**WILL BE CALLED KING SQUARE AND THERE WILL BE CHILDREN'S PLAYGROUND AND BASEBALL DIAMOND—Plot South of City Hall Also to Be Improved**

West St. John is not going to be behind in the matter of playgrounds and public squares if Alderman Smith, the representative for Guy's ward and Rev. W. R. Robinson and Rev. W. H. Sampson can help it. For years the citizens on the west side have been urging that something be done to make Courtenay Hill, near the Albert school, a public playground. As it is at present this spot is of no attraction, but with a little work in the right direction it can be made a pleasing playground and public park.

About a year ago Rev. W. R. Robinson and other citizens of the west side, waited upon the alderman in a committee meeting, and urged that steps be taken to have Courtenay Hill, or as it is proposed to call it, King square, converted into a public playground for the children. As a result, a grant of \$300 was made, but no action was taken for some time to carry on the work.

Alderman Smith has fastidiously himself in the project and arrangements have been made for the work of leveling the ground and converting it into a children's playground and baseball park. The city engineer has planned the improvements and work will be commenced next week. It is proposed, in addition to the playground, which will be largely for the benefit of the scholars in the Albert street school, to have benches placed on the hill during the summer months and there residents of Carleton can have a resting place, and at the same time be afforded a splendid view of the city and harbor.

Rev. Mr. Robinson speaking of the project said it was proposed to have the chain gang to the work and he would give his time to supervise the operations. It is desired to have a baseball diamond and football field and a running track. Next summer it is hoped also to have swings and other paraphernalia for the younger children. Mr. Robinson thinks a playground is very much needed, in fact he thinks there should be half a dozen of them in the city, and that there are plenty of vacant lands that could be made suitable for the purpose at very small expense and that appearance of the land would be greatly improved.

Another project for the beautifying of the west side is the formation of a public square on the north side of Carleton City Hall, similar to Tilley square on the north side. At present this portion is low and rough and it will be necessary to build it up considerably. However, Alderman Smith has already had about 150 boxes of refuse dumped there, and he is planning on having about 200 more. When this is done, probably by next spring, he will ask the common council for a grant to carry on the work.

It is proposed to lay the square out with walls, plant trees and have a nice grass lawn. A drinking fountain for the center is also being arranged for. Already the alderman has subscriptions for \$250 toward this object.

**POLICE COURT**

**Stealing Two Boxes of Cigars is Charge Against Boy**

Ernest Peacock, charged with stealing two boxes of cigars, the property of Mrs. Loden, of Lakeswood, on Thursday last, was before Judge Ritchie in the police court this morning. Phyllis Loden, aged 14, said that on Thursday last she rode to the city to purchase the cigars for her mother, who keeps a store at Lakeswood. After making her purchase she tied the parcel on the bicycle, but on the way stopped at Mrs. Kane's on the Westmorland Road, and got some one to take the boxes for her, and came out of the store to find the parcel gone. She said that she met Peacock, and asked him if he had seen any one take the cigars and he said that a small boy, pointing to one about three years old, had taken the boxes. The little boy being paid to his home he admitted that he stole the cigars.

Harry Beckwith, a small boy, said he saw the prisoner with the parcel running away.

Acting Sgt. W. H. Finley said he went to Peacock's home, but the lad denied all knowledge of it. On being pressed, however, he said he could take the witness to the place where the parcel was hidden. A witness who went to the parcel on the Westmorland Road and found it in the cellar. The next story the parcel from another boy, who had stolen it, and placed it in the cellar for safe-keeping. On a second visit being paid to his home he admitted that he stole the cigars.

The matter stands for the present.

Roy McPherson, who was released only yesterday after paying a \$8 fine for drunkenness, was in court again this morning on the same charge, and was fined a like amount. William Brady was fined \$4 and William Foley remanded on drunkenness charges.

There was argument of counsel in the Brundage case. H. H. Pickett for Walsh and Phillips, and Dr. W. B. Wallace for the family of Harry Brundage, the lad who was shot in a shooting booth during the Dominion Fair. Arrangement was made till Saturday next.

Michael Clunan, former caretaker of Reid's castle, and Thomas Sharkey, the present caretaker, were in court as the result of the claim of Sharkey that Clunan had not handed over various utensils for gardening purposes. They were told to try to settle the matter out of court.

**A.O.U. BOY SCOUTS.**

At a meeting in the interest of the A. O. U. cadets last night, plans were discussed for forming the cadets into patrols in connection with the Boy Scouts. It is expected that five patrols of Boy Scouts will be organized among the cadets. Much interest has been shown by the boys in the movement, and it is hoped that details will be drawn up for completing organization along the lines indicated. The winter plans for the cadets were also discussed, and something more definite will be decided upon at the next meeting.

The Every Day Club fair will open Monday evening, when a large orchestra will be present and furnish music. His Worship Mayor Pank will formally open the fair and Magistrate Ritchie will be present and speak. The hall has been decorated.

**LIKELY PROPERTY TRANSFER IS FILED**

**Deed Recorded at Registry Office—Expected Whole Deal Will Be Closed in Few Days**

Likely has been transferred to the big railway corporation. The deed showing the transfer to the C. P. R. was filed in the registry office on Thursday. The price actually paid for the property is not given, the deed, as is customary in such cases, residing in the consideration of \$1, the transfer is made. It is understood that the figure is in the vicinity of \$100,000.

The transfer of the other properties mentioned, have not yet been recorded, though the transfer may have been made. It is probable that the entire deal will be closed within a few days.

In connection with the congress, the following officers will arrive in the city on Monday—Adj. and Mrs. Ritchie, Moncton; Ensign and Mrs. Cavender, Amherst; Ensign and Mrs. Hargrove, Fredericton; Ensign Urquhart, Capt. Dove, Annapolis; Capt. McKervey, Bear River; Capt. Curry and Lieutenant Ellis, Bridgewater; Capt. Robinson, Charlottetown; Capt. Squarbridge, Summerside; Capt. Gray, Chatham; Capt. Veigel and Lieut. **In Order to Have Heat We Must Have Fire And We Want To Be Easy on Fuel**

The fuel question is very essential when you are looking for a stove to heat your home. There are stoves on the market that are good heaters so long as you keep throwing the coal into them. Then there are more modern built stoves that are made to give you the heat besides being very light on fuel. That is the way our Glenwood Oak is built. In the first place we built the Glenwood Oak without flanges. We built it with a hall bearing grate, and like our ranges, it can be removed any time. Then we have a large ring around the top of the fire pot that has three removable nickel rails on it. This throws the heat back to the floor. On the inside of the pot we have a ring with holes in it to consume the gas. As a heater the Glenwood Oak is O. K. Come and see them for yourselves.
