UNANIMOUS FOR TUBES

Candidates For Municipal Honors Get Good Hearing in North End.

Nothing could exceed the heartiness with which the Bloor-street viaduct of the candidates in the St. Clair-avenue school house last night. Controller Hocken as the exponent of the tube system met with a rousing reception and his address dealing with this matter as well as the Bloor-street

viaduct was punctuated with applause T. A. Gibson, deputy minister of mines was in the chair. "I have never trimmed on any ques-tion with the hope of getting votes," said Controller Hocken, "and I have

looked at every question from a broad standpoint." He charged that the reorganization of the parks department was due in a large measure to his effects with the control of the parks department was due in a large measure to his effects. was one of the first to move in

the direction of safeguarding the interests of the city in the matter of the viaducts along the waterfront," said

Estimate Within Mark. Getting to the question of the tubes, he declared that the estimate of Mr. Moyes was well within the mark and quoted a lot of figures to bear out his

The conditions in Toronto were uncarable, and worse than any other American city, while the franchise was the most valuable asset the city possessed. The company had no riights in the newly annexed district, which would shortly be the great revenue

producing part of the city. "The Toronto Street Railway Company, are earning 4 per cent, on \$43,900,-600 of stock," said the controller, "and have deliberately violated the most sacred obligation ever entered into." They had never made any effort to carry out the agreement to extend to cemetery gates the solemnly de-

claring they would as the result of the Sunday car vote." "You can't afford to do business with a company like that," he said.

The Bloor-street viaduct is a part of the whole scheme," said Controller

Hocken, "and both will carry."

Ald. Church, Ald. Bredin and Ald. McGhie, warmly supported the Bloor-street viaduct, and the tube system. Ald. Foster and Ald. Maguire fell oul of each other on the Ashbridge marsh-Mulock-deal, the former cla:m ing that the site was worth a quarter a million and was frittered away a statement which the latter resented. "Ald. Foster was a member of the council which handled the Otis-Fensom deal, and there were no indigna-tion meetings held," said Aid. Maguire,

Advocates Expropriation. Ex-Controller Spence got a big re-eption, and in the short time at his disposal dealt vigorously with the street railway question. "I like the attitude of The World advocating the expropriation of the street railway lock, stock, and barrel," said the exdentroller. The present conditions were intolerable and redress must be had from some source. He was not disposed to critisize too severely the expenditure, but the city debt was

Ald. O'Neil spoke briefly while R. G. Agnew a candidate for the board of education from ward 7 was accorded a

controller Geary arrived at a late stage of the meeting, and his entry aroused a lot of enthusiasm from his supporters. He touched briefly on good hearing. He disavowed any hosthity to the tubes, but wanted more

A feature of the meeting was the enthusiasm with which the two big outstanding questions the Bloor-street via-duct and the tubes were received. Not

a single dissenting voice was raised against these projects thruout meeting.

Hocken and the Merchants. Controller Hocken made a favorable impression in his address on the tube question to the members of the Retail Merchants' Association last night. He claimed that the basis of a modern city was rapid transit, and this could only be brought about by the installation of th tube system. The street railway was doing nothing to cater to the need of 40,000 citizens in the outlying districts of Toronto, and it devolved on the city to see that these people got proper transportation.

Seven Geary Meetings. Altho the municipal election campaign has hardly begun Controller Geary addressed no less than seven meetings last night. At the Whitney Club he spoke to a gathering of party friends and five smaller meetings were

His big meeting was at Sheridan Hall, Dundas-street, where he discuss-

FOR XMAS.

About Christmas time it's cold-as a rule, stormy too. Later on the snow melts, then slush and sloppy weather.

Do you think a good stout pair of storm boots would be appreciated as a Christmas Gift?

We'd like to see the woman who WOULDN'T appreciate them.
