

TRIUMPH DE GAND, H.—Winters well. On a hard clay knoll fine show for fruit. Leaf and fruit stalks about the same on the average; one-third blossomed out, two-thirds unopened.

RUSSELL'S ADVANCE, H.—Winters splendid. Soil strong clay and light loam. Tall leaf and fruit stalk; one-half blossomed and one-half unopened. A wonderful show for fruit, and green fruits formed as large or larger than any sort on our grounds. We are so pleased with this sort that we are now, late as it is, setting out every plant we have to set.

WINDSOR CHIEF, P.—Hardy as a burr oak, and hence winters splendidly. On strong rich loam and poorish gravel showing a mass of fruit buds. Tall leaf stalk, short to medium fruit stems, and well protected by the mass of foliage; not more than one-fifth blossomed out. One of the safest.

CHAMPION, P.—On same plot, close to the last, similar as to leaf and fruit stalk; though fruit stems taller and more fully blossomed out.

CINDERELLA, H.—Winters splendidly. Tall leaf and fruit stalk; half blossomed out. We have no sort on our place that has a greater show for fruit, and that we are more pleased with, judging from present prospects, hence are making another large setting of them. We have it on sand, gravel and clay loam, and it is equally fine on all. Part of the blossoms are well protected by leaves.

DUCHESS, H.—Half hardy. Leaf and fruit stalk medium; great show for fruit; largest share blossomed.

JUCUNDA, H.—Half hardy. Short to medium leaf stalk, tall fruit stalk: one-third to one-half opened. Fair show for fruit on strong soil, light show on sandy soil.

KENTUCKY, H.—Winters splendidly. Tall leaf and fruit stalks—leaves, however, overtopping most of the fruit. Not over one-fourth blossomed out. Fine show for fruit on all soils.

BOYDAN'S 30, H.—Hardy. Medium to tall leaf and fruit stalks; leaves overtopping most of the fruit. One-third to one-half blossomed. Great show for fruit on all soils.

MONARCH OF WEST, H.—Hardy. Similar to last in fruit and leaf stalks, but not so fully blossomed out.

NUNAN, H.—Half hardy. Medium fruit and leaf stalk; largest share blossomed out; partly protected. Good show for fruit on strong and light soil.

PHILADELPHIA, P.—Hardy. Tall leaf and fruit stalks. Half protected by foliage; one-half blossomed out.

LENNING'S WHITE, H.—Hardy. Tall leaf stalk and short to medium fruit stalk; one-third blossomed out. Fine show for fruit on strong rich soil.
