

should be allowed as long as the patient can stand it.

This remedy was given my grandmother by some Choctaw Indians she had befriended, and has proven effective in every case used.

Of course this will entitle me to your \$100,000⁰⁰ offer for a cure!

The herb should be gathered young in the spring time, and if not yet fresh you, as you are unable to get it, write or visit me and I will prepare it here
