

IMPERATIVE SALE

Important Sale of Valuable Milling Property.

The Peterborough Milling Company will sell by public auction on the premises, on Wednesday, 11th April, proximo, at 3 o'clock p.m., the whole in one lot, or divided into several parcels, their valuable property, consisting of a model, new Flour Mill, Woollen Mill, Saw Mill, Power House, and extensive Water Power and Lands, on the Otonabee River, in the town of Peterborough.

The Flour Mill, a double Mill, stone building, having a large elevator, extensive storage and packing house adjoining, heated with steam from the Woollen Mill, and lighted by incandescent light, giving the lowest rate of insurance.

The Mill is full roller process with the latest improvements in machinery, by Messrs. Greer & Sons, of Toronto, capacity 500 barrels, and it pressed 60 per diem, separate water-wheel 181 H.P., for each Mill, also separate wheel for the elevator.

C. P. R. and G. T. R. cars can be loaded and unloaded to and from all points on the track at the Mill. The Mill has been thoroughly tested for three months, and the flour has established a high reputation in the markets.

The Flour Mill was rented for \$5,500.00 and taxes; the Woollen Mill is rented at \$1,500.00 and taxes; the Saw Mill at \$0.00 per month, and the Power House at \$10.00 per month.

In addition to the above there is a large and very valuable water power of which it is difficult to estimate the future value.

There is also a large parcel of land, extending along the River Otonabee, and lying between it and Water street, suitable for building lots.

Beside the railway siding switches, and cross-over, electric street cars run to the doors of the Mills.

This sale offers a rare opportunity for a profitable and paying investment.

TERMS on application to the undersigned.

W. CLUXTON, President.

OILS, PAINTS AND GLASS.—Spring freight rates come into force next Monday, 2nd April, and the warehouses are busy with preparations for "rushing out" the goods to fill orders that have been coming in for several weeks past. The out in price of turpentine noted last week of three cents per gallon is still in force, but prices in the South have since recovered a cent and a half, and an advance is not improbable here shortly. Linseed oil is firm at quotations; castor oil is easy and can be bought at 7½c. per lb. in single tins, while round case lots could probably be had at under 7c. Steam refined seal is easier, as new stocks will shortly be offered, and 45 to 46c. per gal. will now buy small jobbing lots. Reports have been received of some good takes of seals inshore, but reports from the regular fleet have yet to come to hand. There has been no further out in leads. Prices of window glass are unchanged. Brushes are likely to be advanced. Owing to the recent famine in Russia, there has been a serious decline in the number of boars, and the price of bristles has advanced some 20 per cent. We quote:—Turpentine, 49c. per gallon for single barrels; two to four barrels, 50c. Linseed oil, raw, 60c. per gallon; boiled 63c.; 5 barrel-lots 1c. less; olive oil, none here; castor, 7 to 7½c.; Nfd. cod, 40c. per gallon; Gaspe oil, 38c. per gallon; steam refined seal, 45 to 46c. in small lots.

CANADIAN PACIFIC RAILWAY CO.

A three months' dividend upon the Preference Stock of this company, at the rate of four per cent. per annum, will be paid at the company's London office, 1 Queen Victoria Street, E.C., on Monday, April 2nd, to stockholders of record on that date. The transfer books will be closed at 3 p.m. on Friday, March 16th, and will be opened on Thursday, April 5th, at 11 o'clock a.m.

By order.
