Canada intends to exclude from the mails and whether anything the postoffice department sees fit, getting a sp olphe Lemieux, Dr. Coulter and Sec-

retary Smith will represent Canada.

Considerable Damage Done at 176 E, King St. Early Last Evening.

Fire which originated in someway unknown in the "bonded warehouse" of the Horrocks cigar factory, on the second floor of the building at 176 East King-street,

The blaze was going good when an alarm was turned in, and the firemen had to be liberal with the water, lest the fire get away from them, and only the one floor suffered from burning, but the stock of raw leaf tobacco was badly damaged, and the loss, it is estimated, will be heavy.
The ground floor is occupied by E. G.
West & Co., druggists' sundries, loss about
\$700, and H. E. Livingstone, representing
the Dominion Paper Company, loss \$500. In lighting the gas in the notion store window at 738 West Queen-street, the goods caught fire, and about \$1000 damage, divided between the building and contents, resulted. M. Fabian is the occu-

YORK COUNTY AND SUBURBS

JUNCTION IS TO ORGANIZE PUBLIC OWNERSHIP LEAGUE

Request Made for Public Meeting -York Township Council on Trail of T. & S. Railway.

Toronto Junction, March 4 .- Abundant evidence is forthcoming that the Public Ownership League inaugurated so successfully last week in the city is growing so rapidly in popularity that it will soon become the most powerful force in the province for the public good. A few leading citizens of Toronto Junction met together to-night and got up a requisition asking the mayor and council to call a public meeting with a view of the formation of a branch of the league in the town. Forty signatures were obtained in about the same number of minutes, and over 200 people are anxious to join as soon as the league can be formed. In their requisition the signatories say they are of league can be formed. In their requisition the signatories say they are of opinion that good service and reasonable charges for public utilities can only be obtained when the people have full control over them. The people of the Junction have had more than their fair share of neglect at the hands of the great monopolists. The extortionate charges of the Bell Telephone Company, the dilapidated cars and wretched service given by the Suburban Street Railway Company are crying scandals, and the utter disregard of the latter company to live up to its agreements has so incensed the people of the district that they have determined that the company must either bring its service and rolling stock up to modern requirements or its franchise will be cancelled. Mayor Baird and the reeves of York Township and Weston have had a conference with the company, who have promised many improvements, and that promised many improvements, and that they will pay the arrears of mileage due to the town; but they wish to make it a condition of the payment that the money be expended upon the roads over which their track is laid. The townspeople consider this proviso a piece of insolence, but in order to get an improved service with the least possible delay the council are inclined to accept delay the council are inclined to accept the arrears with the condition attach-

The regular meeting of the town council was held to-night. A communi-cation was received from W. A. Mc-Master regarding the claim of Mrs. Kelly, who was injured thru falling on Ottawa, March 4.—Postal officials of Canada and the United States will discuss on Thursday the proposed abrogation of to become members of the Canadian

The Canadian Government objects to carrying tons of what is taken as second-class matter in the United States and not so classed here.

If these periodicals were published in Canada they would pay substantial postage.

Canada intends to exclude from the mails getting a spur line run in from the C.P.R. As this latter would run over the Weston-road the council were averse to it, and it was decided to re-TOBACCO WAREHOUSE ON FIRE fer the matter to the executive commanufacturing firms in the town with the exception of the two piano firms had sent in their reports of the number of hands employed in accordance with the bylaw. |The question of the re-numbering of the streets was referred back for further amendment The report of the board of health recommending the appointment of Dr. caused considerable damage early last Hopkins as medical health officer and E. Ward as sanitary inspector was adopted. R. J. Agnew wrote asking if the council intended joining councils of York and Weston in the requisition to the Ontario railway board to make the Suburban Railway Co. live up to its agreement. Mayor Baird informed the council that the matter was under consideration, and it was not expedient to make a public announcement at the present time of what was being done R. J. Sleigh, property assessor and building inspector, reported that the population of the town was now 10,098, an increase of 1535 over last year, and that build-ing permits had been issued for three houses to be erected at a cost \$5800. Notices have been posted around the C.P.R. shops and yards reminding the employes that dead is not to be moved

on Sundays unless there is a quantity f perishable goods on hand, as it is contrary to the new Lord's Day Act. This will not be very welcome news o merchants who desire goods in a Notwithstanding the indignation meeting held at Weston on Saturday

ast, and the general disgust of the people of the town and the promises made by the Suburban Railway Co. to improve their service it was in the same condition again to-day and on Weston-road. Fortunately no one

North Toronto

The wafer, fire and light committee received tenders last night for the year's supply of pipes and fittings. The tenders were in itemized form and were referred back for submission in bulk. The town engineer ask ed for the installation of a telephone, together with a steam whistle as fire alarm. In view of the fact that the money bylaw was defeated at the January elections Mayor Fisher favor-ed doing without these conveniences for the time being. Ebenezer West, Broadway-avenue, enquired on what terms citizens on the side streets could have street lighting, and again the adverse vote of the electors proved the stumbling block, as light can only be had on the local improvement plan. Chairman Lawrence consider ed this unfair, as the cost on Yongestreet was paid for out of the general taxes, while residents on side streets

are expected to pay for their own. Mimico. The Christian Endeavor department of the Epworth League took charge of

York Township Council.

Yesterday's meeting of the township council proved a pretty lively one. Applications were received for the position of road commissioner from Ed. Osborne, Coleman; G. Spinlow, James Brown of Norway; W. O. Duncan, John Breakey and S. T. Humberstone, Newtonbrook. Another application was received from William Kennedy of L'Amaroux, as follows: "Should you deem it necessary to make an alteration in your present staff of colleagues either by your own consideration, or should death occur, or resignation, of treasurer for the township, or auditor, or assessor, for our division, or commis York Township Council. or assessor, for our division, or commissioner for this division, would you kindly give a favor of your consideration regarding my qualifications or security for such. You have my congratulative feelings on resuming your position as reeve of this township, as a fully thought your description. I fully thought you deserved, regarding the stand which you have taken in the past few years as councillor."

John Wanless drew attention to the poor gravel being deposited on St. Clair-avenue. R. W. Hannah desired a few carloads of cinders for Oak-avenue, between Queen-street and Cedarnue, between Queen-street and Cedaravenue. George Syme wrote re the dangerous condition of Syme's-road. The engineer stated that the drain, which made the road dangerous. Is private property. The Cannon Granite Co. replied re the electric light and power poles on Pleasant-avenue, Deer Park, that they have a ten year contract with the Stark Co. John Ellis, Swansea, conplained that the Stark Co. put electric light poles on Ellis-avenue. Thomas Crawford, clerk of Scarboro Township, informed council that the Scarboro council voted \$125 for the the Scarboro council voted \$125 for the York council to vote a like sum. Many deputations were present. One from Mount Dennis was headed by John Bayliss; it protested against the Toronto and Suburban Railway. It

was as much as one's life was worth to ride on one of these cars, he said. The people should receive something in return for the bonus of \$5000 given. Dr. Irwin, reeve of Weston, said that Weston had a grievance, since the road was built. The municipalities should take concerted action. R. G. Agnew of Toronto Junction said likewise. Joseph Brown of Mount Dennis said that the citizens of that part of the township were promised ten tickets for 25 cents \$5000 bonus, which promise was kept until the present management came into power. It was resolved that the solicitor make application before the railway board for an order directing the company to equip and maintain

ment, and with the statutes. The trustees of Hillcrest School, Wychwood, petitioned the council to ways opposed the publication of the ing around and ran into her upset the pot and got the contents on her arm and foot.

The Warman Annual Contents on the arm opposed the application. He was told opposed the application. Minico office, corner Superior and Stanley-avenues, to-morrow, from 9 a.m. till 6 p-m.

ENGLAND ONCE A MEMBER OF THE TRIPLE ALLIANCE

Curious Revelation Made in a Recent Volume in Which is Told the Story of the Treaty.

Paris, March 4.—England at one time practically was a member of the triple alliance, is the curious revelation made in the recently published volume, "The Ambassadorship at Paris of Baron de Mohrenheim was the Russian ambas-

sador here for fourteen years and conducted the Russian end of the negotiations that resulted in the dual al-Jules Hansen, the author of the book, was the counsellor of the embassy dur-ing that period. Hansen says his information comes from a "sure source."

He says that, besides the official treaty constituting the triple alliance with its appended military conventions,

Emperor William and King Humbert verbally engaged their words of honor to remain true to the alliance and to use very influence, should the case HEAD OFFICE arise, to prevent their ministers from dissolving it. — Emperor Francis Joseph later joined this pact and autograph letters between the three sovereigns consecrating it

were exchanged.

When made, Hansen says, the kaiser was thinking only of France; Emperor Francis Joseph only of the possible agressians of Russia and the Slavs of The military portion of the conven-

tions was prepared with the most scrupulous care. It foresaw the possible necessity for the union of the Austrian and German forces on the Rhenish frontier against France, the union of Italian and German fleets in the Baltic against Russia and joint operations of the allied armies and navies in the Dardanelles and beyond This information is absolutely exact

treaty was because it contained as many cases against Russia as against The Woman's Auxiliary will meet to protest to the inspector of schools, the rectory to-day at 2.30.

The application of the trustees was the dual alliance by dissipating Ruscabinet, whereby in no case would

Italy be engaged in a league against England." In the renewal of the treaty in 1902 Mr. Prinetti "forgot the reserve con-cerning England." Great Britain, says Mr. Hansen, was very prudent and

"limited itself to declaring that in the Boggis as assessor for division No. 5 event of war between Russia and Auswas accepted and Robert Marsh was tria or between France and Italy, in the Mediterranean, it was very proba-WHEEL PRESSED BOY'S CHEST ble that Great Britain would intervene against Russia in the one case and France in the other without admitting England obligations as a casus foede-

sweep — ruining digestion, sapping strength, till finally they destroy health.
