ISOLATION HOSPITAL

AN ACTUAL DEATH TRAP

Continued From Page 1.

pletely cutting off the light essential to the health of the patients.

Evils of Abattoirs.

"The slaughterhouses are a disturbing factor in the health of the city. There are 76 slaughterhouses in the city, 12 of which have no sewer connection. The refuse from the others is running miles thru the streets, and we are getting the benefit from many man-holes.

"Next inspection is a serious problem. In one slaughterhouse inspected three tubercular cattle were discovered, which were about to be slaughtered. We should have a municipal abattoir in Toronto in connection with the municipal market."

Ald. J. A. McCauldron announced his retirement from municipal politics, and stated that in all probability Ald. McCarthy would run for board of control. New blood would be needed.

Gordon Waldron gave an interesting address on the proper housing of workmen. He told of the municipal operation in Germany and Spain.

Or Mother Looking.

She: They say there are germs in measles. What do you suppose a girl could catch that way?

He: A husband.—Boston Transcript.

Use Gibbons' Toothache Gum—Price 10 Cents.

THE WEATHER

OBSERVATORY, TORONTO, Nov. 6. (8 p.m.)—A disturbance, which has been appearing over the Southwestern States last night, has moved quickly westward, bringing rain and gales.

The weather in the western provinces today has been cloudy and cool, and there are now indications of a cold wave from the northward.

Minimum and maximum temperatures: Calgary, 24-34; Edmonton, 30-40; Regina, 29-39; Qu'Appelle, 30-42; Winnipeg, 27-37; Port Arthur, 30-42; Parry Sound, 31-42; Toronto, 35-51; Ottawa, 32-44; Montreal, 32-46; Quebec, 32-47; St. John, 30-40; Halifax, 28-40.

Probabilities.

Lower Lakes and Georgian Bay—Strong winds and gales from the westward for the next few days, clearing.

Ottawa Valley and Upper St. Lawrence—Southwest and west gales clearing.

Lower St. Lawrence and Gulf—South gales clearing.

Maritime—Strong winds and gales, shifting to southwest and westward.

THE BAROMETER.

DEATHS.

BALY—At St. Michael's Hospital, on Nov. 6, 1911, James Baly of this city. Funeral notice later.

MUNRO—At 124 Bloor-street, early Monday morning, Nov. 6, 1911, William Munro of Booth, Nairnshire, Scotland, in his 84th year.

Funeral on Tuesday, Nov. 7, at 3 p.m. from St. Michael's Presbyterian Church, 124 Bloor-street. Friends kindly omit flowers.

SHEPPARD—At Toronto, on Nov. 6th, 1911, Miss Mary Sheppard, aged 84 years, late of York Mills.

Funeral from undertaking parlors of Washington & Johnson, Queen-street East, at 4 p.m. Tuesday. Please omit flowers.

SULLIVAN—At 379 St. Clarens-avenue, Bartholomew Sullivan, in his 95th year. Funeral Wednesday morning, Nov. 8, at 8.30 o'clock to St. Helen's Church, Interment in St. Michael's Cemetery.

FALL OF PEKIN

NOT CONFIRMED

Continued From Page 1.

Hsu, civil administrator, and Lee Hsieh, military administrator.

The appointments, however, are not taken seriously by the appointees, denying knowledge of the action of the revolutionary committee, except in the case of the civil administrator, who has been acting in that official capacity.

Wu Ting Fang, while declining to acknowledge any participation in the revolutionary administration of Shanghai, openly sympathizes with it, although criticizing some of the methods. He is bitterly opposed to the Manchukuo in Peking. Mr. Wu says that if the revolution hopes to win it must scrupulously regard the rights of foreign nations and individuals. This, as time progresses, will be found difficult because of the conflicting views held in different provinces.

No Opposition to Reformers.

The government at Peking has instructed the viceroy of Nanking not to oppose the reformers. Nanking, therefore, is expected to turn over to the revolutionaries in a few days.

Perfect order prevails at Shanghai. The arsenal, which was captured by the rebels, has resumed work. The revolutionary committee has ordered the return of the rifles and ammunition which were given out indiscriminately. The committee is retaining the rifles without a certificate will be immediately beheaded.

Shanghai, in the Province of Chekiang, famous for its mines: Quinsan and Kashiung, in the same province, surrendered peacefully to the rebels late to-day. Order is being maintained. With the exception of Wushih all important points on the railroad from Shanghai to Chinkiang are now in the hands of the revolutionaries.

Nanking is still outwardly loyal and quiet, but the Tartar general is so unpopular that an upheaval threatens.

Amoy Not Captured.

AMOI, Nov. 6.—The report of the revolutionaries that Amoy is unforthrightly in the hands of the rebels, and that there are no disorders.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

LIBERAL LEADER'S APPEAL

TO ONTARIO SUPPORTERS

Continued From Page 1.

which our provincial government should deal. It is the duty of the government by wise measures to contribute to social, educational and moral reform.

Holding this Liberal faith, as leader of the Liberal party of this province, I beg to submit the following statement of policy and to appeal to all electors, irrespective of party, to rally to its support.

NEW ONTARIO DEVELOPMENT.

In order that the government may enter seriously upon the problem of the settlement and development of New Ontario, I propose the creation of a department of immigration and colonization, to be presided over by a minister of the crown, who shall devote his whole time and energies to this important work, among other matters, to the promotion of settlement, building of roads, installing other necessary transportation facilities, providing drainage requirements, assisting pioneer settlers to secure loans to limit the cost of the security of the lands occupied by them, repayable over a term of years, giving special assistance to pioneer schools.

Our further policy is the maintenance of the colonization character of the settlement and the promotion of the settlement of the province, by the protection of shippers and settlers from inequitable rates by subsidizing the railway to regulation by the Dominion Railway Commission and the general railway law; removing just grounds of complaint by permitting actions at law against the railway without the necessity of first obtaining permission from the attorney-general; placing the railway in the same position as other railways in the matter of payment of municipal taxes; the extension of the railway with all practicable speed to a suitable outlet to Hudson Bay; and branches as required for the development of the country.

The encouragement of mining by a reduction of the fees for prospecting and recording, by ensuring reasonable transportation facilities, and by giving increased stability to mining titles.

The securing for underground miners an eight-hour day.

The boundaries between Ontario and Manitoba should be so delimited as to give Ontario a suitable port on Hudson Bay for ocean going vessels.

AGRICULTURE.

We believe that the people of Ontario view with grave concern the serious decline in the rural population of this province, as disclosed by the recent census, and we propose the immediate appointment of a royal commission to enquire into the causes thereof, and to suggest measures which in the opinion of the commission should be taken to prevent and remedy the decline, and to promote the general agricultural interest of the province.

The commission should be specially instructed to consider and report upon the need for technical instruction in farming in our rural schools, and special technical education in fruit growing districts.

In the meantime we propose to adopt measures:

To bring about the active immigration into this province of suitable people for settlement and employment upon our farm lands; to induce land-seeking farmers to settle in the province by locating in New Ontario instead of emigrating to Western Canada.

To secure the building of a good road system throughout Ontario by an issue of provincial bonds or by other assistance on an adequate scale, thereby facilitating traffic and ensuring quick delivery of farm and garden products.

To extend in every feasible way public light, power, and telephone services to the farms of the province.

To provide for the establishment of suitable demonstration farms throughout Ontario, to promote Ontario's apple and general fruit growing industry by establishing demonstration orchards, and to advertise widely the products of the growing apple industry by holding an annual provincial apple show.

To appoint a sufficient number of provincial inspectors with authority to deal effectively with the evils of noxious weeds, insect pests, and diseases of orchard trees.

To make Civil Agricultural College more useful by enlarging its sphere of experimental work, especially in stock breeding.

TAXATION.

Social justice demands the removal of existing inequalities in taxation and we propose:

The amendment of the Assessment Act, to permit municipalities to exempt improvements from taxation either in whole or in part.

To provide that the property of railway and other public utility corporations shall continue to be exempt from municipalities and the province on a basis of assessment and taxation in every respect equal to the assessment and taxation of the property of private citizens.

SOCIAL AND INDUSTRIAL BETTERMENT.

The betterment of the social and industrial condition of the masses of the people shall be one of our supreme concerns.

The evils of intemperance constitute a grave social peril. During the ensuing parliamentary term, we will consider the best form of legislation to deal effectively with this evil and the passing upon our proposals at the following general election.

We will immediately abolish the three-fifths vote in local option contests and substitute a simple majority.

During the continuance of the license system, we will secure the removal of its administration from political influence.

We promise the passage of a measure to provide for compensation of workmen injured in our industries, and to dependents where such injuries result from the negligence of the employer, in Great Britain, and to insure in all cases the payment of such compensation.

Special investigation and supervision by the province of matters affecting the health and wellbeing of industrial workers and communities; encouragement to town planning and the prevention of the growth of congested areas; the suppression of tuberculosis and the avoidance of occupational diseases.

EDUCATION.

If the youth of this province are to receive an education to fit them for citizenship, a more progressive and adequate educational policy is urgently needed.

To promote a more co-operative relation between the primary schools, high schools and the universities; more liberal grants in aid of primary education; the promotion of industrial training and technical instruction in urban and rural communities; the restoration of model schools with a view to increase the supply and efficiency of teachers.

To provide for the training of teachers, and thus insure under proper regulations that the pupils in every school in the province shall receive a thorough English education.

PUBLIC OWNERSHIP AND CONSERVATION.

We believe in and will support public ownership and operation of public utilities and the utilization of the water power throughout the province for the generation and distribution of electricity; the acquisition and operation of telephone lines.

A scientific policy of forestry, including the necessary reforestation of and the protection of the province of our timber resources by the re-planting of the crown timber by private sale or tender; assistance financially, by government, to the owners of timber lands to purchase and reforest the thousands of acres of waste land now covered with brush and undergrowth in many portions of the province.

We condemn the alienation by the Whitney government of millions of acres of the public domain by way of land grants to railway corporations.

Political Intelligence

JUNIAN MACARTHUR CHOSEN

Retirement of Jas. Doyle Led to Spirited Contest in North Middlesex.

ALISA CRAIG, Nov. 6.—(Special.)—Duncan MacArthur, popular veterinary surgeon and cattleman of Alisa Craig, was today chosen by the Conservatives of North Middlesex to contest the riding in place of the former member, James Doyle, who on being tendered the unanimous nomination, announced that, thru ill-health, he would be unable to be a candidate. Despite the pouring rain, only nine delegates failed to appear and enthusiasm ran high. J. P. Roberts, president of the riding Conservative Association, presided.

The following were nominated: John D. Drummond, W. T. Uelen and John McIntyre of McGillivray Township; James W. Cameron, Stratford; Duncan MacArthur, Alisa Craig; James Brown, West Williams; and A. K. Hodgins, Biddulph. After five ballots had been taken, Mr. MacArthur was declared the choice, which was then made unanimous.

Speeches were made by George Elliott, P. R. R. Ganay, M.L.A., and Mr. Doyle.

PRESIDENTIAL LIBERALS.

VANKLEER HILL, Nov. 6.—The Liberals of Prescott County met in convention today and nominated Guy E. Vankleer Hill to contest the riding in the forthcoming provincial election. He received a majority of 43 votes over Mr. J. A. Gendron, Conservative.

J. M. Lapointe and Fournier presided and nearly 50 delegates were present from all parts of the riding.

The Prescott Conservative convention will take place at Alfred on Thursday next.

W. HASTINGS CONSERVATIVES.

BELLEVILLE, Nov. 6.—A largely attended convention of the Conservatives of West Hastings was held in this city this afternoon for the purpose of selecting a candidate for the approaching provincial election, and to elect officers.

The officers selected were: President, A. A. Abbott of Trenton; secretary, C. E. Ketcheson of Sidney; treasurer, C. Bogart of Belleville.

For candidates: K. W. Johnson, M.L.A.; C. H. Ketcheson, ex-Mayor of Belleville; Dr. C. W. Rowe, Dr. Richardson, Dr. P. O'Rourke, K. Ketcheson and W. H. Matthews were nominated, but all retired in favor of Mr. Johnson, whose nomination was made unanimous.

ONTARIO RAILWAY AND MUNICIPAL BOARD.

There should be an enlargement of the powers and reorganization of the Ontario Railway and Municipal Board, so as to render it an influential and effective tribunal in the public interest.

ADMINISTRATION OF JUSTICE.

It will be our duty to combat at all times by legislative enactment and administrative action such trusts, mergers and other combinations of capital as stifle competition, increase the cost of living and impair political independence.

We will abolish the right of the courts to deny access to the courts to those who claim to have suffered wrong or damage thru action of the government or any commission appointed therefor.

CIVIL SERVICE REFORM.

The spoils and patronage systems are inimical to the highest efficiency of the civil service and to the best interests of the country. A service commission and that appointments and promotions in the service shall be by merit after competitive examination.

ELECTORAL REFORM.

We will prohibit under adequate penalties all corporations over which the province has jurisdiction from making campaign contributions; require the publication of all campaign contributions to candidates and political organizations, and provide for the appointment of a public prosecutor in England, Wales, and Scotland, to give to the voters of this province the right to elect a free and honest government.

I shall make an early opportunity of discussing before the electors the policies herein outlined, and I appeal to the voters of this province to give to the Liberal candidates thruout this province their cordial support.

Yours respectfully,

Newton W. Rowell.

WILL PRESS DEMANDS

OF BRITISH COLUMBIA

Premier McBride and Attorney General Bowser to Discuss Matters at Issue With R. L. Borden

OTTAWA, Nov. 6.—(Special.)—Premier McBride of British Columbia, accompanied by Attorney-General Bowser, arrived in Ottawa to-night, and will confer with Hon. R. L. Borden to-morrow morning on several matters at issue between the province and the Dominion.

Premier McBride goes on to Montreal and New York and will leave Attorney-General Bowser to carry on the negotiations here. The province asks: An equitable subsidy settlement. The transfer of the railway belt to the province. A more adequate system for the protection and conservation of British Columbia fisheries.

More stringent anti-Asiatic immigration laws.

British Columbia has not been and is not being satisfied with the extra allowance of one hundred thousand dollars for ten years granted by the federal government in 1908-9. The minister, who came here, says, however, that they have not determined upon what sum would be satisfactory.

The province has been willing for some time to buy back the railway belt along the C.P.R. line, a belt originally 40 miles in width, in which have been the subject of dispute as between the two governments.

The settlement of this question will be discussed.

The provincial ministers claim that the salmon fisheries are insufficiently protected, and the immigration of Asiatics has been very large under loose regulations, laxly administered.
