson's popu-larity, and it is found that wearers of the cloth are the quickest to accept as true and keep agoing the most extravagant tales of his immorality. They are like virtuous, sel-dom-tempted women, who have no mercy for the sister under suspicion, and con-demn her, without a hearing, as fallen. Mr. Munro, it may be true, has acted inliscreetly, but it will require the strongest testimony direct and unansweravidence back of them; and if half are true OTTAWA, April 10.-Monday, Oct. 12, he

Unmindful of the fact that ministers are very generally regarded as open to the same temptations and subject to the same weaknesses as other men, while they are held up to a strict acceuntability, even if they are not watched, he seems to have lost sight of the admonition of St. Paul to the Thessalonians, that it was essential for the Christian disciple to "abstain from even an appearance of evil." Although a married man he had often been seen walk-ing with pretty women who are members of his congregation.
