PETITIONS

REQUEST FOR REPEAL OF CHANGES TO UI REGULATIONS

Mr. Carlo Rossi (Bourassa): Mr. Speaker, I have the honour to present a petition from residents of the Municipality of Saint-Hyacinthe, the City of Saint-Hyacinthe, and other Quebec municipalities. The petitioners maintain that recent unemployment insurance changes have put Canadian early retirees in a very precarious financial situation, that the changes were decreed without any debate in the House of Commons, and that most Canadians affected by these changes were not given sufficient notice before opting for early retirement.

Wherefore the petitioners humbly call upon Parliament to repeal forthwith these changes to the unemployment insurance regulations. And as in duty bound your petitioners will ever pray.

CANCELLATION OF KATIMAVIK PROGRAM

Mr. Howard McCurdy (Windsor—Walkerville): Mr. Speaker, for those on the government side who think that the anger about the cancellation of Katimavik did not exist or, if it did, has passed by, I have another 100 names on petitions from British Columbia and Quebec. These young people again take this opportunity to express their anger at the Government over the cancellation of Katimavik and for failure to develop a proper youth program.

DALY BUILDING

Question No. 261—**Mr. Gauthier:**

1. Has the Department of Public Works in any way disposed of its title to the Daly building and/or the Daly building site and (a) if so (i) by what means (ii) on what date (iii) to whom (b) if not, is any date projected for such disposal and, if so (i) by what means (ii) on what date (iii) to whom?

2. Is there any demolition and/or redevelopment schedule for the Daly building and/or the site and, if so (a) what demolition or redevelopment (b) on what dates (c) under what owner or lessee?

Hon. Roch La Salle (Minister of Public Works): 1. (a) and (b) The Daly building property is still owned by Public Works Canada. However, Treasury Board has approved the transfer of the property to the National Capital Commission. The Department of Justice will be requested to legally close the transaction.

2. NCC is looking for adaptive re-use of the building and has conducted a prequalification call which attracted 14 submissions. Six of these developers were then prequalified.

(a) NCC is now proceeding to Stage II of the proposal call, involving a request for financial proposals for the property. NCC considers that sufficient interest has been demonstrated to make retention of the existing structure possible.

(b) It is anticipated that financial proposals will be received by August, 1986, and that the necessary municipal and federal approvals will then be sought for a projected construction start of Fall, 1988.

(c) The selection of the lessee will depend on the outcome of the proposal call process.
