## CYPRIDOL in SYPHILIS

Cypridol is the *specific bin-iodized oil* (1% strength) of Fournier, Panas and other French specialists; preferable to other mercurial preparations, since it does not cause diarrhoea or salivation.

Administered by deep intramuscular injections in the gluteal region, or in capsules by the mouth, each of which is equivalent to 1-32nd of a grain of red iodide of mercury.

Dispensed in original bottles of 50 capsules, and in ampulas of 2 c. c. each, or in 1 ounce bottles for injection.

Prepared in the laboratories of VIAZ, of Paris.  
Agents, E. FOUGERA & CO., New York
