

McGILL UNIVERSITY
FACULTY OF APPLIED SCIENCE

Dean's Office:

FRANK D. ADAMS, Ph.D., D.Sc., F.R.S.—DEAN.

MONTREAL

June 6th. 1922.

General Sir Arthur Currie -

Dear Sir,

The Statutes of McGill University were last printed in the year 1908. Since that time a number of amendments have been made. These, however, are recorded only in the Minutes of Corporation or of the Board of Governors, and are, therefore, not generally known to the members of the University.

On December 19th. last the Board of Governors appointed a Committee to consider the revision of the Statutes. This Committee was instructed not only to incorporate in the proposed revision the amendments which had already been approved, but to suggest other amendments or alterations which might seem advisable under the changing conditions of recent years and the future growth and development of the University.

The Committee has addressed itself to this task during the winter and the accompanying draft of proposed new Statutes represents the first results of the Committee's work. The Statutes at present in force have been altered only where they had become obsolete or when changes seemed to be imperative.

The draft of the proposed new Statutes is now submitted for purposes of discussion. The Committee will continue its labors in the coming autumn, and will be glad to receive any suggestions or criticisms before the preparation of the final draft which will be presented to the Board of Governors and to Corporation early next session.

Frank D. Adams

Chairman of the Committee.
