## COAL OUTLOOK IS NOT ENCOURAGING

Price Has Taken Another Jump and Shipments Have Decreased.

(From Sunday World.) Coal has taken another jump and is now \$16 a ton-and the winter is yet to come. Added to this is the falling off in shipments to Ontario. The outtook is decidedly not encouraging. aid Fuel Commissioner Harrison

Said Fuel Commissioner Harrison Saturday:

From April 1 to August 31 there have been 932,000 tons provided for Ontario. There should be here now 1,210,000 tons. We are short nearly three hundred thousand tons, without any possibility of making it up, and if the strike continues we must resort to soft coal and substitutes. It is imperative that we conserve every pound and our fires must be started later than ever. In any event, we will get our proportion on the coal mined, but these are very troublesome times in the mines. Both bituminous and antracte miners are dissatisfied, and anything may happen."

Cannot Make Seizures.

"What authority have you to take over and distribute coal in the event of a serious shortage?" he was asked.

"At the present time I have no authority whatever. That authority can be given only by the fuel commissioners for Canada, the board of railway commissioners."

This means that if, owing to the strike and the serious shortage ex-

Decrease in Placements Made-Demand for Help Shows Slight Falling Off.

Reports from the Ontario offices of the employment service of Canada show a slight decrease in placements made during the week ending August 21, the total number being 2,569, as compared with 2,593 during the preceding week. The same number of men, namely, 2,413, was placed during each of these two weeks, the decrease taking place in the placement of women, which dropped from 180 to 156.

Applications for work were re-

Applications for work were received from 2.846 men and 329 women. Corresponding figures for the preceding week were 2,858 and 341. The demand for help amounted to 3,415 vacancies notified by employers, as compared with 3,533 during the preceding week

A decreasing number of vacancies were reported in practically all lines of factory work, railway operation and shipping and longshore work. An increasing demand was shown for bush-

Mayor Appeals to Meighen to Inquire Into Milk Combine.

(From Sunday World.) "I would be glad if you could enleavor to see that a proper enquiry is held into the milk combine," is the request of Mayor Church in a letter sent to Premier Meighen Saturday. "These people have been a law unto themselves, and something should be done to check the soaring prices. In the large centres of population living is becoming impossible, owing to profiteers in food, clothing, fruit, fuel, vegetables, dairy products and other necessaries of life. I am in hopes that the government will support the board of commerce. We cannot expect any help from the Drury cabinet. I understand the provincial milk report will not be given out until next week, but we do not expect anything else but a white wash when it does come out."
