

Ladies Borkas and Aid Society.

" FAIRIE,	
MISS MCARTHUR,	<i>Sec'y-Treasurer.</i>

Another year of the benevolent work of this Society has closed, and with feelings of deep gratitude we have to report that its weekly meetings have been well attended, much interest manifested, and a large amount of work done to aid not only poor families and individuals in our own congregation, but also several outside deserving objects requiring help; principally the Industrial Rooms, Hervey Institute, Cote St. Antoine Church, and Protestant Small-Pox Hospital. A committee of the Society took charge of the fortnightly supplies of delicacies for the latter institution, which were generously donated by many members of the congregation.

There were distributed 142 yards of unmade material, such as flannel, wincey, &c., besides boots and rubbers. The work sent to the Industrial Rooms bazaar, was valued at \$176.00, and that sent to the Hervey Institute bazaar, at about \$149.00. As in former years, the Society feels under much obligation to the ladies who kindly undertook the duty of collecting, also to all who responded to their calls by providing the funds for its work.

It is hoped that the interest in the work of the Society will become even more general than it has been; and with God's blessing on our labours and contributions, that still more good may be done in the future than in the past.

"Inasmuch as ye have done it unto one of the least of
these my brethren, ye have done it unto me."

ELIZABETH TASKER,
President.
