**REV. R. J. HAUGHTON
VISITING THE CITY**

Former Local Pastor Now
Fighting for Prohibition
in the U. S.

The Rev. Ralph J. Haughton, S. T. D., superintendent of the southeastern district for the Massachusetts Anti-Saloon League, with office in Brockton, Mass., arrived in the city this morning and is being welcomed by old friends.
Mr. Haughton was formerly pastor of the old Congregational church, which is now Pythian Hall. He said to a Times-Star reporter this morning that he is taking a very short vacation because in Massachusetts they are preparing to take another referendum on the question of a state enforcement law in harmony with the Volstead Act.

There was a referendum two years ago, but the people voted against a state law. Mr. Haughton says the defeat was largely due to lack of education, because hosts of people voted "No" believing that in so doing they were voting against the saloon. An intensive campaign is being carried out to secure a different result this year, and to bring the whole force of the state police departments into action to enforce prohibition.

There is no state law in Massachusetts preventing the manufacture and transportation of liquor and while federal officers can act, they are not supported by the officers of the state. The matter is explained in a paragraph from an address delivered by Governor Cox last January, when he said:

"Massachusetts officials are at a disadvantage in their attempt to enforce the prohibitory law, for Massachusetts has so far refused to adopt a state enforcement code to check up with the Volstead Act. The legislature of 1921 passed an act, but it was taken by referendum to the polls and was defeated. Last year the legislature again passed an act which is simple and direct and to the point. I believe that the true friends of enforcement must subordinate every other issue to a concerted and strong attempt to secure approval of that act this November."

**SAD NEWS COMES
ON WEDDING EVE**

Mrs. H. D. Nelson Receives
Word of Her Father's
Death.

Huestis D. Nelson of Windsor, Nova Scotia, and Miss Rowena Le'Buffe of Campbellton, were united in marriage last evening at the rectory in West St. John, by Rev. W. H. Sampson of St. George's church. They were attended by Mr. and Mrs. Ernest Peterson. The bride was becomingly attired in a navy blue silk dress, and wore a large black picture hat and fox fur. After the ceremony a wedding supper was served at the home of Mr. and Mrs. Fred Peterson, 300 King St., West End, where Mr. and Mrs. Nelson reside for the present. They intended leaving today on a honeymoon trip to Nova Scotia, but on account of a telegram being received last evening announcing the death of Mrs. Nelson's father, Richard Le'Buffe of Campbellton, the wedding trip was postponed. Sympathy, as well as congratulations, are being extended to the young bride by her many friends.

The telegram came to Mrs. Ernest Peterson, also a daughter of Mr. Le'Buffe. He was 74 years of age and is survived by his wife and seven children. They are, Mrs. Michael Whalen of Newfoundland, Mrs. Ernest Peterson, West St. John, Mrs. Belle Connor of Dorchester, Mass., Mrs. Joseph Douette of Campbellton, Mrs. Huestis Nelson of West End, Richard of Australia, and James of Newfoundland. He also leaves two sisters, Mrs. Mary Willet, and Mrs. James Coal of New Richmond, Quebec, and three brothers, Robert of New Richmond, and Napoleon and William of Campbellton. Interment will take place in Rural Cemetery at Campbellton.

**"PRO" BALL TEAM
PLANNING SERIES**

Vets, Fredericton and Moncton Arranging—Clubs Strengthening.

A championship series by the War Vets, Fredericton and Moncton is being arranged by representatives of the teams concerned, and the schedule is expected to be ready the latter part of this week. It is understood that each team will play six games, maybe more. In anticipation of this, the Vets are now angling for the services of a south-paw and if they are successful they will have a formidable pitching staff to enter the series, and would be favored to win. The series, it is said, will commence next week, the opening game being in St. John.
Fredericton has signed up Charlie Paul and with Miller, "Jimmy" McCourt and Fallon has a good pitching array. Moncton will have Leader, Doucette and Swetnam. The Capitals also are trying to secure the services of another pitcher named Arthur. The game tomorrow night with Fredericton will not count in this series.

BETTER REPORT.
Robert Martell, who was badly injured when he fell to the floor of the St. John dry dock yesterday, was reported to be somewhat improved this morning.

WAS NOT MR. PRICE.
It was Charles A. Prince, not Charles A. Price, who was sentenced to seven days in jail in the police court yesterday on charge of driving an automobile in Prince Edward street while under the influence of liquor. The similarity of the names was the cause of error in the report.

STILL WAITING WORD.
No word had been received by the Board of Trade from Premier King or Dr. MacLaren in connection with the protest of the city against the removal of the marine insurance discrimination from one north Atlantic port and continuing it in force so far as St. John was concerned.

HYDRO AUDIT.
A. L. C. Chalk of Price, Waterhouse & Co., who has been making the audit of the books of the Civic Power Commission and looking into the matter of the adequacy of the rates charged by the commission, expects to report to Montreal tomorrow. WAR CLAIMS.
Hon. Dr. William Pugsley, Dominion Government, was in town yesterday, will leave here tonight for Ottawa, where he will hear a case on Aug. 7. He will return to the city at the end of the week. Mr. and Mrs. William G. Christenson were called on today to mourn the death of their only child, William Andrew.

ROTARY OBJECTS TO.
The Rotary Club placed a handsome large sign at Manchester's Corner to tell visiting motorists they were near St. John and giving in brief sentences some of the things that make the city interesting to strangers. A business advertisement has since been put up beside the sign at the corner of the Rotary Club a resolution was unanimously passed requesting the City Council to prevent the erection of any such business signs to detract from the interest and value of the one it had put up.

BETTER SALMON SEASON.
The salmon catch in the harbor and along this section of the coast has been practically one-third better this season than last, it was learned this morning from a representative of a local fish concern. While the quantity this season was larger than last, the price paid by the wholesalers was about one cent a pound higher than last year. The fish were almost a pound heavier in weight over the 1923 catch. The season will close on August 15.

GAMES THIS EVENING.
The Water Dept. team will meet the Martellos in an exhibition game tonight on the Queen Square diamond at 7 o'clock. The winners of the first series in the Civic and Civil Service League expect to have their championship lineup on hand for tonight's game.
In the Intermediate League, the Nationals and Fairville Canucks will play on the North End grounds. This is an important game in the league standing and both teams will have strong lineups on hand. Armstrong and Burgess will be the hurriers.

CITY AND STREET RAILWAY.
The paving of St. James street was advanced a stage this morning when Commissioner Frink and M. A. Pooler, manager of the New Brunswick Power Company, held a conference, at which the placing of new rails was discussed. No decision was arrived at, but it is understood the commissioner was informed that the company did not have the steel on hand and it would take some time to get it. Mayor Potts said at noon that this matter would not come up at the council meeting had this under consideration.

OIL COMPANY'S WHARF.
The Imperial Oil Company has been securing estimates for the work on their new wharf from several local firms. It was announced this morning, but no contracts will be made until after official permission has been received from the Government at Ottawa to proceed with the work. Owing to the fact that it will take two or three weeks to secure the necessary piling for the work, it is not expected that the construction will start for about a month. It is planned to have the work completed before the opening of the winter season.

**MAKE PRETTY SIGHT
ON WAY TO PICNIC**

Cathedral Sunday School
Children Have Annual
March.

Headed by the City Cornet Band, with Bandmaster Frank Waddington directing, about 300 children of the Cathedral Sunday school started this morning from Sidney street to the Union depot by way of King street, and took the train there to Torryburn, where the 4th annual "Bishop's Picnic" is being held today.
The fog was a bit thick this morning at 8 o'clock, and some doubt of the decision to hold the picnic or postponing it must be made. For it has been the custom of years to ring the Cathedral bell at that hour if the picnic is to be on. This gives the little ones the word to assemble at St. Malachi's and St. Joseph's schools to get their train tickets and line up for the march to the depot. Though the fog this morning hung over the city, the likelihood was that the sun would dispel it ere long and this proved correct, for it was a bright, cheery march as the children wended their way through the streets.

The youngsters, dressed in their best, presented an inspiring picture as they paraded with hundreds of citizens looking on as keenly interested as the children themselves. The tiny tots came first, marching rather solemnly, as to them the event was one of great importance.

One of the annual interruptions of the parade occurs when members of the office staff of Furness, Withy & Co., Ltd., throw pennies out of the windows and an active scramble ensues on the streets for the coins. This was again an interesting feature in the small boy's picnic morning. Rev. William Duke, rector of the Cathedral, assisted by Patners Reynolds, Brown and Boyd, of the Cathedral staff, was in charge of the parade.

To many watching on the sidewalk the marching children recalled the picnic of years gone by. It was in 1860 the picnic was instituted and since then the outing has been regularly held each morning before the departure of the grounds at Torryburn were purchased by the late Bishop Sweeney and have been the scene of many happy outings.

SUSPECTED OF BUTTER THEFT.
George Murray, who was taken into custody yesterday on suspicion of stealing 40 pounds of butter, the property of the New Brunswick Cold Storage Co. Ltd., was before Magistrate Henderson in the police court this morning and was remanded to jail on request of his attorney, Paul C. Quinn. Five witnesses were present for the prosecution and Hugh H. McLean Jr., who was acting as the Cold Storage Co. representative, asked that their evidence be taken before the case was set over. Magistrate Henderson said he was disposed to accede to the request of the defendant's counsel to give him a chance to become familiarized with the case and Friday morning at 10 o'clock was set for the hearing. The butter was valued at \$10.

As Hiram Sees It
"Here," said Mr. Hiram Hornbeam to the Times reporter, "I want you to print this letter in the paper."
"But," said the reporter, "you say here that Pete Perkins is a liar and a horse-thief."
"That's what he is," said Hiram.
"Have you told him so?"
"No—I haven't. I wouldn't hev no talk with the critter."
"But you haven't signed your name to this letter," said the reporter.
"You know who writ it—don't you?" demanded Hiram.
"I do," said the reporter, "but we are not hunting for libel suits just now. Even if you signed this letter Pete would have us up for libel—right off the bat."
"What I say there is true," said Hiram—"every word of it."
"Then you sho'nt tell it to the magistrate," said the reporter. "Such a man as you describe Pete to be ought not to be at large."
"If he knowed I said anything about him," said Hiram, "he'd burn me out."
"But you want us to take that chance," said the reporter.
"An't that what a noosapper is fer?" asked Hiram.
"Too many people seem to think so," said the reporter.
