PENSION BILL PASSES.
Senator Ferguson Falls in Effort to Regulate G. T. R. Fund.

Ottawa, April 9.—(Special.)—In the Senate today, Senator Ferguson resumed the debate on Senator Ferguson's motion to amend the Grand Trunk pension bill by providing that the company cannot ask employees to waive rights to damages for injury or death of the company's service. Mackenzie said the Grand Trunk was going to furnish all the money and should be given the right to make regulations.

Senator G. W. Ross stated that apparently the Grand Trunk wanted to be able to do something generous for its employees. If hardly seemed necessary to charge them with a sinister purpose.

Senator Loughheed said the employees of the Grand Trunk had apparently not asked for the amendment.

Senator Sullivan thought there was no harm in making assurance doubly sure. The bill proposed to give the company power to make rules, regulations and by-laws, and this power might easily be used by some future management of the company to the disadvantage of the employees.

Senator McMullen said no reason to doubt the good intention of the Grand Trunk. Senator Bernier offered an amendment to provide that nothing in the bill should take away any right the employees had at the present time. Senator Ferguson's amendment was declared lost on division. The bill was given its third reading and passed.

The Hamilton radical bill was read the third time.

Looks Like a Strike.
The Leather and Horse Goods Workers Local Union decided last night to give the employers until Wednesday next to settle the question of increased wages and the signing of an agreement.

BLOOD TROUBLES
Cured Through the Rich Red Blood Dr. Williams' Pink Pills.

Thousands of women suffer from headaches, backaches, dizziness, languor and nervousness. Few realize that their misery all comes from the bad state of their blood. They take one thing for their head and another for their stomach, a third for their nerves. And yet all the while it is simply their blood that is the cause of all their trouble. Dr. Williams' Pink Pills cure all these and other blood troubles because they actually make new, rich, red blood. Mrs. J. H. McArthur of St. Thomas, Ont., says: "Dr. Williams' Pink Pills have done me a world of good. For about eighteen months I was a constant sufferer. I was terribly run down and the least exertion left me fagged and exhausted. I could not sleep at night and this further weakened me, and finally I had to give up housekeeping and go boarding as I was quite unable to do any household work. I took doctor's medicine, but it was of little or no benefit. One day a neighbor told me how much benefit she had derived from Dr. Williams' Pink Pills and advised me to try them. I sent and got three boxes and by the time I had used them could feel a change for the better. Then I got four boxes more, and before they were all gone my health was fully restored. To see me now one would not think I had ever been sick for a day, and I honestly say I owe my renewed health to Dr. Williams' Pink Pills. Dr. Williams' Pink Pills are the greatest cure there is for the weakness and backaches of anemia; all the distress of indigestion; all the pains and aches of rheumatism, sciatic and neuralgia; and the weakness and ill-health that follows blood disturbance of regularity in the system, or by means of medicine. Six boxes for \$3.00 from Dr. Williams' Medicine Co., Brockville, Ont.

PRECEDENCE IN BUSINESS.
One Company Gives Thanks for the Hammer of Eavious Rival.

The business that is not progressive is sowing the seeds of dissolution. New methods, new inspiration and new men must be seized upon and introduced into the business which shall keep the lead.

If the men who evolved the great content with the first production they would not have attained the success achieved. Out came the hammer of the old-time fellows when the least were first conceived and presented. Looking forward, the present Semirady company can join in the avowed chorus, for they are not in 1907 proud of that which they were deservingly proud of in 1902. And they hope to be a prominent factor in the Semirady product of 1907 when five years more have passed away. The little hammer helps the old-time fellows when the least are held by learning of one's own faults from plain-speaking critics.
