REV. J. UNSWORTH TO SPEAK AT CEREMONY

Arrangements for Pythian Decoration Day Complete—Two Bands in Parade

Arrangements for the Decoration Day ceremony of the Saint John Knights of Pythias have been completed, it was reported at a meeting of the committee from the four city lodges. All that is wanting now to make the day a success is a plentiful supply of flowers and fine weather. Rev. John Unsworth of St. George's church will deliver the address in Fernhill in honor of the departed knights.

Thursday of next week will be decoration day and already assurances have come in that lead the committee to have confidence that there will be the usual generous response to the appeal for flowers. The Knights, assisted by their lady friends, will meet at Castle Hall, Union street, on Wednesday night and Thursday morning to make up the bouquets.

Two bands, Carleton Cornet and Grand Saint John Fife and Drum, have been engaged for the parade and for the service at Fernhill.

BOYS IN LEAD

Sixteen births and four marriages in Saint John were reported to the deputy registrar of vital statistics for the week ending today. There were 10 boys and six girls born.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the Falls, creating a "fall" running up river.

At low tide the water in the Bay becomes so much lower than that of the river, that the fall of water is reversed and flows down river into the Bay.

At half tide, when the level in the Bay and River are about equal, the Falls disappear entirely, and the water at the Falls becomes smooth as the surface of a lake.

To fully appreciate this wonder of the world it should be seen at all seasons of the year.

SCHOOL ON AUG. 30.

The Fairville Schools, East Saint John, Bonaventure and other suburban schools adjacent to the city, will reopen after the summer holidays on Monday, August 30, conforming with the Saint John city schools. It has been customary to follow this rule for several years, but this summer a wrong impression seems to have prevailed—that the opening date would be on August 28. Saint John city and nearby schools will all resume on the same date, August 30.

As Hiram Sees It

THE SETTLEMENT

"Hiram," said the Times-Star reporter to Mr. Hiram Hornbeam, "I have been lying here in the hammock watching those balloons of cloud in that upper current of air. I like to think of them as gallions, treasure-laden, voyaging to some far-off haven."

"So they be," said Hiram, "an' that treasure is rain, that'll do a lot o' good somewhere when it falls. Did you ever stop to think what 'ud happen if they wasn't any clouds an' rain?"

"That, of course," said the reporter, "is the practical side. 'But I like to think those clouds are bearing children of the mist homeward from fields or far adventure, and that their return will be welcomed with rejoicing, somewhere beyond the horizon's rim.'"

"Well," said Hiram, "I s'pose the'll soon be as many airplanes as they is clouds. An' human folks 'll go tearin' through the air—chasin' the dollar or some fool pleasure—or lookin' for health that they lost with their foalin'—mister—most folks today haint got no time fer hammocks an' imagination, no, sir."

SEES GOOD FROM INQUIRY INTO MARITIME CASE

**Mayor Miller of Charlotte-
town in City, Speaks
of Conditions**

L. B. Miller, mayor of Charlottetown, and Mrs. Miller, are spending a few days in the city and will probably visit other points in the province before returning home. They are at the Clifton House. That so far as Prince Edward Island was concerned business was on the up grade and prosperity in the air, was the cheery message of Mayor Miller, and he believed from reports he had received from other parts of the Maritimes that this was equally true of New Brunswick and Nova Scotia.

That good would come out of the investigation of the Duncan Commission was the opinion expressed by him. He said the people were struck with the evident desire of the commission to get at the foundation facts of the case, and get the view of the Island residents on their grievances, and he believed their report would contain recommendations for a remedy.

Charlottetown would be fully represented at the first annual meeting of the Canadian Board of Trade, to be held here in October, he said, as they regarded it as a most important occasion for the country as a whole, and the Maritimes in particular.

ISLAND CROPS GOOD

Crops on the Island were looking well and a bountiful harvest was expected. This was especially true of the potato crop, the yield promised to be good and there had been a larger acreage than usual planted. The hay crop this year had been fully up to the average.

The Island had had many tourists this year, but he said the number could be greatly increased by better transportation facilities.

Little Miss Doris Drake in a dainty dress of yellow and mauve organdie and carrying a basket of mauve sweet peas, will precede the bride as flower girl.

The wedding marches will be played by Mrs. H. T. Stevens and the ushers will be Frank S. Compton and Robert M. Hallett.

During the signing of the register, Mrs. John Luther, of Yarmouth, sister of the groom will sing "Oh, Promise Me."

The church has been prettily trimmed by friends of the bride who is well known in the city as well as in Hampton. The large array of presents include a silver tea service from the Dominion Rubber Company of which Mr. Drake is secretary treasurer.

Following the ceremony a reception will be held at the home of the bride's parents, after which Mr. and Mrs. Drake will leave for a honeymoon trip to the New England States, planning to return via Yarmouth and Digby.
