**NOTRE DAME**

WILL GIVE  
**Special Premiums**  
 To their Customers.

Thanking sincerely our customers and the public for the large encouragement we already received from them, since we are in the Dry Goods business, we benefit of the same occasion to induce you to give us, by a visit at our establishment, an opportunity to show you our enormous stock of new goods.

We solicit a visit, not only from the buyers, but from all other visitors, and you will be greatly surprised by the low price at which we will sell those splendid goods.

Innovating a new selling system, we will remit to all our customers, a card representing a certain amount, and after you have bought and paid for the same value, you will be entitled to take your choice on one of the splendid articles, represented on this page, which will be given away, or some other goods of the same value.
