Dear Sir,—In reply to yours of the 10th inst. I have to say that I am highly pleased with your incubator. I got a batch of ninety per cent. of the fertile eggs, and this result in the month of March is, I consider, more than satisfactory. As doubtless you are aware I have run some three or four American machines, and with the exception of the Prairie State, found them anything but satisfactory. Your machine is in every respect the equal, and in some particulars I consider the superior of the Prairie State. Congratulating you upon having mastered the science of artificial incubation and wishing you many orders for the "Toronto."

I am yours truly, J. L. CORCORAN.
