Belyea Not In Best Form But Wins Heat

Costello Also Victor at St. Catharines—Game-ness of Performance Wins For St. John Sculler.

St. Catharines, Ont., July 27.—Threatening weather conditions which did not develop failed to interfere with a successful competition of the first day's events of the first annual regatta of the Canadian Association of Amateur Oarsmen on the Royal Canadian Henley Course here today.
Quite in keeping with the interest centering upon the senior singles was the final of the second heat which Hilton Belyea of St. John, the present champion won. Since his return from competing in the Diamond Sculls at Henley it had become apparent that the easterner was not in his best condition. His win today was accomplished by his gamut performance since he made his bow on the local course.

Paul Costello, who has been expected to be Belyea's chief opponent in the finals which are to be run tomorrow won his heat but Costello did not have the same opposition. Maguire of Buffalo proved the surprise of the event. Drawn with Belyea, Gilmore of Philadelphia and Sculler of Ottawa Maguire made a dangerous challenger for first place.

SAINTS AND VETS; DOUBLE HEADER

Interest Will be Keen in the Contests at the Park Today

If the weather man is considerable—and he seemed well disposed this morning—there will be two feature baseball games here today in the Two Leagues between St. Peter's and the G. W. V. A. nine. These two home clubs have not met in a double header since the first of the season and the outcome of today's games will be awaited with keen interest not only by fans in this city, but also in Montreal and Fredericton. Both clubs are naturally anxious to win and will present their strongest line-ups in an endeavor to get away to a good start.

In Price and King are the probable choice for mound duty for St. Peter's, while Tipette and Kirkpatrick will likely be the selection of Manager Coughlin. Local fans will have their first opportunity of seeing the Saints in action since Dan Connolly took over the management of the club, and this in itself is an additional feature.

Callinan and Blanchard to Be Released
The executive of the Fredericton Baseball Club of the Two-League has decided that Callinan and Callinan, who joined the club late in the season, are to be released. McBeth who played with the club for a time and then went to the St. Croix League, is expected to join the Fredericton team on next Wednesday. Charles K. Palmer was elected president of the executive and Dr. A. L. Grew, Secretary-treasurer.

Speeding Complaints Frequent—Use Fines to Pay Cycle Police.

Motor cycles cop are needed in Douglas avenue and other parts of the city, according to information received by The Times.
Complaints regarding speeding are frequent and many narrow escapes are reported. Other districts needing this protection are Chesley and Hilyard streets, Adelaide road, Victoria street, Main street to Indian town, and City Road, according to reports received.

Racing in Douglas avenue is dangerous, reports to police state. It is said that cars are run over this stretch of road from twenty to thirty-five miles an hour. It is averred by residents along the avenue that cars run in a steady stream from early in the afternoon until three o'clock in the morning.

It is estimated that the salaries of cycle cops would easily be paid by the fines which would be exacted from speedsters.
