T. EATON CO. LIMITED

ONE HAS such materials to choose from as imported flannel and homespun fabrics, tweed mixed materials, gabardines and Priestley's aeropore cloth.

The American flannel-finished materials are of wool and cotton; the gabardines are of union wool and cotton; the suits of Priestley's aeropore cloth are all-wool with a worsted finish.

The shades consist of plain dark green and rich brown, fawn and tan, herringbone twills, and grey mixed patterns.

In the selection are one, two and three-button, single or double-breasted styles with peaked or notched soft roll lapels; some are plain, others have half, three-quarter or all-round belts; pockets are of the patch, regular or slash type, and sleeves are mostly in bell cuff style.

Some of the suits are full lined with twill linings; others are partly lined with lustre or silk mixed lining.

Trousers are well proportioned and have tunnel and belt loops, 2 hip and 2 side pockets, 1 watch pocket and plain or cuff bottoms.

There are not all sizes in any one pattern or shade, but in the lot are sizes from 34 to 39. Reduced price, Monday, \$25.00.

INITIAL PAYMENT OF TAXES IS GOOD

Acting Treasurer Black Re-
commends Extension of
Wickets at City Hall.

"Altho no new record has been established, the somewhat disturbed financial conditions have not affected the first instalment of taxes, and, on the whole, the result is very gratifying," says Acting City Treasurer Black, in the course of his report to the board of control.

Notwithstanding that the total amount levied is in excess of the previous year by \$1,780,654, and the rate two mills greater, the total amount collected on the first instalment was \$1,551,817, or an increase of \$760,828 over the amount collected for the first instalment of last year, while unpaid balance is \$8,561,334. The total amount levied on the city this year was \$2,122,242,951, of which \$9,224,948, or 45.78 per cent, was payable in June. The amount paid in was \$2,113,018, or 99.27 per cent.

New Delivery Method.

Mr. Black comments on the change in the method of delivering the tax bills. Formerly they were delivered by hand to the various householders, but this year they were all mailed in two days. "The result has demonstrated that the change has been justified," he remarks, "as the claims for non-delivery of bills have been greatly reduced, and a great saving of time effected."

Mr. Black states that special efforts are being put forth to encourage the ratepayers to remit their taxes by mail. The number of remittances received thru the mails this year was 15,724, against 14,559 last year. He makes another plea for the rearrangement of the tax collection wickets and their enlargement, for he says, "there will always be those who wish to or must pay their taxes by cash, and others who insist upon receiving their receipts at the time of payment."

WHAT NEED OF LAWYER

The request of a drunk in police court yesterday for a lawyer to defend him resulted in a magistrate denunciation of the legal profession practising in the police court.

"Lawyer? What do you want a lawyer for?" asked his worship. "I've known a man merely charged with being drunk give a lawyer \$5 to defend him, and then, when he was fined \$10, had only to serve ten days because he only had \$5 left."

ARBITRATOR NAMED FOR BAY TREE PROPERTY

Justice Lennox yesterday named C. J. Holman, K.C., arbitrator, to represent the J. J. McCaffery and Toronto General Trusts interests in the Bay Tree Hotel block litigation. This action was taken by his lordship in accordance to the application of Tchan Bros. sublessees of the east 57 feet on Adelaide street, and means that arbitration proceedings will be proceeded with.

On July 8 Justice Lennox gave these parties a week to name their arbitrator, and they not having done so, he named one himself, P. H. Drayton is arbitrator for Bohan Bros., for who E. Day appeared.

The arbitration was asked for by Bohan Bros. to fix the value of the buildings at the expiration of their lease. Negotiations for the purchase of the building were carried on for some time, but fell thru.

Board of Education Must Clean Up Defects

"Before we advance any more money to the board of education on their capital account they will have to clean up the defects in their accounting system, to which the city auditor draws attention in his annual report," declared Mayor Church yesterday.

The board of education will take up next week the question of prosecuting those named in the reports of Justice Lennox in connection with the investigation into the building activities of the board of education.

BUILDING PERMITS ISSUED.

Building permits for the total value of \$54,109 were issued at the city hall yesterday. Of these one was to the Oakton Ltd., for an addition to No. 1 storage house at the southwest corner of Booth avenue and Keating street, \$12,000, and one to the British-American Oil Company, Cherry street, for a wash house and lunch room, \$9,800. The remainder were for eight detached dwellings in various parts of the city at a total cost of \$32,309.

THIRTEEN CASES DIDN'T LAST LONG

Jacob Cohen Is Asked How
They Disappeared So
Quickly.

Jacob Cohen, 60 Henry street, appeared in police court yesterday to explain what became of 13 cases of whiskey between June 27 and the following six days. Inspector Bord told the court that on the 27th he had found 27 cases, and upon another search of the premises being conducted on July 3 there were only 14 cases. He had learned, he said, that ten additional cases had been delivered to the house subsequent to the second court.

In the box Cohen swore that three cases and nine bottles had been consumed in the ordinary course of living in one week, and that visitors had done away with the balance. Asked to give the names and addresses of the visitors, Cohen was only able to name two. He could not think of the names of the others, "there were so many."

The case was adjourned for a week, so that more evidence may be brought. Meanwhile the ten cases found in the house have been seized by the police.

SOME CORRECTIONS NOTED.

Mrs. Johns, business manager for the Waitresses' Union, stated yesterday afternoon that a slight correction should be made in the reported payments to waitresses at the various hotels in Toronto. They were paid \$1.50 a banquet at the three hotels, the King Edward Hotel, the Walker House and the Carls-Rite, and for emergency banquets or more than the average courses the waitresses at the King Edward Hotel received \$2.25 a banquet. It was at the Carls-Rite that they were paid \$1 a banquet if on the floor.

FIFTY CASES STOLEN.

Fifty cases of whiskey were stolen from the home of "Scotty" McEwen at 1816 East Gerrard street. A cellar window was broken open and the whiskey removed. The theft was reported to the police yesterday morning.

DEATH OF MISS MCNERNY.

The death occurred at St. Michael's Hospital of Miss Mary McNerny in her 90th year. Born in Ireland, she came to Toronto when very young and lived with the family of the late Hon. Alexander MacDonnell.

Many friends of the late Alexander MacDonnell, who was clerk of process, Osgoode Hall, will remember this lady with the pleasant smile and cheery word, as his trusted and faithful housekeeper till his death in 1904.

The funeral took place from St. Patrick's Church to Mount Hope Cemetery.

WILLS AND BEQUESTS

The will of the late Edl Whaley, who died on January 28, disposes of an estate valued at \$122,117. To his wife, Ella Jane Whaley, is bequeathed \$500 cash and the residue, 74 East Roxborough, with furnishings, books, pictures and prints; and on her death the house and contents pass to the daughter, Ada Florence Reynolds. An annual income is provided of \$1,400, plus any surplus, for Mrs. Whaley; \$600 to a sister of deceased, Frances Elizabeth Bennett, and \$1,200 to the daughter, Mrs. Reynolds, who, on her mother's death, also inherits her income. The gold watch and chain of deceased is bequeathed to his son-in-law, Lawrence Carlyle Reynolds.

Mrs. Ethel Maud Halnan was named sole beneficiary in the will made January 20 last by her husband, Dr. Kenneth Ervin Halnan, a dentist, who left an estate of \$12,004.

Miss Isabella Rose Husband has been granted probate of the will of her father, Henry Husband, a superannuated public school teacher, formerly of Halton county, who died in Toronto March 20, leaving an estate of \$9,592. After directing that a sum not exceeding \$250 be spent on a monument in St. Jude's Cemetery, Oakville, and that the \$2,500 advanced by his son, John M. Husband, be paid to him, and the \$220 advanced by his deceased daughter, Mrs. Reynolds, be paid to his son, George, he paid to his daughter-in-law, Mrs. Orville Husband, the will provides for the cancelling of the \$100 owed him by his sons, William H. and Charles E. Husband, and for the payments to each of them of legacies of \$50. Legacies of \$250 are provided for the testator's son, Reuben W. Husband, \$150 each for his sons, Daniel and Alexander, and for the payments to each of them of legacies of \$50. The residue is bequeathed to Mary A. Harriet L. Isabella R. and Gertrude H. Husband, daughters of the deceased. The will also provides that any legacy not claimed within four years will revert to the estate.

AMERICAN CITIZEN CLAIMS EXEMPTION

More Property Assessment
Appeals Are Lodged at
the City Hall.

Because he is an American citizen and occupies rooms in an apartment house, James E. Erroch, 121 Carlton street, has put in a claim at the city hall that he is not liable to taxation.

William B. Chamberlain claims his right to reduction on assessments of four houses on Roncesvalles avenue was recognised three years ago when his returns from them were not over six per cent. Since then the houses have depreciated, but he asserts the assessment is high in comparison with that of adjoining territories.

The assessment of the City Pattern Works, 143 Royce avenue, is \$4,200. They claim the purchase price of the whole plant was only \$1,110.

William Davies Company has filed notice of appeal against the business assessment on their retail store at 521 Front street, asking to have it reduced from 60 per cent to 25 per cent. Another appeal was filed by Archie P. McKishnie, 553 Summerdale avenue, on the ground that the assessment is high in comparison with that of adjoining territories.

Mary Pinkerton, 3 Howard Park avenue, bases her claim for reduced assessments on the noise of the car barn and of an adjoining chemical plant.

TWO BOARDS MEET IN NEAR FUTURE

The board of conciliation which is hearing the grievances of the employees of the Toronto Electric Light Company is expected to commence sittings very shortly in the city, doubtless the beginning of next week. Fred Bancroft, for the men, and W. H. Moore for the company, will be the active members, with U. E. Gulen, the well-known Grand Truck official, as chairman.

The other board which is to hear the grievances of the Toronto Suburban Railway Company may sit a week later, this board awaiting the close of the above board. In both cases electrical workers and therefore members of the Electrical Workers' Union are the interested men, and the T. & S. R. case cannot go on until the electrical workers have concluded the problem of the Toronto Electric Light Company.

CLUB HOUSE OPENS.

All who contributed to the tag day for Toronto's amputated soldiers will be glad to know that their united effort is bearing practical fruit. The club house for the association in its new aspect is to be opened this afternoon.

OLD FOLKS GIVEN AUTOMOBILE OUTING

A delightful outing was given some two hundred old folks from the House of Providence when a committee of the Knights of Columbus, assisted by an enthusiastic auxiliary of women, took the party in motors to Long Branch. The day was ideal, and the guests, some of whom had never before been in an automobile, and others had not been as far in 30 years, enjoyed the novelty of the situation. Nature, as seen at the park, was enjoyed to the fullest and refreshments were served.

HIGH CLASS PROPERTIES CHANGE HANDS IN CITY

Four real estate deals, involving high-class residential properties were reported by the Sterling Trusts Corporation yesterday. The total value of the four properties, of which one was a vacant lot, was \$33,000. The vacant lot is at the southeast corner of Lansdale and Oriole roads, and was sold to E. E. Rutherford for \$2,000. The dimensions are 65 feet 8 inches by 150 feet. The owner was an out-of-town party.

No. 18 Oriole road has been purchased by A. O. T. Beardon from Mrs. Theodore Brough for about \$36,000. The lot is 60 feet by 175 feet.

Frank Allen has bought from Mrs. Dwight Turner No. 79 Balmoral avenue for \$22,000. The frontage is 50 feet and the depth 150 feet.

Dyce W. Saunders has sold to R. L. Derries No. 72 Walmer road for \$18,000, the lot being 38 feet by 150 feet.
