A Famous Institution.

THE INVALIDS' HOTEL AND SURGICAL INSTITUTE
 OF BUFFALO, N.Y.

From The Boston Herald.

What can be accomplished by judicious enterprise, when backed up by ability and professional skill, is shown by the magnificent buildings of the Invalids' Hotel and Surgical Institute at Buffalo. This model sanitarium furnishes one of the sights of Buffalo, not alone for its architectural beauty, but on account of the world-wide fame of Dr. Ray V. Pierce, who established the Institution many years ago, and is to-day its managing director and president. A beautiful five-story building situated on Main Street, the principal business street of Buffalo, the Invalids' Hotel can well be said to surpass any institution of its kind in the country.

Sixteen physicians form the medical staff of this Institution, who devote their time to the patients in the building, and to correspondence by letter with patients who consult them from all over the United States. Each physician or surgeon is chosen for his skill and proficiency in curing one class of chronic disease. Thus the patient has for his physician an experienced specialist who is thoroughly familiar with the case. A material aid to the medical treatment are the machines for giving "mechanical movements," or massage, electrical apparatus, Turkish baths, etc., with which the Hotel is thoroughly equipped. Large and airy rooms, parlors, reading rooms, elevator, and many other conveniences make this

A PLEASANT REMEDIAL HOME,

and far different from the private hospitals as commonly known. The World's Dispensary Medical Association, of which Dr. Pierce is President, is the owner of the Invalids' Hotel and the large laboratory, called the World's Dispensary, as well. Standing on the same lot, which runs through to the next street back, is the huge laboratory, six stories in height, which furnishes ample room for manufacturing Dr. Pierce's Favorite Prescription, Dr. Pierce's Golden Medical Discovery, Dr. Pierce's Pleasant Pellets, Dr. Sage's Catarrh Remedy, Dr. Pierce's Extract of Smart-Weed, or Water Pepper. These are proprietary remedies which have been sold for over a quarter of a century all over the United States, from the Atlantic to the Pacific. Carloads of these medicines are shipped every day from Buffalo to points East, West and South. An idea of the extensive business carried on by this Association can be gained by what is said of it by the postoffice authorities at Washington, D.C., who report that this one firm spends annually for stamps more than all the banks and newspapers of Buffalo combined, or over \$100,000. The mail matter amounts to from 30,000 to 40,000 pieces daily. The first story of the World's Dispensary building is occupied by the shipping department; the second floor is devoted to the large newspaper advertising department, and the mailing; third floor, printing room and bindery; fourth floor, drug mills and paper ware-rooms; fifth floor, bottling, wrapping and packing department; on the sixth floor is one of

THE BEST-PLANNED LABORATORIES

in the country, in charge of a thoroughly scientific chemist, formerly of the Harvard medical school laboratory. In fact, the equipment, the machinery and the system with which these large Institutions are equipped, and the marvelous manner in which everything works along as though by clockwork, would well repay a visit to Buffalo.
