A comparative View between the Rich and Poor.

The rich have the most meat; the poor have the best appe-
 tite. The rich lie softest; the poor sleep soundest. The rich
 have delicacies; the poor have health. The rich are afraid of
 loosing; the poor have nothing to loose, and so in this respect
 have nothing to fear. The rich sometimes hang themselves
 through fear of poverty; the poor laugh, dance and sing, and
 love their lives too well to put their necks into the noose.
