To Limit Holders

THE TOWN OF MANITOWANING, ON THE inside channel of Grand Manitowaning Island, in direct and easy water communication with the timber limits of Algoma, offers superior inducements to lumber companies intending to establish works in this part of Canada. The best natural advantages obtainable anywhere. Further information upon application to W. J. TUCKER, Secretary Citizens' Committee, Manitowaning, Ont.

CURRENT TRADE CONDITIONS. ONTARIO.

Operations in the woods are not being carried on satisfactorily, owing to continued changes in the weather. It has been estimated that at least 25 per cent. of the production of logs will be left in the woods. For some time log hauling in certain districts has been at a standstill. A shortage in the lumber production of the coming season is now almost a certainty, although it should be remembered that some logs were carried over from last season, and these will be available for early sawing.

Lumber prices have shown no weakness during the past week. Prices of every grade are being maintained. At Toronto mill cull sidings, one to two inch, are selling at \$14.50, inch mill cull stocks at \$15.50, and common stock at from \$15.50 to \$19.50, the latter figure being obtainable for 1x12 and 2x12 inch stock. Canada dressing, 10 to 16 feet, sells at from \$19.50 to \$22, one inch dressing and better sidings at \$27, and 1½ to 2 inch dressing at \$21.50. Inch No. 1 cuts and better bring \$32, 1¼ inch \$35, and 1½ inch \$36. No. 2 cuts and better brings \$33.50, and No. 1 and No. 2 cuts, 1½ and 2 inch, \$30 and \$26 respectively. Common and box, 1¼ and 1½ inch, 10 and 12 inches, sells at \$17, and No. 2 box sidings, 1¼ and 1½ inches, at \$16.

As yet there have been no signs of a decline in prices of lath. No. 1 white pine, 1½ inch, are quoted at \$3.75 per M f. o. b. cars, Toronto, No. 2 at \$3, and Norway 1½ inch at \$3.50.

QUEBEC AND NEW BRUNSWICK.

Lumbermen in the eastern province continue to complain of the difficulty in getting their logs out of the woods, and there is a possibility that some of the mill owners will not get sufficient logs to enable them to fill contracts already entered into. The cost of logging so far has been very
