ius cost \$222 for the trip to Concord

74 miles away.

The train was manned by a picked crew, W. F. Savory, the conductor, being chosen because of his long familiarity with the road and his experience on fast trains. The engine and the two cars left the North station at 9.03 from track 17, and it had not left the yards before the smoke was pouring out in clouds and it was soon exceeding the speed of all the express Boston and Maine crack trains, Mile after mile was passed, the wheels going faster and faster and Lowell, 26 miles distant, was reached in exactly 26 minutes, one of the fastest runs in the history of the roads,

Rogers and Caraquet Railway Cases Held Over Until Next PROGRAM WILL INCLUDE A FIVE MILE RACE

SACKVILLE, N. B., June 10. — The Sackville and Westmorland Agricultural Society has decided to add a five mile running race to the programme for the Dominion Day sports. A handsome cup will be offered as the prize, and is expected that quite a number of the distance runners of the province will be on hand. It is hoped that Stirling, of St. John, and Cameron, of Amherst, will be among those to enter. Entries will close with Edgar Aver Sackville, on Monday, June 21st.

SACKVILLE, June 10—William Boyles and Mrs. Annie Nesbitt were brought from Cookville this morning by Constable George Lawrence and apby Constable George Lawrence and apby Constable George Lawrence and approach to the control of the province will be a mong those to enter. Entries will close with Edgar Aver Sackville, on Monday, June 21st.

In the case of Rogers vs. The King, A. W. MacRae, K. C., moved to have the case go over until the next session of the court. Mr. McAlpine, for the crown, opposed the motion, but His Lordship granted it with costs.

The case of the King vs. Caraquet Railway Co., was referred to Registrar Andette, and therefore will not come up at this session.

The case of Legere vs. The King was then concluded.

Inspector Comeau gave evidence of the condition of the building. This concluded the case and before argument was made, His Lordship suggested that part of the claim might be settled.

## AND STEEL TRADE Improved Conditions Becoming

BANNER YEAR IN IRON

# More Marked

minion Iron and Steel Company Making New Records Daily and Will Have Best Year in Their History.

SYDNEY, N. S., June 10—The present will doubtless be a banner year in the history of the Iron and Steet trade in Canada. Improved conditions that commenced to appear early in the year continue to be even more marked than they were at the outset. At the Dominion Iron and Steet Company plant, Sydney, every department is working to its full capacity and new records in production both as to the quantity produced and the reduced cost of production are being constantyears of experience.

Difficulties with the Dominion Coal Company both in respect to the balance of damages claimed under the decision of privy council and the readjustment of the price of coal in accordance with the terms of the contract of 1903 are in a fair way of being settled satisfactodily. All together there is every indication that the directors of the Steel Co. will be in a position to submit to the shareholders at the annual meeting next week the very best statement from the stockholders point of view in the history of the company.
