Interesting Subjects for Discussion at Meeting of Irrigationists.

Vernon, Aug. 4 .- As the work of preparation for the second annual conven-tion of the Western Canada Irrigation Association progresses, indications multiply that the event will be one of the most successful that has ever been held in Western Canada.

Papers and addresses that have been arranged for include "The Laws Relating to the Use of Water for Irrigation," by J. S. Dennis, assistant to Vice-President Whyte of the C. P. R.; "The Grey Canal Irrigation System," by A. N. Ashcroft, C.E., of Coldstream;

FOREST FIRE RAGES ON MOUNT SICKER

Danger of Flames Reaching Townsite—Henry Croft Leaves for Scene.

Sicker. Henry Croft has gone up to-day to look after his interests. There be a first-class road from there to the is some danger that the fire may reach the townsite. centre of the city which should give the townsite.

SAILORS MOLEST LADY,

Ladysmith, Aug. 3.-Two sallers from the Hornelen were charged to-day with place while here, molesting a lady resident of the city on Sunday evening between the Exten sion hotel and the bunkers. The cas was heard in camera, and the defend-ants, who were defended by Mr. Harri-

FOR STIFF NECK AND SORE THROAT.

Immediate relief comes from rubbin of the neck. Because of it's marvelous, penetrating power, Nerviline reaches MORE PAVING TO BE UNDERTAKEN

TO BE LAID AT ONCE

Nanaimo, Aug 4.-The Nanaimo ten- Pipes May Be Borrowed From Those Intended for the New Distribution System.

It is possible that the city may be evenly contested that three sets were able to do a great deal more paving and so much enthusiasm as well as this year than was expected, thanks to good-will was displayed by both the the timely arrival of the pipes for the contesting parties as well as their many friends gathered there that it was pronounced by all to have been the most in connection with the paving of sevpleasant tournament yet taking place eral streets the council decided upon the installation of a salt water system of fire protection, the pipes of which

cluding a quantity of 8 and 12-inch pipes such as is required for the salt water system, as well as smaller sizes, onfirmed by the zoologists of the fish works department for a month or so commission the truth of the story is would not interfere with the progress of the work on the new distribution When the whales were still frequent system for there is a lot of pipe along the lanes of passenger travel other sizes to be laid which can be

The streets on which it was feared beasts hurling their tons of bulk clean that paving work would be interfered out of the waves and after a flight with through the laying of the salt water mains include Broughton from sea with an enormous splash and jets Wharf to Douglas streets, Broad street of foam, a spectacle never failing of in-terest to the ocean tourist but not due to any gleesome sportive disposition on the part of the leviathan of the deep.

Wharf to Douglas streets, Broad streets, from Fort to Broughton streets, and Government street from Fisquard to Johnson streets. In addition there are salt water mains to be laid on Store swerved from the road as the result of broken brakes, and plunged straight down an embankment, causing the death of three women and two children and injuring the other two.

This is the second disastrous accident of its kind near San Francisco within forty-eight hours.

The dead are: Mrs. Ira G. O'Brien, Mrs. Thomas A. McCormick, Miss Clara McCormick, infant son of Mr. and Mrs. Ira G. O'Brien, Jr., aged three years. The injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and Mrs. The McCormick are injured: Miss School McCormick and provided the straight to be laid in them. Nothing in the way of paving will, therefore De done on either of these streets this year. If present plans go ahead, however, the work of laying the salt water mains in the way of paving will, therefore De done or either of these streets this year. If present plans go ahead, however, the work of laying the salt water mains in the way of paving will, therefore De done or either of these streets this year. If present plans go ahead, however, the work of laying the salt water mains in the way of paving will, therefore De done or either of these streets this year. If present plans go ahead, however, the work of laying the salt water mains in the way of paving will, therefore De done or either of these streets this year. If present plans go ahead, however, the work of laying the salt water mains in the way of paving will the carbon the surface of the supplies of the interest the way of paving will the carbon the way of paving will the carbon also to be laid in them. Nothing in the death which is found in the eyester. When it is a crab of about the size of the way of pa

If this work goes ahead it will make ear. Hence in the effort to dislodge the pest the performance which seems Broad street between Johnson and Yates streets has been paved as well as the portion of Fisguard street, between Government and Store streets. Fort street between Government and Wharf streets, and Langley street. DUNCAN AND S. COWICHAN while Government street has been repaved from Humboldt to Johnson streets. Preparations are now Clubs Combine to Hold Handigrading being already done, while Fort street is also to be re-paved between Government and Douglas streets. Matstreet are in statu quo for the time being. It was at first proposed to pave this with wooden blocks similar to those being used on other streets, but thereupon prepared estimates of the The first round of the ladies' singles cost of vitrified brick and wooden block and doubles is to be played on the pavements and also of macadam and south Cowichan courts on the 8th in- tar macadam roadways and the prop-

The council has also declared the decauseway will also be done. This means that next year's council will take office with quite a list of paving works ahead of it, for besides this portion of Belie-ville street, the Causeway and Store and Wharf streets it is quite likely that some of the other work may not be completed. When the paving work which the council now has under consideration has been completed it will mean that practically the entire business section of the city as well as the road from the Belleville street wharf to the heart of the city and most of the way from the outer wharf will be Duncan, Aug. 2.—There is a large paved. The portion of the road to the forest fire raging on the side of Mount outer wharf which will not be paved pression than they can have at present after being bumped along over a rough road from the wharf to whatever hotel they may have chosen as their stopping

BOARDING HOUSE CRIME.

Halifax, N. S., Aug. 5.-News comes from St. Pierre, Miquelon, that on Saturday last a man named Lucien Larrie was robbed and then stabbed to death in his boarding house by three sailors from the French brigantine Marloir. The men
