PARIS, Aug. 3.—The Belgian Government has published a second gray book containing various documents relating to the war, notably a communication from Baron Guillaume, Belgian minister to Paris, to the Belgian minister of foreign affairs, dated Feb. 22, 1913, apparently contradicting documents recently published by the Germans alleged to have been found Germans alleged to have been found in the state archives at Brussels and purporting to have been written by Baron Guillaume. purporting to have been written by Baron Guillaume. Explaining to M. De Margerie of

the French foreign office the meaning of the Belgian military law, Guillaume writes that he said: "We wish to avoid, if possible, having Beigium again become as she too often has been the battlefield of Eu-rope, President Poincare has assured often has been the battlefield of Europe, President Poincare has assured me France never would take the initiative to violate our neutrality. Our aim is solely to prevent to the limit of our forces the violation of our

neutrality." The second part of the gray book phsists of protests addressed by the Belgian Government to the Austrian and German Governments against alleged violations of the laws of war and The Hague convention.
