DIRECTORS' REPORT.

The Board of Directors submit for your consideration their report of the Company's business for the year 1901, which shows a very satisfactory increase over previous years.

The new insurance applied for amounted to \$1,204,076, of which \$1,099, of special commissioners, to whom he 405 was accepted and \$111,240 declined or not carried out at the end of the insurance in force on the Company's books has now reached the

Insurance in force 2,702,456, increase 585,576, or 27 p.c. The income of the Company from cash premiums and interest reached the sum of \$104,376.67.

The accumulated assets of the Company which increased over 11 1-2 per cent. during the year, taken together with the guaranteed capital, now amount to \$1,104,594, for the protection of policyholders.

The claims by death occurring during the year amounted to \$15,000.00, which, although larger than the previous year, and in part due to accidental and acute causes, was much more favorable than the mortality tables indicated. The death claims paid within the year amounted to \$9,500.00, and the sum of \$3,668.14 was paid to annuitants.

sum of \$3,668.14 was paid to annuitants.

Since the last Annual Meeting, the Directors have further increased the deposit of securities with the Dominion Government of the value of \$102,947.97, making the amount deposited for the protection of policyholders \$175,180.63. Our deposit now exceeds the legal Reserves on all policies in force in the Company, as computed by the Superintendent of Insurance, together with all other liabilities to policyholders, the figures of which appear in the Financial Statement attached.

force in the Company, as computed by the Superintendent of Insurance,
together with all other liabilities to policyholders, the figures of which appear in the Financial Statement attached.

The Insurance Act of Canada requires all Life Insurance Companies to
value their Reserves on new policies issued after December 31st, 1899, on a
3-1-2 per cent. interest basis, and on policies issued previous to that date
4 per cent. Reserves commencing from January 1st, 1910, and after January
1st, 1915, to maintain 3-1-2 per cent. Reserves on all policies in force.

Ottawa, April 4.-In the House ture resumed the debate on the His speech was almost entirely devoted to a defence of the census of 1901, or rather to an attack on the census of 1891, which, he claimed, was systematically stuffed, especially in the Province of Quebec. In support of this charge he quoted the reports instructions to ascertain if they contained names which should not have

Lieut.-Col. Hughes asked if the 15 years dated from last year.

Mr. Fisher: Yes, but there is only 10 years between each census.

Proceeding, the minister read, as a sample of how the lists were "stuffed," as he said, in 1891, a schedule in which a woman 30 years of age was registered as having 18 chilaren, the oldest being 24 years of age.

FAR OFF HILLS LOOK GREEN.

A great Shoe centre, is Boston! Canadian skilled labor has made it sol Its total population is about 650,000. Of this, 117,000 were born in Canada. The State of Massachusetts alone contains over 350,000 Canadians.

A heavy percentage of these are making

Making the same kind of shoes in the United States, that their Fathers and Brothers are making here, in The Slater Shoe factory.

Why have these people emigrated? Because United States wages are 25 per cent. higher than Canadian.

Why don't their Brothers follow? Because the cost of living in Massachusetts is 50 per cent greater than in Montreal, so that workmen who have children, or non-earning parents, to support, net better results, at lower wages, here.

But—who pays the 25 per cent. difference in wages?

Figure this out before you buy United States Shoes in Canada, which must also pay 25 per cent. Customs duty, when entering this country. "Far off hills look green" but they are

rocky enough when you climb them.
"The Slater Shoe" has all the good points of the best United States shoe, and it is made in Canada - by Canadians - for Canadians.

I Ask Only the Name of Some Sick One; Let Me Send My Book.

I ask you this, as an act of humanity: Simply write me a postal. Give me the name of a sick, one. Tell me which book he needs.

I will do this in return:

I will furnish that sick one a treatment which I spent a lifetime in learning. I will give all the advice he needs. And I promise that if my method fails, he shall not have a penny

I will even do this: With the book I will send an order on your druggist for six bottles Dr. Shoop's Restorative. I will authorize him to let you take it for a month. If it succeeds, the cost is \$5.50. If fails, I will pay your druggist myself. I will leave the

But I have made a prescription that strengthens the inside nerves. I have learned how to bring back the nerve power which alone operates the vital organs. When an organ is weak, I give it the power to act. Usually that is all that is needed. And in most chronic diseases there is no other way to get well.

My book will prove that I am right. Sometimes, even the method fails, but not often. There are causes, like cancer, which no man can cure; but those conditions are rare.

My success is so general that in every case, no matter how difficult, I take the entire risk.

In five years I have done this in over half a million cases; and my records show that 39 in each 40 paid for the medicine That means that only one in each forty has been dis-It means that there are 39 chances in 40 that I can cure

No sick person can afford to neglect an offer like this. If the theatment succeeds, you are well. If it fails, it is free. You have everything to gain and nothing to lose by it. Won't you write a postal to learn about a remedy like

Simply state which book you want and address Dr. Shoop, Box 21, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all
