

XI. He shall personally supervise the distribution of the milk, bread, meat, and such other articles as are required in the wards, according to the diet book, and shall make out from the daily return of diets, the necessary calculation for the quantities of the articles required for the day's consumption, and shall fill up and sign the orders for the daily supplies.

CHAPTER V.

THE MATRON.

The Commissioners shall appoint a Matron, who shall reside in the Hospital, in apartments to be designated by the Committee of Management, and who shall receive a salary of per annum, but shall not be allowed any other emoluments, perquisites or fees, whatsoever.

HER DUTIES.

I. She shall visit all the wards in the Hospital twice every day, and see that they are properly attended by the nurses and assistants.

II. She shall oversee the patients and servants, and take care that the wards, bath rooms, halls, windows, entries, and medical officers' apartments, the beds, clothes, linen, and other things are kept clean and in order. All the patients, nurses, and servants, under the direction of the Steward must obey her orders.

III. She shall immediately report to the House Surgeon any of the nurses or their assistants who neglect to keep their wards in order, or violate any of the rules of the Institution.

IV. She shall take care of all the household goods and furniture placed by the Committee of Management, House Surgeon or Steward under her charge.
