[FOR THE CRITIC]

NOVA SCOTIA.

Nouvelle-Ecosse, fair Province of the sea
Almost an island with thy lakes and woods,
Thy rivers find the tides of many moods
In not so many ways as I love thee.
Thou beautiful world of light and harmony,
No place in all thy dreamy solitudes,
No hill or slope or plain of rural roads,
No rock or shore, but stamps the heart of me.

Thou sun and season of my life, afar
Beyond the sea that meets the bending sky,
When thy full flowing radiance shall not hide,
The outer world that lies beyond the tide
I see, as in the night I see a star
When the day's sun has fallen from the eye.

Wolfville, N. S.

J. F. HERRIN.

A COUNTRY SONG.

An evening so clear
I would that I were,
To kiss thy soft cheek
With the faintest of air,
The star that is twinkling
So brightly above,
I would that I were
To enlighten my love!

I would I were heaven,
O'erarching and blue,
I'd bathe thee, my dearest
In freshest of dew.
I would I the sun were,
All radiance and glow,
I'd pour all my splendor
On thee, love, below!

If I were the waters
That round the world run,
I'd lavish my pearls on thee,
Not keeping of one.
If I were the summer,
My flowers and green
I'd heap on thy temples,
And crown thee my Queen.

If I were a kiln,
All fire and flame,
I'd mantle and girdle thee
Round with the same.
But as I am nothing
Save love-mazed Bill,
Pray take of me, make of me,
Just what you will.

LIBERTY.

For always in thine eyes, oh, Liberty!
Shines that high light whereby the world is saved;
And though thou slay us, we will trust in thee.

BOOK GOSSIP.

From D. Appleton & Co. comes "Tourmalin's Time Cheques," an
intensely interesting little volume, by F. Anstey, author of "Vice Versa,"
"The Black Poodle," etc. To tell any of this amusing tale would spoil it
for the reader, but all who are acquainted with the author's well-known style
may be assured that in this latest production they will find themselves, from
first page to the last, for the time being utterly oblivious of all but poor
Potter Tourmalin and his numerous trials. Though the book contains no
moral, the time is not wasted in reading it, and it will make an enlivening
companion for a summer afternoon. It is very attractively bound in an
appropriate style harmonizing with the title. Every one should read it.

A useful little treatise on "La Grippe, and its Treatment," for general
readers, by Cyrus Edison, M. D., has just been published by D. Appleton
& Co., New York. This timely little booklet will no doubt prove of great
use to such as are out of reach of a medical man, and those who prefer to
treat their ailments themselves. The greater part of the work was published
by the writer in the *North American Review* for February, and it has been
revised and published by the permission of the editor of the *Review*. We
see that La Grippe is credited with an ancient origin. A supposed outbreak of
it that occurred in the Athenian army having been recorded by Siculus, 415
B. C. Accounts of the disease before the 16th century are, however,
unreliable. The chief point is that the malady is not uncommon at the
present time, and that any one who wants to become informed what to do
for it had better send to the publishers for this book.

BOOK FOR ADVERTISERS.—Geo. P. Rowell & Co., of New York,
publishers of the American Newspaper Directory and of *Printers' Ink*, a
journal for advertisers—the oldest and best known of all the advertising
agencies—conduct their business in such a way as to make it a material
benefit to both advertiser and newspaper publisher. They furnish plans for
an advertiser and prepare his advertisement. For their services—designing
his advertisement and preparing his estimate—they make a sufficient charge to
pay for the required service of persons competent to do the work well.
They tell the advertiser what papers he should use and what the price will
be. If the advertiser wishes them to place the advertisement in the papers,
they do as he directs, and for that service the newspapers pay them. If the
advertiser wishes them to place his advertising through some other advertis-
ing agency, or to contract with the publishers, he is at liberty to do so, and
the estimate furnished by Messrs. Rowell & Co. serves as a guide. It tells
him where he is securing a bargain and where he is paying more than he
