POLICE COURT.

At the afternoon session of the police court yesterday there was further hearing in the liquor charge against Roy Foster. Foster, in his own defence, said that when the liquor inspectors approached him in City Road and found four long necks of whiskey in his possession he had just left his own house and was on his way to deliver it to his mother and another woman, who testified at the last hearing that it was for illness. Foster swore that the liquor was purely for medical purposes as there was sickness in both houses to which he was taking it. The court reserved judgment until today at noon.

How Many Crowns for Your Honor Flag?

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a flag in your hall, that for years to come will show that your city, town or district did better than well—
