The same having been seized and taken to satisfy an execution in favor of Robert Ross against said Edward Lynott, endorsed to levy £43-12-10, besides Sheriff's fees, &c.

THOS. JONES, Sheriff of Charlott. Sheriff's Office, St. Andrews, 31st Dec. 1856.

L. SCOTT & CO. RE-PRINT OF THE BRITISH PERIODICALS AND THE FARMER'S GUIDE. GREAT REDUCTION IN THE PRICE OF THE LATTER PUBLICATION.

L. SCOTT & CO., NEW YORK, continue to publish the following leading British Periodicals viz: LONDON QUARTERLY (Conservative.) EDINBURGH REVIEW (Whig) NORTH-BRITISH REVIEW (Free Church) WESTMINSTER REVIEW (Liberal.) BLACKWOOD'S EDINBURGH MAGAZINE (Tory)

These Periodicals only represent the three great political parties of Great Britain—Whig, Tory, and Radical—but politics form only one feature of their character. As organs of the most profound writers on Science, Literature, Morality, and Religion, they stand, as they ever have stood unrivalled in the world of letters, being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

THE receipt of advance sheets from the British publishers gives additional value to these Reprints, inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions.

TERMS. Per ann For any one of the four Reviews \$3 00 For any two of the four Reviews 5 00 For any three of the four Reviews 7 00 For all four of the Reviews 8 00 For Blackwood's Magazine 3 00 For Blackwood and three Reviews 9 00 For Blackwood and the four Reviews 10 00 Payments to be made in all cases in advance. Money current in the State where issued will be received at par.

POSTAGE. The Publishers will pay the United States postage. N. B. The price in Great Britain of the five Periodicals above named is about \$31 per annum.

THE FARMER'S GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE By HENRY STEPHENS, F. R. S., of Edinburgh, and the late J. P. NORTON, Professor Scientific Agriculture in Lane College, New Haven. 2 vols. Royal Octavo. 1600 pages, and numerous Wood and Steel Engravings. This is, undoubtedly, the most complete work on Agriculture ever published, and in order to give it a wider circulation the publishers have resolved to reduce the price to FIVE DOLLARS FOR THE TWO VOLUMES. When sent by mail (post-paid) to California and Oregon the price will be \$7. To every other part of the Union, and to Canada (post-

paid, 86) of this work is not the old "Book of the Farm." Remittances for any of above publications should always be addressed, post-paid, to the Publishers.

LEONARD SCOTT & CO. No 54 Gold-street, New York.

Scientific American TWELFTH YEAR. One Thousand Dollar Cash Prizes.

The Twelfth Annual Volume of this useful publication commences on the 13th day of September next. The "SCIENTIFIC AMERICAN" is an ILLUSTRATED PERIODICAL, devoted chiefly to the promulgation of information relating to the various Mechanic and Chemist Arts, Industrial Manufactures, Agriculture, Patents, Inventions, Engineering, Millwork, and all interests which the light of PRACTICAL SCIENCE is calculated to advance. Reports of U. S. PATENTS granted, are also published every week, including Official Copies of all the PATENT CLAIMS, together with news and information upon thousands of other subjects. \$1,000, in CASH PRIZES, will be paid on the 1st of January next, for the largest list of subscribers, as follows:—\$200 for the 1st, \$175 for the 2d, \$150 for the 3d, \$125 for the 4th, \$100 for the 5th, \$75 for the 6th, \$50 for the 7th, \$30 for the 8th, \$20 for the 9th, \$10 for the 10th. For all Clubs of 20 and upwards, the subscription price is only \$149. Names can be sent from any Post Office until January 1st, 1857. There are fine chances to secure cash prizes. The "Scientific American" is published every week; every number contains eight large quarto pages, forming annually a complete and splendid volume, illustrated with several hundred Original Engravings. TERMS.—Single Subscriptions, 2 Dollars a year, or 1 Dollar for six months. Five copies for six months, 4 Dollars; for a year, 8 Dollars. Specimen copies sent gratis. Southern, Western and Canada money, or Post Office Stamps, taken at par for subscriptions. Letters should be directed (post paid) to MUNN & CO., 123, Fulton St., New York

Messrs MUNN & CO. are extensively engaged in procuring patents for new inventions, and will advise inventors, without charge, or regard to the novelty of their improvements.

AYER'S CHERRY PECTORAL, FOR THE RAPID CURE OF Colds, Coughs, and Hoarseness.

DR. J. C. AYER, 120 N. W. 1st St., Lowell, Mass. I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a cold, is my Cherry Pectoral. It is constantly used in my practice and my family. It is the best I have ever known. It is a powerful superior remedy for the treatment of these complaints. BEEBEE KNIGHT, M.D.

DR. J. C. AYER, 120 N. W. 1st St., Lowell, Mass. I have used your Cherry Pectoral in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should never pay twenty-five dollars for a bottle that does not do it, or take any other remedy. Croup, Whooping Cough, Influenza.

DR. J. C. AYER, 120 N. W. 1st St., Lowell, Mass. I will cheerfully testify that your Cherry Pectoral has done more for me than any other medicine I have ever used. It is the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a cold, and is constantly used in my practice and my family. It is the best I have ever known. It is a powerful superior remedy for the treatment of these complaints. BEEBEE KNIGHT, M.D.

AYER'S PILLS. FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown what what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is so irritating and irritating to the bowels, that it is not only difficult to get the medicine to the place where it is needed, but that it is better that it should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been especially cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Langour and Loss of Appetite, Biliousness, Irritability, Headache, Dropsy, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Constipation, Piles, Colic, Dyspepsia, Humors, Scrophulousness, Colds with soreness of the body, Clebs and impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Eruptions of the Skin, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor of the system. They are perfectly safe in their operation, and do not produce any of the deleterious effects of other purgatives. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be resorted to, as every purgative medicine reduces the strength, when taken to excess. The thousands of cases in which they have been used, and the thousands of testimonials which they suggest themselves to the reason of every body, and it is confidently believed that this pill will work and cure the blood, and break the lock of disease, hitherto been available to mankind. When their virtues are once known, the public will no longer be content to employ when in need of a cathartic medicine.

Prepared by JAMES C. AYER, Assayer and Practical Chemist, LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$1.

SOLELY BY JAMES MILLIGAN, Proprietor of the above Establishment, gives notice to the Public, that he has entered into Partnership with his Brother under the firm of J. & R. MILLIGAN, and they have added largely to their stock of different Stone and Marble, and are prepared to supply at the shortest notice—Monuments, Headstones, Tombs, Vaulting, Tablets, Marble Floors, and Table Tops, &c. &c. of all designs and patterns, and all kinds of cut one for Building. They also beg to intimate, that they are not under the necessity of importing men from the United States to execute their work, but believe that as good, if not superior work may be found in this City, without sending for foreigners, and thereby throwing our people out of employment. Our motto is—Protection to our own Mechanics.

JAMES MILLIGAN, ROBERT MILLIGAN. We have always on Hand, a great variety of—Finished Monuments, Tombs, and Headstones, of all shapes and the best quality, and sold at lower prices than can be purchased anywhere else in the same style. Also—Grindstones, and Stove Pipe Stones, all sizes, sold cheap.

AYER'S PILLS. A new and singularly successful remedy for the cure of all Bilious diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Inflammation, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and such sickness and suffering might be prevented, if harmless and effectual Cathartics were more freely used. No person can feel well while a cloyive habit of body prevails; besides it soon generates scrofula and other fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Cold, Croup, Bronchitis, and Silicious discharges. They all tend to become chronic, and produce the deep seated and formidable distempers which lead the human race to the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, where they had not been anticipated by persons of such exalted position and character as to forbid the suspicion of truthfulness. Among the eminent gentlemen to whom we are allowed to refer for these facts, are: Prof. VALENTINE MORT, the distinguished Surgeon of New York City. Doct. A. A. HAYES, Practical Chemist of the Port of London, and Geologist for the State of Massachusetts. In L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice. H. C. SUTHERLAND, Esq., one of the first medical men in New York City. C. A. DAVIS, M. D., Surgeon and Surgeon of the United States Marine Hospital, at Chelsea, Mass. Did space permit, we could give many laudatory such names, from all parts where the Pills have been used, but evidence even more convincing than the certainties of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the most and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together such a manner as to insure the best results. The system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is hardened with more or less of acrimonious and injurious qualities; by this, each individual virtue only is that is desired for the curative effect is present. All the inert and obstructive qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a safer, more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the control of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British America. Therefore, if however these should be used by any one who has not received them, they will be promptly forwarded by mail to his address. Of all the Patent Medicines that are offered, how few would be taken if their composition was known; their life consists in their mystery. I have no mystery. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge the superiority of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its efficacy was known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipated success was more than realized by their effects upon trial. They operate by their powerful influence on the internal process to purify the blood and stimulate into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see the wrapper on the Box. Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.
