## LACTAGOL

My! what a hungry little man! What appetite! What a big, bright fellow you're growing to be—thanks to LACTAGOL—and the full, rich nurse it has brought mother plenty. Pity the babe who must live from the bottle. It's hard to tell what germs are breeding—how disease may threaten—when artificial feeding is adopted. Nature's way is baby's safeguard. It gives him fifteen times greater chances of robust health. LACTAGOL makes it possible for any mother to breast-feed her baby. It increases naturally the quantity and enriches the quality though weeks have passed since nurse has failed. Easy to take. One tin lasts from ten to twenty days.

Regular Size, \$1.25—3 for \$3.50  
Small Size, 75c—3 for \$2.00

LACTAGOL is sold by good druggists everywhere. If you cannot secure it, send the amount and it will be forwarded at once, delivery free.
