CHANGES THIS YEAR

Reductions More Numerous Than Increases—Some

Big Cash Bonuses.

NEW YORK, July 29.—Numerous creases in dividend rates have been clared to date in 1913, but these in-

declared to date in 1913, but these increases, for the most part, are unimportant, and have been largely confined to public utility companies.

Records show that some fifty companies increased their rate of payment to stockholders, and of these no less than 33 were public utility corporations. New York, Chicago and St. Louis was the only railroad to increase its rate. Some of the more important companies that increased rates are: Mexican Petroleum, American Tobacco, Brooklyn Rapid Transit, Detroit United, Guggenheim Exploration, Colorado Fuel and Iron, preferred, and United States Rubber.

For the same period in 1912 fewer

For the same period in 1912 fewer meerns increased their rate of pay-ment than the current year shows, but

BOOK

ment than the current year shows, but in 1912 the increases were of greater importance, including six railroads and several large copper companies. There have been more important reductions in the dividend rates this year than increases. Several copper companies were unable to maintain their dividends in the face of declining prices for the metal. Calumet & Hecla. Ahmeek, Osceola, Mohawk, and Quincy all reduced disbursements and Greene-Cananea dividend was passed. Of the railroads, Boston & Maine and Western Maryland (preferred) dividends were passed, while New York, New Haven & Hartford's and Bangor & Aroostook's were reduced. Pacific Gas & Electric, American Beet Sugar, International Steam Pump, Prairie Oil & Gas, M. Rumely, Pennsylvania Steel, and B. F. Goodrich are some important industrials that passed A few extra large cash payments were announced this year. American Can paid 24 per cent. and Colorado Fuel & Iron 35 per cent. back dividends on their preferred stock. Other large cash dividends were: American Tobacco 15 per cent. Standard Oil of New York \$40, Standard Oil of Indiana 11 per cent., Eastman Kodak 15 per cent. Mahoning Coal \$25, Anglo-American Oil \$10 and Gulf Oil 100 per cent. Several big stock dividends were declared, most of them on former subsidiaries of the Standard Oil Co.

## SMALLER GAINS IN RAILWAY EARNINGS

Percentage Increase Lowest in Year-U. S. Roads Made Best Showing.

Rallway earnings this month are proving somewhat of a disappointment, the
increase in the gross over last year falling off considerably from the recent figures. For the first two weeks of the
month Canadian roads report a gain in
gross of only 3.2 per cent, which is the

# FIRM UNDERTONE IN

Speculation Continues at a Low Ebb-Slight Reaction in Americans.

LONDON, July 29.—The stock market was quiet today, with a generally good undertone, except in the Kaffir section, which remained dull. Home rails gained fractionally, and Mexican rails and consols wewe firm but copper, eil, and rubber shares weakened in the afternoon.

American securities opened steady, and about unchanged. Light buying advanced prices slightly during the forenoon, but the market receded later and closed easier. There was a plentiful supply of money, and discount rates were firm.

## ANNUAL PRODUCTION OF COBALT'S MILLS

Estimated at Fourteen Million Ounces-Visit of the Metallurgists.

COBALT. Ont. July 29.—(Special.)
—The visiting savants will today visit the old silver mine on Lake Timiskaming. Some tweleve metallurgists are so desirous of seeing the new Telluride camp at Kirkhand Lake that an engine will take a coach to Swastika tonight and the party will rejoin their train at Swastika at midnight. Last night's reception by the Cobalt branch of the Canadian Mining Institute was a great success. All listened to papers by Fraser Reid who estimated that the seventeen milis in the camp were proseventeen mils in the camp were producing 14.000,000 cunces yearly, and to A. A. Cole. Afterwards there was a dance which might be called of all nations are Market way and the control of nations as acarly every nationality
was represented in the whirl.

## BAR SILVER AT NEW HIGH FOR MONTH

Silver metal made a new high record for the mouth in New York yesterday at 59 5-8c an ounce, at which figure it was 1.1-2c above the quotation three weeks ago. London-cables reported bear covering for India speculators and buying for Chinese account. News of serious trouble in China; occasioned some apprehension, as a setback in trade would pattrally follow, but anticipations of early collapse of the revolution offset the adverse influence.

Silver made its high record this year in January at 53 3-4c and its low in March at 56 5-9c. The present quotation is a little below midway between these.

EALED TENDERS, addressed to the

SEALED TENDERS, addressed to the undersigned, and endorsed ."Tender for Dredging, Rainy River, Ontario," will be received until 4.00 p.m., on Tuesday, Aug. 12, 1913, for dredging required at Rainy River, Ont.

Tenders will not be considered unless made on the forms supplied, and signed with the actual signatures of the tenderers.

surgent Democrats on the house banking committee.

Chairman Glass, however, declared the committee had its hands full considering the administration currency bill and did not propose to be diverted. He and other members of the committee, however, made it plain that they shared the secretary's opinion as to the reasons for the depression.

"The secretary of the treasury should be summoned before the committee on banking and currency instanter and reveal the facts to the American people as their agent," said Henry's statement, "and the head of every great bank in New York should be sent for at the earliest possible moment, placed upon the stand before the committee and grilled most thorolly, in order that the American people may know the exact facts about this controversy. The secretary can, and doubtless will, demonstrate exactly how these gentlemen manipulate the market, put up and down prices of U. S. bends and control the financial description.

Made on the torms supplied, and signatures of the tender-res.

Combined specification and form of tender can be obtained on application to the servician because committee can be obtained on application to the servician because of the learn because of the work ontracted for. Contracted for. Gentacted for the date they have been notified of the acceptance of their tender.

Each tender must be accompanied by an accepted cheque on a chartered bank. Payable to the order of the dorent must be accompanied by an accepted cheque on a chartered bank. Payable to the order of the dropen for the contracted

# Typewriter Efficiency

OME stenographers are crackerjacks. They can make a typewriter sit up and sing. They can turn out work by the yard, clean, neat, accurate; and take hold of the office routine and make it run like clock-

All this sounds like a great big dream with a poor stenographer. After fussing and fuming and swearing, correcting mistakes and explaining the simplest matters over and over again, he begins to lose faith in the whole

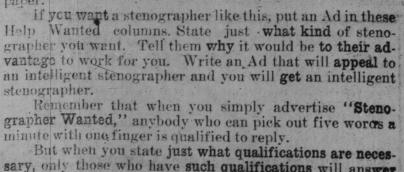

When you mention good stenographers to him he sadly shakes his head and says, "There ain't any. Some are worse than others, but they are all bad. But this isn't true. There are good stenographers, plenty of them. There are stenographers who can take so

much work off your hands and worry off your mind that your office will seem like a rest cure. These stenographers are the capable, energetic, goahead sort. They are always looking for opportunities of bettering themselves.

This desire to get ahead naturally makes them keenly alert to all opportunities for advancement. And they find these opportunities in the Help Wanted columns of this

vantage to work for you. Write an Ad that will appeal to an intelligent stenographer and you will get an intelligent Remember that when you simply advertise "Steno-

But when you state just what qualifications are necessary, only those who have such qualifications will answer your Ad. Make your Ad an order for a good stenographer

and you'll get a good stenographer.
