The Big Good Laundry Soap

Col. Anglin's Lecture

Fairville Baptist Church was well filled last evening when Colonel G. W. Anglin delivered a very interesting and instructive lecture dealing chiefly with his experiences abroad while connected with hospital work in the war. The proceeds will be donated to the Lancaster Red Cross Society. The colonel told of conditions in Cairo and other parts of the Orient, where he spent considerable time in caring for the wounded, who were received in large numbers. He had interestingly of various points in France and England that were shown on the slides. The society expressed its appreciation to Colonel G. W. Anglin for his kindness, to Mr. Hayward for the use of the church, and to Rev. Gilbert Earle and Jack Dunlop, who assisted at the lecture.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, "I was almost blind. I could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me."

Another lady who used it says: "The atmosphere around my eyes with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the print without glasses."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to.

To strengthen their eyes so as to be spared the trouble and expense of ever getting glasses, eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should close your eyes and keep them perfectly shut from the start and in. This will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "This capsule is a very reasonable remedy. Its constituents are pure and will be known to chemists and opticians and are not controlled by drugs. The immediate results are in many instances so rapid and so sure, it can be used in many cases of eye trouble. It can be used in every case of eye trouble and is one of the very few preparations I feel bound to keep on hand for regular use in almost every family."—Western Optical Co., St. Louis, Mo.

Public Health Services Convention Programme

Senator Daniel Will Be One of the Speakers at Great Three Days Conference in Quebec Next Month; Very Important Subjects to be Discussed

Arrangements have been made for the sixth annual convention of the Public Health Service of the Province of Quebec, to be held in Quebec on September 12, 13 and 14, together with the Canadian Association for the Prevention of Tuberculosis.

The programme is as follows:

Tuesday, Sept. 12, 2 p.m., at the City Hall—1. President's address, Hon. Senator Fiset. 2. Report of committee on venereal diseases. Dr. P. V. Faucher, Prof. of Laval University, Quebec. Discussion. 3. Report of committee on infantile mortality. Dr. A. Corbin, district inspector of the Superior Board of Health. Discussion. 4. Report of committee on swimming baths. Dr. J. Ed. Laberge, assistant director of the Montreal Health Department and head of the Division of Contagious Diseases and Medical Inspection of Schools. 5. The house problem, sanitary record of dwellings. Dr. E. Nadeau, physician to the Immigrants' Hospital, Quebec. Discussion. 6. Epidemiology. Dr. E. Pelletier, secretary-director of the Superior Board of Health. Discussion. 7. Disinfection for contagious diseases. Dr. A. Bernier, bacteriologist to the Superior Board of Health. Discussion. Lunch at the Kent House, Montmorency Falls.

Wednesday, Sept. 13, 9 a.m., at the City Hall—1. Address of welcome by His Honor Lieut.-Governor Sir Evariste LeBlanc. 2. President's address. Hon. Senator J. W. Daniel, M.D., St. John, N. B. 3. Address on tuberculosis. Dr. J. E. Dube, professor of phthisiology at Laval University. Discussion. 4. Food inspection. Dr. J. A. Hood, Chief Food Inspector of the City of Montreal. Discussion. 5. The house problem, sanitary record of dwellings. Dr. E. Nadeau, physician to the Immigrants' Hospital, Quebec. Discussion. 6. Epidemiology. Dr. E. Pelletier, secretary-director of the Superior Board of Health. Discussion. 7. Disinfection for contagious diseases. Dr. A. Bernier, bacteriologist to the Superior Board of Health. Discussion. Lunch at the Kent House, Montmorency Falls.

Thursday, Sept. 14, 9 a.m., at the City Hall—1. Address of welcome by His Honor Lieut.-Governor Sir Evariste LeBlanc. 2. President's address. Hon. Senator J. W. Daniel, M.D., St. John, N. B. 3. Address on tuberculosis. Dr. J. E. Dube, professor of phthisiology at Laval University. Discussion. 4. Food inspection. Dr. J. A. Hood, Chief Food Inspector of the City of Montreal. Discussion. 5. The house problem, sanitary record of dwellings. Dr. E. Nadeau, physician to the Immigrants' Hospital, Quebec. Discussion. 6. Epidemiology. Dr. E. Pelletier, secretary-director of the Superior Board of Health. Discussion. 7. Disinfection for contagious diseases. Dr. A. Bernier, bacteriologist to the Superior Board of Health. Discussion. Lunch at the Kent House, Montmorency Falls.

LOCAL NEWS

There's not a man or woman in town, married or single, that can afford to stay away from this great cut price sale at Wiesel's Cash Stores, 248 Union street.

ONLY \$5 A YEAR

Five dollars per annum will protect your valuable papers against loss by fire, burglary, theft or carelessness. For this small sum you can have your papers insured in the Bank of Nova Scotia at Prince William street, Charlotte street or North End branch.

The best paying investment any man can make is to buy liberally at our special sale—Wiesel's Cash Stores, 248 Union street.

TO LAND

The Allies Amusement Co. are to the front with a monster evening excursion Monday evening, August 14, to Crystal Beach by steamer M. J. Queen, leaving at 8.15. Special music for dancing, refreshments served. Seats, 50c. Returning by moonlight. Come and enjoy the sail.

Repairing shoes by electricity is a great boon now that shoes are so high in price. The new electric shoe repairing machinery recently put in by Waterbury & Hising, Ltd., is paying a great success, both as to quality of work and time saved. The shoes are returned looking about as good as new, all repairs are finished twenty-four hours after arriving at the repair department. It is very convenient to be able to "phone and have your shoes called for, repaired and returned the next day.

DOES GUNFIRE BRING RAIN?

It has been so cold and wet during May and June that many people believe the weather, or at least the rain, is due to the abnormal gunfire of recent weeks. Does gunfire bring rain? Scientific meteorological opinion is divided on this subject.

"The rainfall during the last few days has been heavy," said an official of the London Meteorological Office, "and we know that in the North Sea, in the neighborhood of Cernovitz, and nearer home, in the Ypres region, there has been a total artillery explosion in the air without parallel in the world's history."

"As long ago as 1847 an American observer noticed rainfall as an apparent result of artillery explosions."

The Royal Meteorological Society has in its records a treatise on the subject written during the present war. It is by Charles Harding, F.R.S., Met. Soc. He says of certain months of the early part of the war: "If one takes the figures it is not easy to see any other explanation for the unusual distribution of the rains."

Sir John Knox Laughton, formerly professor at the Naval College, Greenwich, wrote some time ago: "Theoretically, we can admit that a violent shock may throw large masses of the lower air to a considerable height so as to cause condensation of its vapor."

Dr. H. R. Mill, a rainfall expert, opposes the gunfire theory. "I do not deny," he says, "that the concussion caused by the detonation of high explosives may conceivably determine the precipitation of super-saturated vapor as rain. But it seems to me that such precipitation can only amount at most to a local shower, unless air currents bring in fresh supplies of vapor from a distance."

Military Sensation

London, Aug. 7, 4.42 p.m.—David Lloyd George, secretary for war, in the house of commons, read the second reading of the bill giving civilians the right to appear before military tribunals as witnesses and also providing in cases where civilians were implicated the court might be composed of civilians as well as officers. The secretary explained that the civilian members of the

courts would be members parliamentary. He said the bill was due to the late Arthur Basil Markham, member of parliament, who had brought certain matters to his notice.

This is the bill which has given rise to rumors of the coming trial of a high official of the war office. Mr. Lloyd George mentioned no names, but said that the officers concerned courted the fullest investigation and desired that whatever court was set up should proceed with an investigation without loss of time.

REVENUE FROM TIMBER LANDS

Since Confederation, in 1867, Quebec has derived a total direct revenue to the provincial treasury of more than \$400,000 from the sale of cutting privileges on Crown and under lands. The revenue from this one source now averages well over \$1,500,000 annually. The area of Crown and under lands in the province is approximately 44,500,000 acres, while 78,000,000 acres remain unlicensed. About 1,000,000 acres of the land in the province are in private ownership.

INSTEAD OF PAINT

Don't paint your property this season, but use instead Velux Creosote Shingle Stains. They will give your property the beauty of the wood and the protection of the paint. Velux Creosote Shingle Stains are the greatest preservative against wind and weather. If therefore means economy.

Velux Creosote Shingle Stains

Half the Cost — Twice the Wear

Velux Creosote Shingle Stains are about half as much as paint. And they give your property the beauty of the wood. They do not evaporate or dry out and of course they cannot peel. These stains come in any color you want. They are very easily applied. You ought to investigate them. We have the complete line and we know you will like them. Write us for a sample of wood stained with Velux Creosote Shingle Stains.

Cataract Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

J. J. CHENEY & Co., Toledo, O.

For Next Picnic

At an enthusiastic meeting of the residents of Westfield, held last evening at the residence of F. W. Cole, committees were appointed and details discussed of the coming Westfield Patriotic Fair, to be held next Saturday at Westfield. Delegations were present from Inglefield, Lingley, Ononette, Westfield and Woodman's Point. A large working committee has the fair in charge, and all signs point to a gathering on Saturday that will tax the capacity of the grounds to the limit.
