

Ladies' Visiting and Aid Society

This Society began its operations the first Tuesday in November, and continued to meet, under the Presidentship of Mrs. A. B. Mackay, till all the cases requiring help had been looked into and relieved. These in all numbered thirteen, besides the aid given to Nazareth St. Mission and French Evangelization work.

As usual, the members of the Congregation called upon by the Collectors, gave cheerfully, and we embrace this opportunity to return thanks to such for their kind support.

We have also gratefully to acknowledge parcels of clothing, purchased at Industrial Rooms, from Mrs. Redpath and the late Miss Mackay Gordon. In this connection we cannot but express our sense of the very great loss we have suffered in the death of Miss Gordon, who for many years, not only materially aided this Society, but by her presence at its meetings, showed a real and heart-felt interest in its work.

Members of the Society have gladly visited some of the sick, aged, and infirm of the Congregation, while others have sought to do a little to extend a welcome to those who have lately come among us.
