URGE POWERS TO PUT AN END TO IT

London Papers in United Demand For Peace

MAKE TURKEY ACCEPT Bulgaria and Islands For Greece—Expectation That Matters Soon Will Be Arranged

(Canadian Press) New York, Jan. 7.—A cable to the Herald from London says: The ambassadors of the powers held a long conference in the foreign office yesterday afternoon, and it is felt in diplomatic circles that in the end they will force Turkey to accept conditions that make for peace.

The newspapers this morning call upon the powers to prevent a resumption of the war. All insist that Adrianople is bound to fall and should be given to the Bulgarians, adding that the island of Greece should be restored to the Hellenic kingdom.

The Standard voice of the consensus of official press opinion, says: "We look forward to united action which will have the effect of removing the recent block and affording the Ottoman government a necessary cause for yielding to the inevitable."

Mr. Venizelos, in a statement in the House of Commons, said: "No other solution is possible than the one proposed by Turkey."

The Greek prime minister emphasizes the point of the possession by Greece of the islands except those held by Italy, holding that the latter would have to give up the islands in return for the capture of the islands, imposing great sacrifices in lives and money, and the navy of Greece, says that Chios and Mytilene were taken by a determined resistance by the Greeks.

The Hellenic demands for the possession of the islands are not to be regarded as a concession to Turkey by the powers, but as a powerful plea to the great powers to justice as to the Hellenic kingdom by restoring to it her possessions which have been taken from her.

It is further declared that if the powers will insure permanent peace in the Balkans, they must restore to the Hellenic kingdom the islands which have been taken from her.

Further Disorders in China London, Jan. 7.—The disbanded Chinese army, yesterday looted the treaty port of Chongqing on the north coast of the Shan province.

They pillaged and burned shops and houses, cleared the streets, and looted the Chinese troops in restoring order. Europeans were not molested.

Ownership of Adrianople and the islands in the Aegean Sea. Speculation concerning the method of providing an issue from the present deadlock, the principal Turkish delegate, has authorized to reconvene the conference in order that he may make some explanation, owing to the brusque suspension of the session. At the next meeting it is hoped that the Greek powers, especially since Russia, having given way on the question of displaying a more active desire to induce Austria-Hungary to come to the terms wished by the Balkan allies on the question of the Albanian frontiers.

It is believed that the greatest effort of the powers will be exercised at Constantinople through the collective pressure brought to bear by the ambassadors on the Turkish government. It would appear, however, without a decision which will insure the possession of the islands in the Aegean Sea, according to the terms of the Bulgarian declaration, "it will be general."

Premier Venizelos of Greece this morning declared that he will speak at the peace conference which we did all in our power in the interest of Turkey, who only by seeing all the islands in the Aegean Sea as well as the fortress of Adrianople can insure a real and lasting peace. Peace without these indispensable concessions would be only ephemeral.

There were many exchanges of Christmas greetings this morning among the allied delegates, all of whom attended church services except Count Voinovich, Montenegro, who is a Catholic. The Greek delegates went to the Greek church, while the Bulgarians, Serbians and Montenegrins went to the Russian church, explaining that this was done simply because they do not understand Greek.

A disturbance is forming in the Mississippi Valley, while the center of the cold wave has now transferred to Northern Canada. Light snow is falling in many localities from the Great Lakes to the Atlantic provinces. In the western provinces the cold is moderating.

Former Minister Suffered Breakdown But is Now Getting Better

Montreal, Jan. 7.—The announcement was made this morning that the condition of Hon. F. D. Monk, ex-minister of public works, had shown steady improvement during the last week, though he is still far from well.

Since his return from Atlantic City after resigning from the Borden cabinet, Monk has suffered a complete breakdown and was not permitted to receive friends or to discuss business or politics.

His medical advisers have decided to permit him to see friends and his appearance at Ottawa during the coming session of parliament is very doubtful.

THE DANGERS OF NEW YORK STREETS; 532 KILLED IN A YEAR

Auto Responsible for 221 of the Fatal Accidents—Of Those Killed 230 Were Children

New York, Jan. 7.—Five hundred and thirty-two persons were killed in accidents in the streets of New York during 1912, according to the report of the National Highway Protective Society. Two hundred and thirty of the victims were children.

Of the children killed 108 were run over by motor cars. Of the total number killed 221 were killed by automobiles.

The railroad grade crossing accidents on Long Island show a decrease of 50 per cent, but throughout the state show an increase. One hundred and seven were killed and 127 injured, as against 1911.

Ninety-one drivers of motor cars ran away after an accident, as compared with sixty in 1911.

PROBABLE MEMBERS OF WOODROW WILSON'S CABINET

MAN REPORTED MISSING; IS HE VICTIM OF FIRE IN SILVER FALLS BARN?

Coroner Berryman has inspected the bones found in the ruins of the barn at Silver Falls on Sunday, but has not yet decided whether or not an inquest will be held.

Since the fire there have been so many visitors to the place and the ruins have been overlooked to such an extent that it is difficult to ascertain the situation at the time of the fire.

It was reported this morning that Robert Harris, who lives on the Lock Lomond road, several miles beyond Silver Falls, is missing.

BODY OF GENERAL DRURY PLACED IN RECEIVING VAULT IN FERNHILL

Funeral Not Military, Though Officers in Attendance—Many Remembrances in Floral Pieces

The body of Major General Charles W. Drury, C. B., commander of the Sixth Division, Halifax, was brought to the city this morning on the Atlantic express, which reached here about twenty-five minutes late.

It was accompanied to the city by his two sons, Chipman and Victor, and was met at the depot by local officers. The body was taken to St. Paul's church, where it lay until the services were conducted by Rev. E. B. Hooper, rector, at three o'clock this afternoon.

The pall-bearers were Colonel H. Humphrey, A. A. G. Halifax; Colonel J. M. McLean, 28th Dragoons; Lieutenant Colonel J. R. Armstrong, retired; Lieutenant Colonel M. B. Edwards, 2nd Field Artillery; Lieutenant Colonel B. R. Armstrong, 2nd Artillery; and Lieutenant Colonel Woodburn, reserve.

It was at first intended that the funeral should be a military one, and orders to that effect had been issued. Colonel Humphrey, Colonel Ogilvie, and Major Hayter came from Halifax on the early train, and were in the city this morning.

The military band from the Royal Canadian Regiment at Halifax would also come over, but the order for this was cancelled last evening in deference to the wishes of the family. The body was placed in the receiving vault.

The esteem in which General Drury was held by his fellow officers and by the members of the corps under his command is attested by the beautiful display of floral tributes received. The headquarters of the Department of Militia and Defence sent a wreath to St. Paul's church, and the officers attached to the staff of the Sixth Division, the 4th Regiment of Artillery, the 2nd Regiment, 3rd Regiment, C. A., and the officers of the other local military bodies.

COMMISSIONERS TAKE UP MATTER OF GRANTS TO LOCAL BODIES TO IMPROVE THE CURRENCY SYSTEM

The city commissioners spent an hour today considering the list of annual grants for various public purposes. Two grants were made; four applications were held over until financial statements are submitted by the applicants and no applications were received from five organizations which usually receive grants.

A grant of \$750 was made to the Free Kindergarten Association. This is an increase of \$200 over last year's grant. The sum of \$300 was voted to the Associated Charities.

The applications of the Play Grounds Association, the Salvation Army, S. P. C. A., and the New Brunswick Tourist Association were allowed to stand until statements of their receipts and expenditures are received.

No applications were received from the Every Day Club, Victorian Order of Culture and the Exhibition Association. Rockwood Park and Riverview Park are under consideration by the legislative council, and no special grant is required for them.

WASHINGTON REPLY

Another Step in the Panama Canal Matter

LOOKS LIKE ARBITRATION Answer to British Protest Not Direct Acceptance But a Move That Way—Plan First to Clear Away All Superfluous Matter

(Canadian Press) Washington, Jan. 7.—The Panama controversy with Great Britain will be advanced another stage in a few days, when the U. S. government will reply to the note of protest of Sir Edward Grey. It was learned yesterday that the reply probably will be headed by Ambassador Bryce this week. The note will not be an unqualified acceptance of Sir Edward's proposition that the matter be referred to arbitration, but it will be a considerable step in the direction of bringing the dispute to arbitration.

The chief purpose of the reply, will be to reduce the controversy to the real issue of the question, and afford a basis for an agreement as to exactly what is in dispute and what is conceded on each side.

While President Taft has publicly committed this administration to arbitration, it is intended first that it should make clear exactly what is in dispute and what is to be arbitrated if arbitration is necessary. Every effort will be made to exhaust all the legitimate resources of diplomacy in stripping the dispute of superfluous matter before it is agreed to refer to arbitration.

Should both governments persist in their present attitude on the main questions, then the negotiations will be directed toward an attempt to reach an agreement upon the questions which both sides are willing to submit to arbitration. Completion of this task will bring the issue before the senate to decide whether or not there shall be an arbitration.

London, Jan. 7.—The morning Post commenting in an editorial on the report that President Taft wanted the Panama Canal controversy referred to a tribunal consisting of an equal number of British and American citizens says: "This would be to court a deadlock for which the question of the Panama Canal is not a suitable subject."

The Post admits that there is some ground in the American contention that the Hague tribunal would be injured by the Panama Canal, and would be to the disadvantage of the United States, but still considers that there is less reason to fear the justice of the Hague Tribunal than of any other that could be suggested.

It is believed that it will take considerable time to bring the controversy through all these stages, but it is predicted on the other hand that negotiations will go forward with much greater rapidity following the delivery of the reply to the British protest. Both sides have now thoroughly covered the ground on which the questions at issue rest and are prepared to discuss the subject with greater facility.

Disclosures of the fact that President Taft expects to see the canal controversy referred only to a special tribunal made up of an equal number of British and American arbitrators produced a perceptible change in the attitude of the senate in its opposition to the Panama Canal.

Washington, Jan. 7.—Seeking to evolve a new currency system plank to be recommended to congress as a substitute for one proposed by the National Monetary Commission, a sub-committee of the house committee on banking and currency today began a series of public hearings that probably will continue several weeks.

Bankers and financial experts from all parts of the country, have been invited to give their views.
