COFFEE THOMAS FLYNN.

morphia, ipecac, camphor and quinine. This is due rather to financial disturbances than to any alteration in demand and supply. In the New York market trade in opium is at a standstill, while morphine is offering at a cut from manufacturers' prices: the price of American saffron has been reduced, some small lots of the new crop having been received. Cables announce an advancing market in Europe for ergot.

FLOUR AND MEAL.—A general feeling of weakness still pervades the flour market; the export trade is dull, while the local movement shows no change over the last few weeks. A London

dispatch says that large importations of American flour, in sacks, have made flour there dull. Dealers here are offering to do a little better on Manitoba patents and strong baker's, quoting the former at \$4 to 4.10, the latter at \$5.70 to 5.80 per barrel. Meals find but light movement. Active enquiries are received for mill feed, but stocks are rather limited, and the movement by no means large.

FRUIT.—Transactions now take place with more expedition by means of the new fruit market. Strawberries have been arriving very freely during the last few days, but it is thought that the crop will soon be ripened and out of the market; quotations vary from day to day, we hear of some stock selling at 3c. per box. Small supplies of cherries have been received, but they are not in condition for re-shipment. A car load of watermelons was received last week. Bananas have not been received as freely this week as last. Quotations are as follows: Apricots, \$2.50 to 2.75 per crate; Bananas, 1st's \$1.75 to 2.00, 2nd's \$1.50 to 1.75, 3rd's \$1.25 to 1.50 per bunch; cherries, \$2.25 to 2.50 per 10 lb. box; lemons, \$4.50 per box; oranges, \$2.25 to \$2.50 per half box; watermelons, 40c. each. Good shipping stock of pineapples are now out of the market.

GRAIN.—The continued decline in wheat quotations appears to be checked, but in feeling or prospects there is little improvement.
